## Cat Tales, Kitty Capers And More

*Book Venture Publishing LLC Cat Tales: Kitty Capers and More is a charming and heartwarming collection of stories, artwork, and personal reflections on pets and the positive effects they have on people's lives. The first part of the book contains illustrations by the author and journal entries from a senior citizen named Ruth. Ruth chronicles the arrival of her diverse family of cats that she adopted—or did they adopt her? It all began when a half-starved stray cat came to Ruth's door. Against her better judgment, she fed the cat and fell in love with not a "he" but a very pregnant "she," whom she named Lady. Lady disappeared for a few days, returning with a tiny grey kitten, which she dropped at Ruth's feet. A week later, she brought four more kittens—one day at a time. In Ruth's words, "She must have been testing me to see if I would take good care of her first baby before she trusted me with the rest of her family." The second section, Kitty Capers and More, starts with the many positive effects that pets have on a person's health—both mental and physiological. The author includes compelling statistics such as pet ownership boosting oxytocin and lowering cortisol, which can reduce stress and ease pain. Love is the most important health attribute we have, and pets are one of nature's best sources of love. Edick finishes with accounts of her own pets and those of her family and her friends, accompanied by artwork and photographs that tell the story of how pets have played an important role in her life, the lives of her children, grandchildren, great, and great-great grandchildren. Not just about cats, the book shares stories of special dogs, horses and even a pig named Leadbelly.*

# A Kitten Tale

Dragonfly Books *Four kittens have never seen the snow. The first three kittens are wary--snow is cold, it's wet, it covers everything. This unknown thing called snow is a little bit. . . scary. As the seasons pass and winter begins to loom, the three skittish kittens worry. But the fourth kitten takes a different view. The fourth kitten is getting excited. Snow will cover everything?! "I can't wait!" Caldecott Medal winner Eric Rohmann gives us a charming, gentle story that both respectfully acknowledges a child's fear of the unknown and celebrates the power of a positive outlook. Deceptively simple and quietly profound.*

Charlotte has been searching for Sara's cat, Snow. She hopes the reunion with her pet might make Sara better. Bel is desperate to help find Snow, but the cat is nowhere to be found, and time is running out...

*Rainbow Horizons Publishing Strong language skills are essential to success in school and life. Knowing the elements of language and understanding how they work together greatly enhances all language-based abilities. Grammar Practice Simplified Book A is designed to familiarize students with the basic elements of a sentence. Students learn the difference between a sentence and a fragment, and to distinguish between a telling sentence and an asking sentence. They then proceed to nouns and verbs, with special focus on the verb "be". Finally, students are introduced to capitalization and punctuation in sentences, in names, in titles, and in days and months. Readability has been carefully controlled for younger students, but the approach and design make the book useful for older, language-delayed students or students who speak English as a second language. Answers are provided at the back of the book. Book A is Grades 2-3.*
