KEY=DIARIES - HUDSON TAPIA

The Princess Diaries: Volume 7 and 3/4: Valentine Princess

Harper Collins That is, it usually means those things. But when you're Princess Mia, nothing happens the way it's supposed to. For one thing, Grandmère seems determined to prove that boy (or Michael, as he is commonly known) isn't the right one for the crown princess of Genovia. And Mia isn't having much luck proving otherwise, since Michael has a history of being decidedly against any kind of exploitative commercialization (Valentine's Day, as it is commonly known). Boris can declare his love openly to Lilly, and even Kenny comes through with a paltry Whitman's Sampler. So why can't Michael give in to Cupid and tell Mia he loves her—preferably with something wrapped in red or pink and accompanied by roses—in time to prove he's Mia's true prince?

The Diary of Samuel Pepys, Vol. 11

Index

Univ of California Press Samuel Pepys is as much a paragon of literature as Chaucer and Shakespeare. His Diary is one of the principal sources for many aspects of the history of its period. In spite of its significance, all previous editions were inadequately edited and suffered from a number of omissions—until Robert Latham and William Matthews went back to the 300-year-old original manuscript and deciphered each passage and phrase,

no matter how obscure or indiscreet. The Diary deals with some of the most dramatic events in English history. Pepys witnessed the London Fire, the Great Plague, the Restoration of Charles II, and the Dutch Wars. He was a patron of the arts, having himself composed many delightful songs and participated in the artistic life of London. His flair for gossip and detail reveals a portrait of the times that rivals the most swashbuckling and romantic historical novels. In none of the earlier versions was there a reliable, full text, with commentary and notation with any claim to completeness. This edition, first published in 1970, is the first in which the entire diary is printed with systematic comment. This is the only complete edition available; it is as close to Pepys's original as possible.

Castlereagh

A Life

Oxford University Press, USA "First published in Great Britain in 2011 by Quercus as Castlereagh: Enlightenment, war and tyranny"--T.p. verso.

Wellington: Waterloo and the Fortunes of Peace 1814-1852

Yale University Press The preeminent Wellington biographer presents a fascinating reassessment of the Duke's most famous victory and his political career after Waterloo. The Duke of Wellington's momentous victory over Napoleon at the Battle of Waterloo was the culminating point of a brilliant military career. Yet Wellington's achievements were far from over. He commanded the allied army of occupation in France to the end of 1818, returned home to a seat in Lord Liverpool's cabinet, and became prime minister in 1828. He later served as a senior minister in Robert Peel's government and remained Commander-in-Chief of the Army for a decade until his death in 1852. In this richly detailed work, the second and concluding volume of Rory Muir's definitive biography, the author offers a substantial reassessment of Wellington's significance as a politician and a nuanced view of the private man behind the legendary hero. Muir presents new insights into Wellington's determination to keep peace at home and abroad, achieved by maintaining good relations with the Continental powers, resisting radical agitation, and granting political equality to the Catholics in Ireland. Countering one-dimensional image of Wellington as a national hero, Muir paints a nuanced portrait of a man whose austere public demeanor belied his entertaining, gossipy, generous, and unpretentious private self.

Notes and Queries

The Princess Present: A Princess Diaries Book

Harper Collins Mia would give all the jewels in Genovia for the perfect present Every year, Princess Mia spends the holidays in Genovia with Grandmère. This year, she's looking forward to the most perfect Christmas ever: her boyfriend, Michael, and her best friend, Lilly, are coming to Genovia, too. But even a princess's plans can go awry. Lilly has a lot to learn about palace protocol, and with all the state holiday functions Mia must attend, there's no time to linger under the mistletoe with Michael. Worst of all, Mia hasn't been able to find him the perfect gift. Can Mia stop her (bah-hum)bugging long enough to see that the perfect present has nothing to do with international express courier -- and everything to do with real love? (Though some shiny silver ribbon never hurts ...)

Kaiser Wilhelm II New Interpretations

The Corfu Papers

Cambridge University Press As assessment of the Kaiser's character and its implications on Imperial German history.

The Young Victoria

Yale University Press A vivid portrait of Queen Victoria's childhood, offering new insights into one of the most celebrated, but often misunderstood, monarchs in British history, 200 years after her birth This beautiful, extensively researched volume investigates the birth and early life of one of the most familiar British monarchs, Queen Victoria (1819-1901). A wealth of material, including many unexamined sources and unpublished images, sheds new light on Victoria's youth. Included here are portraits of the queen as princess, childhood diaries and sketchbooks, clothing, jewelery, and correspondence. Deirdre Murphy paints a vivid picture of Victoria's early years. Among her most surprising conclusions is the idea that the queen's personal mythology of a childhood characterized by sadness and isolation is less accurate than is generally thought. Victoria's personal relationships are brought brilliantly to life, from her affectionate but increasingly suffocating bond with her mother, the Duchess of Kent, to the controlling influence of Sir John Conroy, a man she came to despise, and her courtship with Prince Albert. Lesser-known figures are also explored, including Victoria's first schoolmaster the Reverend George Davys, her governess Louise Lehzen, and her half-sister Feodora. This fascinating cast of characters enhances our image of Victoria, who emerges as both willful and submissive, fickle and affectionate, and with the explosive temper of her Hanoverian ancestors.

The Pasha

How Mehemet Ali Defied the West, 1839-1841

McFarland "In 1811, Mehemet Ali Pasha, governor of Egypt, gained control of that country by a massacre of the Mamluks. This book shines a light on the great international crisis of 1839-1841, precipitated by the Pasha when his army threatened to shatter the Ottoman Empire, tempting the European Powers to fight each other over control of the pieces"--Provided by publisher.

A Classical Tour Through Italy

General Record of British and Foreign Literature

Young Wilhelm

The Kaiser's Early Life, 1859-1888

Cambridge University Press This rich and compelling volume, translated from the German edition, describes the life of Kaiser Wilhelm II from his birth in 1859 to his accession in 1888. Its aim is to allow the characters on the stage to speak for themselves, in letters and diaries of quite extraordinary clarity and persuasive power. The central theme is the bitter conflict between the handicapped Prince and his liberal parents, especially his mother, Queen Victoria's eldest child "Vicky."

Children's Books in Print

The Bookseller

The Magazine of Domestic Economy

The Athenæum

A Journal of Literature, Science, the Fine Arts, Music, and the Drama

The Stuart Princesses

A. Sutton "Mary and Anne, the daughters of James II and his first wife, Anne Hyde, were prudently raised as Protestants by their uncle Charles. Mary shed bitter tears when first presented with her cousin and future husband, William of Orange, but soon fell deeply in love and together the couple ruled England after the Glorious Revolution of 1688. Anne, the last Stuart monarch, married George of Denmark but, like her sister, failed to produce an heir, thus leaving the way open for the Winter Queen's German grandson." "This book describes how the lives of these aunts and nieces, sisters and cousins were interwoven with the fortunes and misfortunes of their fathers and brothers, sons and husbands. Set against a background of war, intrigue and high politics, these are stories of tragedy and conflict, intimate domestic drama, romance and adventure. Illustrated with a selection of black and white contemporary pictures, and fully annotated with notes and bibliography, the book will appeal not only to historians of the period, but to anyone interested in the turbulent world of seventeenth-century Europe."--BOOK JACKET.

The History of Ireland. 3 (1846)

Imperial Vancouver Island

Who Was Who, 1850-1950

Xlibris Corporation "During the century 1850-1950 Vancouver Island attracted Imperial officers and other Imperials from India, the British Isles, and elsewhere in the Empire. Victoria was the main British port on the north-west Pacific Coast for forty years before the city of Vancouver was founded in 1886 to be the coastal terminus of the Canadian Pacific Railway. These two coastal cities were historically and geographically different. The Island joined Canada in 1871 and thirty-five years later the Royal Navy withdrew from Esquimalt, but Island communities did not lose their Imperial character until the 1950s."--P. [4] of cover.

Late Georgian and Regency

England, 1760-1837

Cambridge University Press A guide to historical literature on England between 1760 and 1837, emphasising more recent work.

The Journal of Education

Kierkegaard's Journals and Notebooks, Volume 1

Journals AA-DD

Princeton University Press I would like to write a novel in which the main character would be a man who got a pair of glasses, one lens of which reduced images as powerfully as an oxyhydrogen microscope, and the other of which magnified on the same scale, so that he perceived everything relatively. ? A flight of fancy by an aspiring science fiction writer? While it may sound as such, this wistful musing is one of the little-discussed personal reflections of nineteenth-century philosopher Søren Kierkegaard, whose remarkable journals and notebooks, unpublished during his lifetime, are presented here. The first of an eleven-volume series produced by Copenhagen's Søren Kierkegaard Research Centre, this volume is the first English translation and commentary of Kierkegaard's journals based on up-to-date scholarship. It offers new insight into Kierkegaard's inner life. In addition to early drafts of his published works, the journals contain his thoughts on current events and philosophical and theological matters, notes on books he was reading, miscellaneous jottings, and ideas for future literary projects. Kierkegaard wrote his journals in a two-column format, one for his initial entries and the second for the marginal comments he added later. The new edition of the journals reproduces this format and contains photographs of original manuscript pages, as well as extensive scholarly commentary. Translated by leading experts on Kierkegaard, Journals and Notebooks will become the benchmark for all future Kierkegaard scholarship.
