The first section investigates the roles traditionally assigned to medieval women (as virgins, widows, and wives); it also considers female childhood and relations between women. The second section explores social spaces, including textuality itself: for every surviving medieval manuscript bespeaks collaborative effort. It considers women as authors, as anchoresses 'dead to the world', and as preachers and teachers in the world staking claims to authority without entering a pulpit. The final section considers the lives and writings of remarkable women, including Marie de France, Heloise, Joan of Arc, Julian of Norwich, Margery Kempe, and female lyricists and romancers whose names are lost, but whose texts survive. The Novel Map Space and Subjectivity in Nineteenth-Century French Fiction Northwestern University Press Revised and expanded version of the author's dissertation--Harvard, 2005, under the title: Novel selves: mapping the subject in Stendhal, Nerval and Proust. Djinn "A haunting, disorienting, brilliantly constructed novel, Djinn is the story of a young man who joins a clandestine organization under the command of an alluring, androgynous American girl, Djinn. Having agreed to wear dark glasses and carry a cane like a blind man, he comes to realize, through bizarre encounters, recurring visual images, and fractured time sequences he experiences as part of his undisclosed mission, that he is, in a sense, helplessly blind. His search for the meaning of his mission and for possible clues to the identity of the mysterious Djinn, becomes a quest for his own identity in an ever-shifting time-space continuum. His growing obsession with solving the mystery becomes the reader's own until, through a surprising shift in narrative perspective, the reader too becomes lost in the dimension between past and future." -- Publisher's description Édith Piaf A Cultural History Liverpool University Press The world-

famous French singer Édith Piaf (1915-63) was never just a singer. This book suggests new ways of understanding her, her myth and her meanings over time at home and abroad, by proposing the notion of an 'imagined' Piaf. The French Revolution in Global Perspective Cornell University Press Situating the French Revolution in the context of early modern globalization for the first time, this book offers a new approach to understanding its international origins and worldwide effects. A distinguished group of contributors shows that the political culture of the Revolution emerged out of a long history of global commerce, imperial competition, and the movement of people and ideas in places as far flung as India, Egypt, Guiana, and the Caribbean. This international approach helps to explain how the Revolution fused immense idealism with territorial ambition and combined the drive for human rights with various forms of exclusion. The essays examine topics including the role of smuggling and free trade in the origins of the French Revolution, the entwined nature of feminism and abolitionism, and the influence of the French revolutionary wars on the shape of American empire. The French Revolution in Global Perspective illuminates the dense connections among the cultural, social, and economic aspects of the French Revolution, revealing how new political forms—at once democratic and imperial, anticolonial and centralizing—were generated in and through continual transnational exchanges and dialogues. The Illustrated London News Painted Love Prostitution in French Art of the Impressionist Era Getty Publications In this engrossing book, Hollis Clayson provides the first description and analysis of French artistic interest in women prostitutes, examining how the subject was treated in the art of the 1870s and 1880s by such avant-garde painters as Cézanne, Degas, Manet, and Renoir, as well as by the academic and low-brow painters who were their contemporaries. Clayson not only illuminates the imagery of prostitution—with its contradictory connotations of disgust and fascination—but also tackles the issues and problems relevant to women and men in a patriarchal society. She discusses the conspicuous sexual commerce during this era and the resulting public panic about the deterioration of social life and civilized mores. She describes the system that evolved out of regulating prostitutes and the subsequent rise of clandestine prostitutes who escaped police regulation and who were condemned both for blurring social boundaries and for spreading sexual licentiousness among their moral and social superiors. Clayson argues that the subject of covert prostitution was especially attractive to vanguard painters because it exemplified the commercialization and the ambiguity of modern life. The New Paris The People, Places & Ideas Fueling a Movement Abrams "[Tramuta] draws back the curtain on the city's hipper, more happening side—as obsessed with coffee, creativity, and brunch as Brooklyn or Berlin." —My Little Paris The city long-adored for its medieval beauty, old-timey brasseries, and corner cafés has even more to offer today. In the last few years, a flood of new ideas and creative locals has infused a once-static, traditional city with a new open-minded sensibility and energy. Journalist Lindsey Tramuta offers detailed insight into the rapidly evolving worlds of food, wine, pastry, coffee, beer, fashion, and design in the delightful city of Paris. Tramuta puts the spotlight on the new trends and people that are making France's capital a more whimsical, creative, vibrant, and curious place to explore than its classical reputation might suggest. With hundreds of striking photographs that capture this fresh, animated spirit—and a curated directory of Tramuta's favorite places to eat, drink, stay, and shop—The New Paris shows us the storied City of Light as never before. "The author's vibrant and precise command of English frames this lively collection of insights about cultural change and stories regarding multiple chefs and merchants." —Forbes "As the culinary scene in Paris evolves, a new palate of flavors and styles of eating have emerged, redefining what is 'French cuisine.' The New Paris documents these changes through the lens of bakers, coffee roasters, ice cream makers, chefs, and even food truck owners. A thoughtful, and delicious, look at how Paris continues to delight and excite the palates of visitors and locals." —David Lebovitz, author of My Paris Kitchen Legacies of slavery a resource book for managers of sites and itineraries of memory UNESCO Publishing Open Veins of Latin America Five Centuries of the Pillage of a Continent NYU Press [In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Stigmata Escaping Texts Routledge Hélène Cixous -- author, playwright and French feminist theorist -- is a key figure in twentieth-century literary theory. Stigmata brings together her most recent essays for the first time. Acclaimed for her intricate and challenging writing style, Cixous presents a collection of texts that get away -- escaping the reader, the writers, the book. Cixous's writing pursues authors such as Stendhal, Joyce, Derrida, and Rembrandt, da Vinci, Picasso -- works that share an elusive movement in spite of striking differences. Along the way these essays explore a broad range of poetico-philosophical questions that have become characteristic of Cixous' work: * love's labours lost and found * feminine hours * autobiographies of writing * the prehistory of the work of art Stigmata goes beyond theory, becoming an extraordinary writer's testimony to our lives and times. The Myth of the Savage and the Beginnings of French Colonialism in the Americas University of Alberta Press A classic study of early contact between European explorers and North American natives. When the two cultures met in the fifteenth century, it meant great upheavals for the Amerindians, but strengthened the Europeans' move toward nation-states and capitalism. The Social Life of Coffee The Emergence of the British Coffeehouse Yale University Press What induced the British to adopt foreign coffee-drinking customs in the seventeenth century? Why did an entirely new social institution, the coffeehouse, emerge as the primary place for consumption of this new drink? In this lively book, Brian Cowan locates the answers to these questions in the particularly British combination of curiosity, commerce, and civil society. Cowan provides the definitive account of the origins of coffee drinking and coffeehouse society, and in so doing he reshapes our understanding of the commercial and consumer revolutions in Britain during the long Stuart century. Britain's virtuosi, gentlemanly patrons of the arts and sciences, were profoundly interested in things strange and exotic. Cowan explores how such virtuosi spurred initial consumer interest in coffee and invented the social template for the first coffeehouses. As the coffeehouse evolved, rising to take a central role in British commercial and civil society, the virtuosi were also transformed by their own invention. A Gentleman in Moscow A Novel Penguin The mega-bestseller with more than 2 million readers, soon to be a Showtime/Paramount series starring Ewan McGregor as Count Alexander Rostov From the #1 New York Times-bestselling author of The Lincoln Highway and Rules of Civility, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most

tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose. The French Revolution A History The Order of the Golden Tree The Gift-giving Objectives of Duke Philip the Bold of Burgundy Brepols Pub This book explores the policy objectives underlying the gift of this Order, to sixty men, on January 1 1403. Drawing primarily on Philip's household accounts, it undertakes complementary iconographical and prosopographical analyses (of the Order insignia's form, materials, design and motto; and of distinguishing common features among its recipients), refined by reference to his policy concerns around the occasion of its bestowal, to test seven hypotheses. The evidence from the analyses enables six of these (that it was purely decorative; a courtly conceit; crusade-related; a military chivalric order; a livery badge; or a military alliance) progressively to be discarded, pointing strongly to the seventh, that the Order was a specific policy alliance, designed in fashionable form, to obscure its politically sensitive purpose. The nature of that purpose then permits a revision of Philip's role in history, particularly in relation to the creation of an independent Burgundian state, and the use of a co-ordinated propaganda campaign of slogan, badge, and supporting literature, to legitimise and popularise his plans. The analytical approach also offers insights into the significance of decorative, material gift-giving; the identification of networks; Christine de Pisan's earlier political writings, and the origins of the Order of the Golden Fleece. Carol Chattaway is Honorary Research Assistant at the Royal College of Art and University College, London University. She researches on the political significance of material objects at the Burgundian Court, in the later middle ages. The Edinburgh Course in Applied Linguistics The Anatomy of Fascism Penguin UK Fascism was the major political invention of the twentieth century and the source of much of its pain. How can we try to comprehend its allure and its horror? Is it a philosophy, a movement, an aesthetic experience? What makes states and nations become fascist? Acclaimed historian Robert O. Paxton shows that in order to understand fascism we must look at it in action - at what it did, as much as what it said it was about. He explores its falsehoods and common threads; the social and political base that allowed it to prosper; its leaders and internal struggles; how it manifested itself differently in each country - France, Britain, the low countries, Eastern Europe, even Latin America as well as Italy and Germany; how fascists viewed the Holocaust; and, finally, whether fascism is still possible in today's world. Offering a bold new interpretation of the fascist phenomenon, this groundbreaking book will overturn our understanding of twentieth-century history. Left Bank Art, Passion, and the Rebirth of Paris, 1940-50 Henry Holt and Company An incandescent group portrait of the midcentury artists and thinkers whose lives, loves, collaborations, and passions were forged against the wartime destruction and postwar rebirth of Paris In this fascinating tour of a celebrated city during one of its most trying, significant, and ultimately triumphant eras, Agnes Poirier unspools the stories of the poets, writers, painters, and philosophers whose lives collided to extraordinary effect between 1940 and 1950. She gives us the human drama behind some of the most celebrated works of the 20th century, from Richard Wright's Native Son, Simone de Beauvoir's The Second Sex, and James Baldwin's Giovanni's Room to Samuel Beckett's Waiting for Godot and Saul Bellow's Augie March, along with the origin stories of now legendary movements, from Existentialism to the Theatre of the Absurd, New Journalism, bebop, and French feminism. We follow Arthur Koestler and Norman Mailer as young men, peek inside Picasso's studio, and trail the twists of Camus's Sartre's, and Beauvoir's epic love stories. We witness the births and deaths of newspapers and literary journals and peer through keyholes to see the first kisses and last nights of many ill-advised bedfellows. At every turn, Poirier deftly hones in on the most compelling and colorful history, without undermining the crucial significance of the era. She brings to life the flawed, visionary Parisians who fell in love and out of it, who infuriated and inspired one another, all while reconfiguring the world's political, intellectual, and creative landscapes. With its balance of clear-eyed historical narrative and irresistible anecdotal charm, Left Bank transports readers to a Paris teeming with passion, drama, and life. Galignani's Messenger The Spirit of the English Journals. 1827,1 Global Trends 2030 Alternative Worlds : a Publication of the National Intelligence Council U.S. Government Printing Office This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous Global Trends reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of Global Trends 2030. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report. Techniques in Applied Linguistics Salvator Rosa in French Literature From the Bizarre to the Sublime University Press of Kentucky " Salvator Rosa (1615-1673) was a colorful and controversial Italian painter, talented musician, a notable comic actor, a prolific correspondent, and a successful satirist and poet. His paintings, especially his rugged landscapes and their evocation of the sublime, appealed to Romantic writers, and his work was highly influential on several generations of European writers. James S. Patty analyzes Rosa's tremendous influence on French writers, chiefly those of the nineteenth century, such as Stendhal, Honoré de Balzac, Victor Hugo, George Sand, and Théophile Gautier. Arranged in chronological order, with numerous quotations from French fiction, poetry, drama, art criticism, art history, literary history, and reference works, Salvator Rosa in French Literature forms a narrative account of the reception of Rosa's life and work in the world of French letters. James S.

Patty, professor emeritus of French at Vanderbilt University, is the author of Dürer in French Letters . He lives in Nashville, Tennessee.
