IELTS Speaking

A Comprehensive Guide

Everything you need to know about IELTS Speaking in one book! What exactly do you have to do to get a particular band score? Which easy-to-learn words and phrases can improve your score quickly? What should you include in your answers to impress the examiner? Which aspects of grammar or pronunciation should you focus on? Anyone aiming for band 6 or higher in IELTS Speaking needs targeted practise and easy-to-follow explanations. This book - the result of years of IELTS examination experience - provides the most up-to-date information and an extensive bank of topics and questions with suggestions on how to create impressive answers that demonstrate to the examiner that your English is of a high standard. Having taught IELTS preparation courses in China for twelve years and having extensive experience as an IELTS examiner, I have become familiar with the main problems students from different cultural backgrounds face when getting ready to take the test. This book aims to help students deal with these problems. The first part of the book gives an overview of the speaking test and its requirements in terms of the test criteria. This section also includes information on the use of grammar and various parts of speech. The second part of the book provides topics for the three parts of the test with questions and suggestions for active practice. These topics and questions are based on actual topics and questions that appear in the IELTS Speaking Module. So how is this book different - and better - than other books on the market? First of all, it takes the user through the test and through the test criteria in greater detail than other books. It looks at problems that candidates actually have during the test. Furthermore, it provides candidates with various structured ways to create their own original answers. For each topic, for each part of the test, there are questions followed by suggestions for answer development. Of course, these suggestions are not the only ways to answer the questions, but they provide starting points for candidates who are having difficulty finding ideas. Students should, of course, aim to supplement them with others that they have learnt during their English studies.

This book has been put together to guide IELTS students on how to best answer the writing questions. Along with sample answers, which the author has written herself, the book also shares important tips for helping you succeed! Writing Task 2 is designed to test your ability to write an academic style essay. You must present the information in your own words as complete sentences within paragraphs. You are required to write over 250 words, and the task should be completed in about 40 minutes (both part 1 and 2 must be finished in 1 hour). Types of Topics There are many different topics for essays in the exam, but typical topic areas include: education, crime, media, technology, social issues, technology and the future, and the environment. In this case it makes sense to build up vocabulary in these key areas in order to have sufficient language to write an essay well. Types of Questions There are three main types of essay questions that are included in the IELTS writing exam. It is important to learn how to structure each of these types. Each of these will be described more fully in the sections that follow. Briefly, they are an opinion essay, where you are asked to give your own personal opinion on a topic; a both sides and opinion essay, where you are required to discuss both sides of an argument and then give your own personal opinion on the topic; and a two question essay, which involves responding to two different questions.
