## **BOLLYWOOD AND GLOBALIZATION**

---

### **THE GLOBAL POWER OF POPULAR HINDI CINEMA**

---

*Routledge* The field of Bollywood studies has remained predominantly critical, theoretical and historical in focus. This book brings together qualitative and quantitative approaches to tackle empirical questions focusing on the relationship between soft power, hybridity, cinematic texts, and audiences. Adopting a critical-transcultural framework that examines the complex power relations that are manifested through globalized production and consumption practices, the book approaches the study of popular Hindi cinema from three broad perspectives: transcultural production contexts, content trends, and audiences. It firstly outlines the theoretical issues relevant to the spread of popular Indian cinema and emergence of India's growing soft power. The book goes on to report on a series of quantitative studies that examine the patterns of geographical, cultural, political, infrastructural, and artistic power dynamics at work within the highest-grossing popular Hindi films over a 61-year period since independence. Finally, an additional set of studies are presented that quantitatively examine Indian and North American audience consumption practices. The book illuminates issues related to the actualization and maintenance of cinematic soft power dynamics, highlighting Bollywood's increasing integration into and subsumption by globalized practices that are fundamentally altering India's cinematic landscape and, thus, its unique soft power potential. It is of interest to academics working in Film Studies, Globalisation Studies, and International Relations.

### FILM QUIZ BOOK

---

*Prabhat Prakashan* Generally, it is observed that after politics, subject matter and photographs related to films occupy maximum space in newspapers, magazines\* and journals. It is seen, in practice, that almost everyone has an interest in films; he or she may be a seven-year-old school-going child or a seventy-year-old retired man or a working woman. In spite of their interest, they have very limited knowledge about various issues related to films. A book providing authentic and interesting information on this subject with detailed research is hardly available in the market. To bridge this gap, the present film quiz book has been published. Apart from providing relevant information about various historical events regarding films, 1000 facts about celebrities related to this field such as producers, directors, lyricists, singers, music directors, actors, actresses, and many others have been highlighted in the book in a comprehensive, orderly and attractive way.

### **A HISTORY OF AMERICAN MOVIES**

---

---

#### **A FILM-BY-FILM LOOK AT THE ART, CRAFT, AND BUSINESS OF CINEMA**

---

*Scarecrow Press* In **A History of American Movies: A Film-by-Film Look at the Art, Craft and Business of Cinema**, Paul Monaco provides a survey of the narrative feature film from the 1920s to the present. The book focuses on 170 of the most highly regarded and recognized feature films selected by the Hollywood establishment: each Oscar winner for Best Picture, as well as those voted the greatest by members of the American Film Institute. By focusing on a select group of films that represent the epitome of these collaborations, Monaco provides an essential history of one of the modern world's most complex and successful cultural institutions: Hollywood. Divided into three sections, "Classic Hollywood, 1927-1948," "Hollywood In Transition, 1949-1974," and "The New Hollywood, 1975 To The Present," Monaco examines some of the most memorable works in cinematic history, including *The General*, *Wings*, *Bringing Up Baby*, *Gone with the Wind*, *Citizen Kane*, *Casablanca*, *On the Waterfront*, *The Searchers*, *Psycho*, *West Side Story*, *The Godfather*, *Cabaret*, *Raging Bull*, *Rain Man*, *Toy Story*, and *Saving Private Ryan*. This is the only book that thoroughly treats Hollywood—and the most significant movies that it has made—simultaneously as the coming together of an art, a craft, and a business. This approach provides unique insight into the workings of one of the most accomplished and successful art forms in

human history: the Hollywood feature film.

## SLUMS ON SCREEN

---

### WORLD CINEMA AND THE PLANET OF SLUMS

---

*Edinburgh University Press* Near to one billion people call slums their home, making it a reasonable claim to describe our world as a 'planet of slums.' But how has this hard and unyielding way of life been depicted on screen? How have filmmakers engaged historically and across the globe with the social conditions of what is often perceived as the world's most miserable habitats? Combining approaches from cultural, globalisation and film studies, Igor Krstic outlines a transnational history of films that either document or fictionalise the favelas, shantytowns, barrios populares or chawls of our 'planet of slums', exploring the way accelerated urbanisation has intersected with an increasingly interconnected global film culture. From Jacob Riis' *How The Other Half Lives* (1890) to Danny Boyle's *Slumdog Millionaire* (2008), the volume provides a number of close readings of films from different historical periods and regions to outline how contemporary film and media practices relate to their past predecessors, demonstrating the way various filmmakers, both north and south of the equator, have repeatedly grappled with, rejected or continuously modified documentary and realist modes to convey life in our 'planet of slums'.

### SALMAN RUSHDIE IN THE CULTURAL MARKETPLACE

---

*Routledge* Taking up the roles that Salman Rushdie himself has assumed as a cultural broker, gatekeeper, and mediator in various spheres of public production, Ana Cristina Mendes situates his work in terms of the contemporary production, circulation, and consumption of postcolonial texts within the workings of the cultural industries. Mendes pays particular attention to Rushdie as a public performer across various creative platforms, not only as a novelist and short story writer, but also as a public intellectual, reviewer, and film critic. Mendes argues that how a postcolonial author becomes personally and professionally enmeshed in the dealings of the cultural industries is of particular relevance at a time when the market is strictly regulated by a few multinational corporations. She contends that marginality should not be construed exclusively as a basis for understanding Rushdie's work, since a critical grounding in marginality will predictably involve a reproduction of the traditional postcolonial binaries of oppressor/oppressed and colonizer/colonized that the writer subverts. Rather, she seeks to expand existing interpretations of Rushdie's work, itineraries, and frameworks in order to take into account the actual conditions of postcolonial cultural production and circulation within a marketplace that is global in both orientation and effects.

### THE HINDI MUSIC JUKEBOX

---

---

#### EXPLORING UNFORGETTABLE SONGS

---

---

*Notion Press* This Indian film music book is a collection of eighty essays about the people who made remarkable music in Bollywood cinema, especially during the great era, and the ideas such people brought to the recording studios. When songs had to go without rhythms or when melodies had plenty of Q n A in them. In this music book, we flirt with Rock n Roll and scan songs that speed up at the end, we peep behind the screen to see what the idea was behind chorus songs in our films - even if there was no one to sing that chorus on the screen; it's a huge list. These pages are a reflection of the time when everyone was fired up in their art, and when no one wanted to finish last in the race. It is about artists who every now and then dreamt ideas, and only after crystallizing things perfectly in their mind's eye, went out to translate and transform their dreams into unforgettable melodies in Indian movies. Jukebox will interest the layman as well as the academician.

### **HANDBOOK OF RESEARCH ON CONNECTING PHILOSOPHY, MEDIA, AND DEVELOPMENT IN DEVELOPING COUNTRIES**

---

*IGI Global* Developing nations have been experimenting with different models and theories in their quest for development for decades but are missing some critical elements when mirrored or judged via a Westernized lens. In order for these countries to successfully establish their identity and address issues that have held them back in the past, further study on the use of media and philosophy in correlation with development must be conducted. The Handbook of Research on Connecting Philosophy, Media, and Development in Developing Countries examines how media can be utilized to bridge the gap between the past and the future for developing countries and drive sustainable development. The book also seeks to reimagine development within developing regions through the prism of their unique cultures, religions, media, and philosophies so they can take hold of their identity and portrayals within the international arena. Covering topics such as human development, new media, language, and culture, this major reference work is ideal for government officials, policymakers, scholars, researchers, academicians, practitioners, instructors, and students.
