THE ULTIMATE GUIDE TO FINDING, HIRING, AND WORKING WITH VIRTUAL ASSISTANTS

CreateSpace Are You Running Your Business or is Your Business Running You? Virtual Assistant Assistant is the book for entrepreneurs who are looking for a way to take their business to the next level. If you've ever caught yourself thinking there just aren't enough hours in the day, there is a solution. And it won't make you go broke, either. Virtual assistants are essentially telecommuting contractors to your business. This book tells you everything you need to know about virtual assistants, including: Where to find the best ones How to hire them Best practices for working with them on an ongoing basis It's written from firsthand experience, NOT theoretical or academic fluff. You'll learn how a talented virtual assistant can help save you time, money, and headache. Take control of your entrepreneurial life and learn how to effectively outsource your non-essential tasks. You'll free up hours every day to focus on what's really important. In the end, virtual assistants can help you lead a happier, healthier, and more productive and stress-free life. It's possible (and I would argue essential) to unload many aspects of your day-to-day work, leaving you free to tackle the higher-level, strategic, and money-making projects that often get neglected. Time is Our Most Valuable Resource But it's also the resource we are quickest to waste. With this book, you may not achieve the 4 Hour Work Week right away, but you'll get actionable advice on how to get started with outsourcing. The world's most successful people didn't get there alone; they all had help along the way. What are you waiting for? Hit the Buy Now button and get started today.

GREAT JOBS FOR EVERYONE 50 +, UPDATED EDITION

FINDING WORK THAT KEEPS YOU HAPPY AND HEALTHY...AND PAYS THE BILLS

John Wiley & Sons Revised and updated edition of the author's Great jobs for everyone 50+, c2012.

GETTING STARTED IN REAL ESTATE DAY TRADING

PROVEN TECHNIQUES FOR BUYING AND SELLING HOUSES THE SAME DAY USING THE INTERNET!

John Wiley & Sons Real estate day trading is using the Internet to buy and sell houses without leaving home. In many cases, the investor closes on a house and resells it the same day. Readers will learn the author's system for how to buy and sell 5-10 houses a month in today's market, using the Internet, phone, fax, and email to analyze, research, and find the properties, buyers, and others needed for the transaction. Author Larry Goins has personally done deals in nine different states and has students in the US, Canada, Australia, New Zealand, Japan, China, Israel, the Philippines, and Denmark. Day trading can be used for wholesaling properties to other investors, retailing, lease options, short sales, foreclosure investing, etc. The basic steps are: Search online for potential properties to make offers on, using specific techniques for finding the right ones. Once an offer is accepted, usually within 1-2 weeks, put it on paper using clauses included in the book, and get the property inspected by a rehab contractor to get a free estimate of how much the repairs will cost. This is done by finding reputable contractors online and through referrals from realtors and through autoresponders. Order an appraisal. Sell it fast! Using the buyers list you have built on the internet through email marketing groups, social networking sites, blogs, free classified sites, bank-owned property sites, and more, send an email with the details of the property and instructions on how they can get the property under contract. Usually within two hours several potential buyers will reply. Set up a closing to buy it and to sell it on the same day; closings are about 30 minutes apart. By it at 10:00 and sell it at 10:30, for example. There are many ways to fund and close on the property. The book will contain step-by-step, easy processes for assignments, options, flex options, simultaneous closings, using hard money, private money, cash partners, and credit partners, none of which will require an investor's own cash or credit. With praise from New York Times Bestselling Author Dr. Albert Lowery, Robert Shemin, Frank McKinney and foreword by Michael E. Gerber. Larry Goins (Lake Wylie, SC; www.larrygoins.com) is one of the real estate industry's most popular speakers. He buys and sells 5-15 houses a month all over the US, in today's difficult market, from the comfort of his office. Larry speaks live an average of twice a week and holds two to three teleconferences a week. He is licensed as a mortgage lender, mortgage broker, real estate broker, and general contractor in North and South Carolina. Larry served as President (2003 & 2004) of the Metrolina Real Estate Investors Association in Charlotte, NC, a not-for-profit organization that has over 350 members (it is also the local chapter of the National Real Estate Investors Association). He has been investing in real estate for over 20 years.

\$15,000/MONTH BEGINNERS GUIDE TO BUILD AN SUCCESSFUL ONLINE E-COMMERCE BUSINESS, AMAZON FBA, AFFILIATE MARKETING, DROPSHIPPING AND MORE

Michael Cruz Amazon FBA Selling Guide What was one of the first things you wanted to sell when you were a kid? Did you have a lemonade stand that went bust after two weeks, or did you sell baseball bats at little league games? Whatever kickstarted your selling career shows the true determination of a natural-born seller that was meant to take advantage of one of the world's greatest merchandise companies: Amazon. Amazon has been around for over 25 years, and it only continues to build momentum. Once marketed as only an online bookstore, it was unclear if the company would survive the next few years against such large alternatives such as Barnes & Noble. The company was completely internet-based, which many thought would be the end of the website, but it only became more popular with the addition of new products such as music and clothes. Some may not realize that the company that started off as an internet-based store for books was one of the first platforms to encourage outside sales. Originally called zShops, people could market original work or hard-to-find items. The idea exploded as more than half a million people purchased something on Amazon by 2000. Jeff Bezos was dubbed the king of e-commerce in 2001, just seven years after Amazon's launch. From its birth until now, Amazon has acquired 40 companies, but its major commerce is now in its third-party marketers. Outside sellers make up more than 50% of Amazon commerce today, and that number is only growing over the years. Online shopping has become the norm, and Amazon is leading the way in sales, accumulating billions of dollars every year, and its third-party sellers are riding the train to financial freedom. Amazon FBA was officially launched in 2006, so it is far from the newest selling platform, but it has shaped the path for other platforms of its kind, and it should be considered as the best service possible. Sellers can use accounts created with Amazon to sell their own merchandise with small fees collected by Amazon. With the internet growing in importance every year, selling online has never been easier. But why would you want to get involved with Amazon FBA? Well, if you have a knack for selling products, feel as though you have always wanted an online store, or just want to try something new, Amazon FBA is one of the easiest ways to get started. From its promises of prime delivery to customers to its total management of your products as soon as they are delivered to the warehouse, Amazon has you covered. They provide a service unmatched by any outside company, and they make selling easier every year. **Passive Income Ideas** The concept of making money when you sleep has drawn a crowd to the pursuit of passive income. Theoretically, you put in some time and money in the start, then relax and let the money pour in when you focus on other things. This appears like a dream become a reality, but it's mostly only a dream. In today's workforce, relying on one income source is risky. Job protection is rarely guaranteed, and a little extra cash is useful always. By using your primary income source to cover basic expenses, you may use extra income streams to pay off debts, reduce your economic burden, or avoid going further into debt when you are able to pay for larger purchases up front rather than with a credit card or loan. Conversely, passive income is cash that continues to pay out following the initial work is done. Traditionally, income that were considered "passive" generally included money earned from investments in shares or profit acquired by a person who had invested in accommodations property but wasn't involved in the management or day-to-day functions of that property. This book covers: Passive Income Dropshipping Affiliate Marketing Blogging Dividend Stocks Merch By Amazon Programs Amazon FBA Ebook Online Courses Freelancing As A Virtual Assistant.....AND MORE!!!
