THE 10X RULE

THE ONLY DIFFERENCE BETWEEN SUCCESS AND FAILURE

John Wiley & Sons Achieve "Massive Action" results and accomplish your business dreams! While most people operate with only three degrees of action-no action, retreat, or normal action-if you're after big goals, you don't want to settle for the ordinary. To reach the next level, you must understand the coveted 4th degree of action. This 4th degree, also know as the 10 X Rule, is that level of action that guarantees companies and individuals realize their goals and dreams. The 10 X Rule unveils the principle of "Massive Action," allowing you to blast through business clichés and risk-aversion while taking concrete steps to reach your dreams. It also demonstrates why people get stuck in the first three actions and how to move into making the 10X Rule a discipline. Find out exactly where to start, what to do, and how to follow up each action you take with more action to achieve Massive Action results. Learn the "Estimation of Effort" calculation to ensure you exceed your targets Make the Fourth Degree a way of life and defy mediocrity Discover the time management myth Get the exact reasons why people fail and others succeed Know the exact formula to solve problems Extreme success is by definition outside the realm of normal action. Instead of behaving like everybody else and settling for average results, take Massive Action with The 10 X Rule, remove luck and chance from your business equation, and lock in massive success.

REDEFINING THE NEEDS OF ENGINEERING STUDENTS: A FRAMEWORK FOR EST COURSE DESIGN

Needs of Engineering students: A Framework for EST Course Design demonstrates, in a practical way, the principles involved in planning and designing an effective syllabus. The book shows the reader how needs analysis can be used to create a detailed profile of the professional learner and how this profile can then be used to make a course in language and communication. The purpose of this book is to present readers with an overview of the underlying framework of ESP and to provide ideas about the structure of English for Science and Technology course. It examines important concepts such as needs analysis, goal-setting, and content specification, and serves as an excellent introduction for teachers who want to gain a better understanding of syllabus design in order to evaluate, modify, and adapt the syllabuses with which they work. This book is widely applicable for ESL/EFL /ESP/EST language education courses, around the world.

ENGLISH FOR EVERYDAY SPEAKING

BAHASA INGGRIS UNTUK PERCAKAPAN SEHARI-HARI

Penerbit Andi It is said that school leavers in Indonesia are not able to speak English confidently. They have no courage to speak, even though they actually feel that they have something to say in their mind. They are afraid to make mistakes when speaking because they never feel happy with their English grammar and vocabulary at school. English for Everyday Speaking is directed at those who have learned English and have no courage to speak but want to practice their spoken English. This book is not only suitably used by high school students, university students, language centers, English course learners and English speaking club members as a main course book for speaking, but also for employees, workers, staff, teachers, employers or members of a family as a core handbook for language practice during their leisure time. This book covers very common daily topics which everyone is familiar with, such as Daily Activities, Personal Information, Family Life, Culture, Sport, Housemaids, Hobbies and Interests, Smoking and Drinking, Music, Health, Education, School Life, Love, Holiday, Food and Drink, Marriage, Sex, Demonstrations & Strikes, Terrorism, Crime and Prisons, Debates, etc. The questions, which are intended to arouse learners to speak, are generally simple to answer for ordinary learners. They need practical ideas or knowledge but do not need deep academic or scientific knowledge to answer them. However, if the group of learners have more advanced knowledge about the topics and are interested to delve deeper on the topics, there are also some possibilities to do so. English for Everyday Speaking is designed by an experienced English teacher. In addition, these materials have

been tried out at STP Bandung, STBA, Maranatha University, the Center at Jl. Setiabudhi, Bandung and some other language centers.

QUALITATIVE DATA ANALYSIS

A METHODS SOURCEBOOK

SAGE Publications "This comprehensive, practical, user-friendly book provides a wealth of data analysis strategies that are essential for any qualitative research. It is a must-have tool book for moving from data analysis to writing for publication!" -Guofang Li, University of British Columbia, Canada Miles, Huberman, and Saldaña's Qualitative Data Analysis: A Methods Sourcebook is the authoritative text for analyzing and displaying qualitative research data. The Fourth Edition maintains the analytic rigor of previous editions while showcasing a variety of new visual display models for qualitative inquiry. Graphics are added to the now-classic matrix and network illustrations of the original co-authors. Five chapters have been substantially revised, and the appendix's annotated bibliography includes new titles in research methods. Graduate students and established scholars from all disciplines will find this resource an innovative compendium of ideas for the representation and presentation of qualitative data. As the authors demonstrate, when researchers "think display," their analyses of social life capture the complex and vivid processes of the people and institutions studied.

IDEAS AND OPTIONS IN ENGLISH FOR SPECIFIC PURPOSES

Routledge This volume presents a range of views about language, learning, and teaching in English for Specific Purposes (ESP). Its purpose is to go beyond individual cases and practices to examine the approaches and ideas on which they are based. The aim is for readers to adopt an analytical stance toward the field and to identify current perspectives in ESP and the ideas driving them. Ideas and Options in English for Specific Purposes does not promote any one approach, but rather identifies and illustrates those in evidence today. The main emphasis is on the links between theory and ESP teaching and research. Ideas from linguistics, sociolinguistics, education, SLA, and social theories are described. Links are then made between these ideas and ESP course designs, instructional materials, and research projects. Thus the book moves back and forth between descriptions of theories, teaching practice, and research. Part I introduces the book's approach to description of ESP and the framework used to investigate it. Part II examines ideas of language, learning, and teaching in ESP. Recognizing that ESP is taught in many different countries and contexts, the author draws on a wide range of examples of teaching practice and research from around the world and from different branches of ESP, including English for Academic Purposes, English for Professional Purposes, and English for Vocational Purposes. From Chapter 3 onward, each chapter includes Questions for Discussion and Projects, to encourage readers to research and analyze the practices of ESP in their own contexts and to consider the ideas they draw on in their own teaching. This text is geared toward graduate-level TESOL education courses.

DECISIVE MOMENTS

INDONESIA'S LONG ROAD TO DEMOCRACY

Account of Bacharuddin Jusuf Habibie, third president of the Republic of Indonesia, and his role in bringing Indonesia towards democracy.

FIREFLIES IN MANHATTAN

Born in Ngawi, East Java, in 1932, Umar Kayam obtained his masters degree from New York University and his doctoral degree from Cornell University. It was there, in New York, where he began to hone his literary skills. The publication of his first collection of short stories, *A Thousand Fireflies in Manhattan*, in 1972, gained him national fame as a short story writer. The light and semi-ironic tone of Kayam's "New York stories," in which the author viewed an archetypal cast of New York characters through the lens of a naive Indonesian outsider vanished completely in the next phase of the author's career when he dealt with the impact of the incarceration and killings of hundreds of thousands of Communists or alleged Communists that took place after the rise of Soeharto's militaristic regime. Kayam's highly nuanced portraits of the innocent victims of "1965" again earned him critical acclaim. Kayam was a regular contributor to the literary column of "Kompas," the nation's largest newspaper, and during the third and final stage of the author's literary career, it became an almost annual event for him to contribute a story about Lebaran, the holiday that marks the end of the Muslim month of fasting, a time when millions of Indonesians who have moved from the communities where they were born attempt against numerous odds to return home. The stories produced by Kayam during the three stages of his literary career vary greatly in subject matter and tone. What binds them together is that in each and every one, one hears is the voice of the common man.

DESIGN AND DEVELOPMENT RESEARCH

METHODS, STRATEGIES, AND ISSUES

Routledge AECT Design & Development Outstanding Book Award for 2008! Design and Development Research thoroughly discusses methods and strategies appropriate for conducting design and development research. Rich with examples and explanations, the book describes actual strategies that researchers have used to conduct two major types of design and development research: 1) product and tool research and 2) model research. Common challenges confronted by researchers in the field when planning and conducting a study are explored and procedural explanations are supported by a wide variety of examples taken from current literature. Samples of actual research tools are also presented. Important features in this volume include: concise checklists at the end of each chapter to give a clear summary of the steps involved in the various phases of a project; an examination of the critical types of information and data often gathered in studies, and unique procedures for collecting these data; examples of data collection instruments, as well as the use of technology in data collection; and a discussion of the process of extracting meaning from data and interpreting product and tool and model research findings. Design and Development Research is appropriate for both experienced researchers and those preparing to become researchers. It is intended for scholars interested in planning and conducting design and development research, and is intended to stimulate future thinking about methods, strategies, and issues related to the field.

THE SAGE ENCYCLOPEDIA OF EDUCATIONAL TECHNOLOGY

SAGE Publications The SAGE Encyclopedia of Educational Technology examines information on leveraging the power of technology to support teaching and learning. While using innovative technology to educate individuals is certainly not a new topic, how it is approached, adapted, and used toward the services of achieving real gains in student performance is extremely pertinent. This two-volume encyclopedia explores such issues, focusing on core topics and issues that will retain relevance in the face of perpetually evolving devices, services, and specific techniques. As technology evolves and becomes even more low-cost, easy-to-use, and more accessible, the education sector will evolve alongside it. For instance, issues surrounding reasoning behind how one study has shown students retain information better in traditional print formats are a topic explored within the pages of this new encyclopedia. Features: A collection of 300-350 entries are organized in A-to-Z fashion in 2 volumes available in a choice of print or electronic formats. Entries, authored by key figures in the field, conclude with cross references and further readings. A detailed index, the Reader's Guide themes, and cross references combine for search-and-browse in the electronic version. This reference encyclopedia is a reliable and precise source on educational technology and a must-have reference for all academic libraries.

BELAJAR DAN PEMBELAJARAN SEKOLAH DASAR: FENOMENA, TEORI, DAN IMPLEMENTASI

CV. Pilar Nusantara Belajar menjadi kegiatan inti di dalam proses kehidupan manusia. Manusia menjadi sempurna ketika belajar dan mampu menerapkannya. Belajar dalam konteks ini bermakna luas, dan tidak terpatok pada kegiatan formal di sekolah, madrasah, atau pesantren. Singkatnya, belajar itu luas bisa di mana saja, kapan saja, dengan siapa saja kita dapat belajar tanpa henti. Islam jauh-jauh hari memegang teguh prinsip yang menganjurkan untuk menuntut ilmu. Di dalam Al-Quran disebutkan: "Allah akan meninggikan beberapa derajat orang-orang yang beriman diantaramu dan orang-orang yang diberi ilmu pengetahuan (ilmu) beberapa derajat (QS. Al Mujadalah 11). Nabi Muhammad Saw juga menyeru umat Islam untuk menuntut ilmu mulai dari ayunan, hingga liang lahat (kuburan), menuntut ilmu sampai ke negeri Cina, dan anjuran yang lain. Prinsip memang demikian. Bahkan, UNESCO pun membuat rumus yang senada dengan konsep empat pilar belajar. Empat pilar tersebut ialah: learning to know (belajar untuk mengetahui), learning to do (belajar untuk terampil melakukan sesuatu), learning to be (belajar untuk menjadi seseorang), dan learning to live together (belajar untuk menjalani kehidupan bersama). Jika kita merujuk pada paradigma lama, soal belajar, ajar, mengajar, membelajarkan, pengajaran, pembelajaran sudah dikupas dalam Didaktik Metodik (metode didaktik). Teori ini diambil dari bahasa Yunani yaitu didaskein yang berarti mengajar, Sebagian mengartikan membelajarkan. Dalam buku ini, fokus bahasan lebih menekankan belajar dan pembelajaran sekolah dasar. Alasannya, karena banyak buku yang sudah terbit dan dapat dibaca, namun rata-rata nggedabyah secara umum saja. Masih sedikit yang fokus mengkaji belajar dan pembelajaran di jenjang sekolah dasar. Maka

dari itu, saya tertarik menulis buku ini karena masih sangat minim buku tentang belajar dan pembelajaran sekolah dasar. Buku ini hadir karena kepedulian saya terhadap perubahan paradigma tersebut. Sebab, perubahan besar diawali dari perubahan kecil. Semua perubahan besar itu dimulai dari perubahan cara berpikir, perubahan paradigma. Bukankah demikian?

TEACHING AND LEARNING MATERIALS AND THE INTERNET

Routledge An exploration of the teaching and learning material available on the Internet. It provides information on the appropriate way to handle and use the Internet as a delivery tool in education, and considers the implications this will have on the role and relationship of the teacher and learner.
