**Cake The Autobiography of a Passionate, Outspoken Sportsman and Entrepreneur** *Penguin UK Cake: the utterly distinctive memoirs of Shane Curran. In an age when sportsmen have perfected the art of saying nothing and suppressing any trace of personality, Shane 'Cake' Curran is a beacon of light: passionate, outspoken, utterly himself. **BabyCakes Vegan, (Mostly) Gluten-Free, and (Mostly) Sugar-Free Recipes from New York's Most Talked-About Bakery: A Baking Book** Clarkson Potter Forget everything you've heard about health-conscious baking. Simply, BabyCakes is your key to an enlightened, indulgent, sweets-filled future. This is important news not only

for parents whose children have allergies, for vegans, and for others who struggle with food sensitivities, but also for all you sugar-loving traditionalists. The recipes in these pages prove that there is a healthy alternative to recklessly made desserts, one that doesn't sacrifice taste or texture. Having experimented endlessly with alternative, health-conscious sweeteners, flours, and thickeners, Erin McKenna, the proprietress of beloved bakery BabyCakes NYC, developed these recipes—most are gluten-free, all are without refined sugar—in hopes of combating her own wheat, dairy, and sugar sensitivities. In *BabyCakes*, she shares detailed information about the ingredients she uses (coconut flour, xanthan gum, and agave nectar, for example) and how to substitute them properly for common ones—all the while guiding you safely through techniques she's spent years perfecting. When BabyCakes NYC opened on Manhattan's Lower East Side in 2005, it helped propel the gluten-free and vegan baking movement into a new stratosphere. Suddenly there was a destination for those with wheat allergies and other dietary restrictions—and, soon enough, celebrities and dessert lovers of every kind—to indulge freely in delectable muffins and teacakes, brownies and cookies, pies and cobblers. Enclosed within these pages are all the “secrets” you'll need to bring the greatness of BabyCakes NYC into your own home as well as raves and recommendations from devotees such as Natalie Portman, Jason Schwartzman, Mary-Louise Parker, Zooey Deschanel, and Pamela Anderson. For confectionists of all kinds, delicious alternatives lie within: Red Velvet Cupcakes, Chocolate Shortbread Scones with Caramelized Bananas, Strawberry Shortcake, and BabyCakes NYC's celebrated frosting (so delicious it has fans tipping back frosting shots!), to name just a few. Finally, Erin's blissful desserts are yours for the baking!

**The Psychosocial Implications of Disney Movies** MDPI In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and

latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward. **Mich Turner's Cake School The Ultimate Guide to Baking and Decorating the Perfect Cake** Rizzoli Publications Expert lessons and tutorials for successful cake making and decorating from the acclaimed celebrity baker and cake designer. Press of Mississippi Ranging from the playful, to the fact-filled, and to the thoughtful, this collection tracks the fortunes of Walt Disney's flagship character. From the first full-fledged review of his screen debut in November 1928 to the present day, Mickey Mouse has won millions of fans and charmed even the harshest of critics. Almost half of the eighty-one texts in *A Mickey Mouse Reader* document the Mouse's rise to glory from that first cartoon, *Steamboat Willie*, through his seventh year when his first color animation, *The Band Concert*, was released. They include two important early critiques, one by the American culture critic Gilbert Seldes and one by the famed English novelist E. M. Forster. Articles and essays chronicle the continued rise of Mickey Mouse to the rank of true icon. He remains arguably the most vivid graphic expression to date of key traits of the American character—pluck, cheerfulness, innocence, energy, and fidelity to family and friends. Among press reports in the book is one from June 1944 that puts to rest the urban legend that “Mickey Mouse” was a password or code word on D-Day. It was, however, the password for a major pre-invasion briefing. Other items illuminate the origins of “Mickey Mouse” as a term for things deemed petty or unsophisticated. One piece explains how Walt and brother Roy Disney, almost single-handedly, invented the strategy of corporate synergy by tagging sales of Mickey Mouse toys and goods to the release of Mickey's latest cartoons shorts. In two especially interesting essays, Maurice Sendak and John Updike look back over the years and give their personal reflections on the character they loved as boys growing up in the 1930s. **The Ultimate Disney Party Book 8 Fantastic Disney Themes** Edda USA *The Ultimate Disney Party Book* is your perfect partner when throwing a party.
