The Ukulele Handbook

A&C Black The ukulele has gone from strength to strength in recent years, undergoing a massive resurgence. You can hear the uke all over the place, from trendster indie rock to top ten pop songs, from unshakeable TV ads to YouTube megahits. And this obsession shows no sign of abating - all over the country people are picking up a ukulele and starting to strum, at home, in classes and down at the pub. Schools are even replacing the faithful recorder with a jazzy, inexpensive uke. Famous idlers Gavin Pretor-Pinney and Tom Hodgkinson have spent hours idling away on their ukuleles to produce the ultimate uke handbook: an illustrated guide to its history crossed with a how-to guide and songbook. This is the book that will bring the underground movement into the mainstream. The first half of the book delves into the rich history of this eccentric little instrument, from its birth in Hawaii to its popularity across the world, with a timeline from 1879 to today and a ukulele hall of fame that includes George Formby, Hawaiian legend Israel Kamakawiwo'ole and YouTube ukulele superstar Jake Shimabukuro. Then on to the practicalities: the anatomy of the ukulele, which uke to buy, how to play it, how to strum, pick, read chord charts and tune the strings. Once you know all this, you can get playing the songbook, which includes a wide spread of songs from medieval lays and nursery rhymes to blues and rock 'n roll. Beautiful presentation and tab notation make reading the music easy, even for beginners. With the highest production values, a light touch and an irresistible instrument at centre stage, this book is a must-have for all aspiring Formbys.

Slide Guitar Collection

25 Great Slide Tunes in Standard Tuning

Kalymi Music Many books show you how to play slide with lots of `riffs` and scales, but often what is required is to play simple melodies you recognize. Playing these tunes will help you develop correct intonation and essential techniques like muting. There are 7 main slide techniques that you will master and put into practice as presented in the `how to play slide` pages. The included slide exercises also help to reinforce the 7 main principles of slide playing that you will apply to the 25 tunes presented here. These 25 tunes are some of the most well-known traditional, classical, blues & western songs. They are arranged specially for slide guitars in standard tuning. Playing in standard tuning offers many rewards without the trouble of re-tuning, which again is not often found in most slide guitar books. The tunes are in relative order of difficulty and perfect for those new to slide guitar. The tunes are in relative order of difficulty and perfect for those new to slide guitar. Even the most straightforward song can be difficult when considering the challenges of playing with a good tone and tuning. Most of the tunes are arranged to keep the melody on one or two strings to produce a consistent sound. This is a common practice and much easier to play when less string skipping is involved. Some arrangements have the tablature written in the middle or down the fretboard to facilitate more natural position changes when switching between notes. The added fingerboard charts reference those that prefer to read the notation instead of the tablature. With this collection of tunes, you will learn to perfect the fundamentals of playing slide guitar with a little practice and the right slide and correct guitar action. Cigar Box Guitar - The Ultimate Collection Volume Two

How to Play Cigar Box Guitar

Volume Two of the "Ultimate Collection" series continues with more music and instruction to help learn the three-string cigar box guitar tuned to GDG. The book covers a wide variety of material and is excellent for beginners to advanced players. There is a good selection of tunes including blues, rock, jazz, classical and traditional that can be played with a slide, a pick or just your fingers. As usual, each tune includes tablature and music notation for those familiar with reading music. There are an additional 18 songs with suggested chords and diagrams, strumming and fingerstyle patterns, time signatures, the starting singing note, and the key of the song. There are also some sample

accompaniment patterns and useful tips on how to accompany on the cigar box guitar. If you are into rock and pop styles check out the "12 rock riffs" and the popular chord progressions with diagrams. The chord progressions are based on current pop/rock music and can be applied to your favorite songs. As in volume one of this series, a full chord and scale library with fingerboard charts are provided. The most common chords also have photos, a chord chart, and tablature and notation. The "10 ways to play major and minor chords" is an excellent way to learn and master the major and minor chords on the cigar box guitar!
