How does an ordinary person become a hero? It happens in a split second, a moment of focus and clarity, when a choice is made. Here are the gripping accounts of Congressional Medal of Honor recipients who demonstrated guts and selflessness on the battlefield and confronted life-threatening danger to make a difference. There are the stories of George Sakato and Vernon Baker, both of whom overcame racial discrimination to enlist in the army during World War II—Sakato was a second-generation Japanese American, Baker an African American—and Clint Romesha, who led his outnumbered fellow soldiers against a determined enemy to prevent the Taliban from taking over a remote U.S. Army outpost in Afghanistan. Also included are civilians who have been honored by the Congressional Medal of Honor Foundation for outstanding acts of bravery in crisis situations, from a school shooting to the 9/11 attacks on the World Trade Center. Adding depth and context are illuminating essays on the combat experience and its aftermath, covering topics such as overcoming fear; a mother mourning the loss of her son; and “surviving hell” as a prisoner of war. “Prepare to be awed . . . These tales of heroism take the reader from World War II to Iraq and Afghanistan and to U.S. shores, where even a schoolteacher can face life-and-death situations.” —The Philadelphia Inquirer **Work: A Story of Experience** Lindhardt og Ringhof ‘Work: A Story of Experience’ is a semi-autobiographical novel loosely based on Alcott’s own life, which explores the social standing of women in the US, in the years around the Civil War. Among the American soldiers who managed to avoid capture was twenty-five-year-old Lieutenant Robert Lapham, who was to play a major role in the resistance to the brutal Japanese occupation. Lapham's Raiders is the memoir of one man's guerrilla experiences. A collaboration between Lapham and historian Bernard Norling, the book also offers a detailed assessment of the most extensive land campaign in the Pacific war and a vivid portrayal of Allied guerrilla activity. Through letters, records and the recollections of Lapham and others, the drama of the "mean, dirty, brutal struggle to the death" of guerrilla warfare in the Pacific theater is reconstructed and waged again within these pages. After emerging from the jungles of Bataan and in the face of daunting odds, Lapham built from scratch and commanded a devastating guerrilla force behind enemy lines. His Luzon Guerrilla Armed Forces (LGAF) evolved into an army of thirteen thousand men that eventually controlled the entire northern half of Luzon's great Central Plain, an area of several thousand square miles. Lapham and Norling shed light on the clandestine activities of the LGAF and other guerrilla operations, assess the damages of war to the Filipino people, and discuss the United States' postwar treatment of the newly independent Philippine nation. They also offer a fuller understanding of Japan's wartime failures in the Philippines, the Pacific, and elsewhere in Asia, and of America's postwar failure to fully realize opportunities there. **The Church School Journal One in a Billion One Man's Remarkable Odyssey through Modern-Day China** Rowman & Littlefield Publishers This heart-wrenching story immerses readers in the dramatic survival of one outspoken man who illuminates the souls of a billion ordinary Chinese citizens. Flying Enterprise steamed westward from Europe toward America. A few days into the voyage, she hit the eye of a ferocious storm. Force 12 winds tossed men about like playthings and turned drops of freezing Atlantic foam into icy missiles. When, in the space of twenty-eight hours, the ship was slammed by two rogue waves—solid walls of water more than sixty feet high—the impacts cracked the decks and hull almost down to the waterline, threw the vessel over on her side, and thrust all on board into terror. Flying Enterprise's captain, Kurt Carlsen, a seaman of rare ability and valor, mustered all hands to patch the cracks and then try to right the ship. When these efforts came to naught, he helped transfer, across waves forty feet high, the passengers and the entire crew to lifeboats sent from nearby ships. Then, for reasons both professional and intensely personal, and to the amazement of the world, Carlsen defied all requests and entreaties to abandon ship. Instead, for the next two weeks, he fought to bring Flying Enterprise and her cargo to port. His heroic endeavor became the world's biggest news. In a narrative as dramatic as the ocean's fury, acclaimed bestselling author Frank Delaney tells, for the first time, the full story of this unmatched bravery and endurance at sea. We meet the devoted family whose well-being and safety impelled Carlsen to stay with his ship. And we read of Flying Enterprise's buccaneering owner, the fearless and unorthodox Hans Isbrandtsen, who played a crucial role in Kurt Carlsen's fate. Drawing on historical documents and contemporary accounts and on exclusive interviews with Carlsen's family, Delaney opens a window into the world of the merchant marine. With deep affection—and respect—for the weather and all that goes with it, he places us in the heart of the storm, a "biblical tempest" of unimaginable power. He illuminates the bravery and ingenuity of Carlsen and the extraordinary courage that the thirty-seven-year-old captain inspired in his stalwart crew. This is a gripping, absorbing narrative that highlights one man's outstanding fortitude and heroic sense of duty. "One of the great sea stories of the twentieth century... [a] surefire nautical crowd-pleaser." --Booklist é (starred review) "Frank Delaney has written a completely absorbing, thrilling and inspirational account of a disaster at sea that occasioned heroism of the first order. In the hands of a gifted storyteller, the 'simple courage' of the ship's captain and the young radio man who risked their lives to bring a mortally wounded ship to port reveals the essence and power of all true courage— a stubborn devotion to the things we love." –Senator John McCain **No Better Friend One Man One Dog and Their Incredible Story of Courage and Survival I** An extraordinary tale of the remarkable bond between one man and his dog during the Second World War. The two friends huddled close together, each of them the other's saving grace in a world gone to hell . . . There was nothing terribly unusual about POWs suffering horribly at the hands of their Japanese captors. All across the Pacific theatre, Allied captives were experiencing similar punishment. But there was one thing unusual about this particular duo of prisoners. One of them was a dog. Flight technician Frank Williams and Judy, a purebred pointer, met in the most unlikely of places: a World War II internment camp. Judy was a fiercely loyal dog, with a keen sense for who was friend and who was foe, and the pair's relationship deepened throughout their captivity. When the prisoners suffered beatings, Judy would repeatedly risk her life to intervene. She survived bombings and other near-death experiences and became a beacon not only for Frank but for all the men, who saw in her survival a flicker of hope for their own. Using a wealth of new material including interviews with those who knew Frank and Judy, letters and firsthand accounts, Robert Weintraub expertly weaves a narrative of an unbreakable bond forged in the worst circumstances. Judy's devotion to the men she was interned with, including a host of characters from all around the world, from Australia to the UK, was so powerful that reports indicate she might have been the only dog spared in these camps - and their care for her helped keep them alive. At one point, deep in despair and starvation, Frank contemplated killing himself and the dog to prevent either from watching the other die. But both were rescued, and Judy spent the rest of her life with Frank. She became the war's only official canine POW, and after she died at the age of fourteen, Frank couldn't bring himself to ever have another dog. Their story of friendship and survival is one of the great sagas of World War II. **Out of Russia The Ultimate True Twentieth Century Love Story** John Blake Every once in a while love moves people to feats of heroism which force the world to stand back and gasp with admiration. But Africa was nothing like Hellen had imagined: Victor considered her merely a possession with few rights and expected her to turn a blind eye to his affairs. Pushed to the brink, she made a desperate decision - she would get a divorce and smuggle her three children out of the country. But no-one gets jailed for what they say, even when it amounts to deliberate mental torture...'As Paul Connolly struggled to leave behind his painful, humiliating childhood in the notorious St Leonard's children's home, the ghosts of his past would not let go. The paedophiles and sadists had damaged so many kids. Some had died, from suicide or heroin. Others, like Paul, had emerged, battered and illiterate, to try to find a place in the world. When a fall from a roof shattered his boxing ambitions, he survived in a brutal underworld of routine violence, before eventually building a career as a celebrity fitness trainer, working with the stars of fashion and film. After Against All Odds became a surprise bestseller, everything changed for Paul. He found himself speaking at the House of Lords, appearing on TV and getting involved in projects with abused kids and illiterate adults. But a rare heart infection almost killed him, and the old demons still haunted him. Four years later, Paul has made a new world for himself, centred on his young family and a successful training business that mends broken bodies, builds confidence and changes lives for the better. His story is a remarkable tale of endurance and survival - vivid, disturbing, but ultimately uplifting, as the beaten child who was once told 'You're rubbish; you'll never be worth a thing' becomes a man with the heart to love, live and embrace the future. **Jamaican on Saipan! "A searing tribute . . . [to] America in its bleakest hour" (Senator John McCain, *New York Times*-bestselling author of *Faith of My Fathers*). On December 13, 1944, POW Estel Myers was herded aboard the Japanese prison ship, the *Oryoku Maru*, with more than 1,600 other American captives. More than 1,100 of them would be dead by journey's end . . . The son of a Kentucky sharecropper and an enlistee in the Navy's medical corps, Myers arrived in Manila shortly before the bombings of Pearl Harbor and the other six targets of the Imperial Japanese military. While he and his fellow corpsmen tended to the bloody tide of soldiers pouring into their once peaceful Naval hospital, the Japanese overwhelmed the Pacific islands, capturing 78,000 POWs by April 1942. Myers was one of the first captured. After a brutal three-year encampment, Myers and his fellow POWs were forced onto an enemy hell ship bound for Japan. Suffocation, malnutrition, disease, dehydration, infestation, madness, and simple despair claimed the lives of nearly three quarters of those who boarded "the beast." Myers survived. A compelling account of a rarely recorded event in military history, this is more than Estel Myers' true story—this is an homage to the unfailing courage of men at war, an inspiring chronicle of self-sacrifice and endurance, and a tribute to the power of faith, the strength of the soul, and the triumph of the human spirit.
