FEED YOUR BEST FRIEND BETTER

EASY, NUTRITIOUS MEALS AND TREATS FOR DOGS

Andrews McMeel Publishing Featuring such options as Puppy Pesto, Bacon Yappetizers and Mutt Loaf, a cookbook by the creator of the "DogFoodDude" blog provides natural-foods recipes for dogs based on the nutritional guidelines of veterinary manuals.

FRESH FOOD AND ANCIENT WISDOM: PREPARING HEALTHY AND BALANCED MEALS FOR YOUR DOGS

As health-oriented people incorporate organic and natural foods into their meal-planning, why not do the same for our beloved dogs? It is widely known that changes in diet, exercise, and lifestyle can improve the quality of human life. Many people today are incorporating organic and natural foods into their diet and are aware of the healing properties of foods. Why treat our dogs differently? In **Fresh Food and Ancient Wisdom**, longtime veterinarian **Ihor John Basko**

offers a simple guide to improving your dog's health and happiness through balanced diets filled with natural, organic, and fresh ingredients. With more than 35 years of study in animal nutrition and Traditional Eastern Asian Medicine, Dr. Basko is an expert in the area of dog nutrition. *Fresh Food and Ancient Wisdom*, filled with easy-to-make recipes for all types of dogs in all stages of life, explains why diet change is one of the most important gestures we can make for our pets. Dr. Basko addresses the needs of dogs with specific problems by creating supportive diets through the use of "healing foods" based on Traditional Eastern Medicine food therapy.

HOMEMADE MEALS FOR CATS AND DOGS

75 GRAIN-FREE NUTRITIOUS RECIPES

Simon and Schuster "Whole food, real food, clean eating . . . home-prepared meals incorporating healthy ingredients are eminently do-able alternatives." —The Bark There's a reason why pets beg at the table—they want real food! Not the kibble manufactured by pet food companies, transformed beyond recognition, drained of natural nutrients, and a far cry from fresh meat, vegetables, and grain. If we as human beings are so dedicated to preparing healthy, homemade meals for ourselves in the comfort and safety of our own kitchens, shouldn't we be doing the same for our beloved pets? *Homemade Meals for Cats and Dogs* is a collection of more than fifty cat and dog food recipes that will teach you how to whip up a fresh, balanced meal for your hungry critters. Written by a veterinarian certified in food therapy and an advocate for pet food safety, these recipes are also based on the National Research Council requirements for dogs and cats. Debunk the myth that pet food companies are the only entities qualified to feed your pets. Instead, beat pet obesity, disease, and sickness by reaching into your pantry or refrigerator, turning on the stove, and starting to cook yourself! Making food at home will also decrease those exorbitant pet food bills. It's time to go back to the table. Know exactly what your pet is eating and serve it a variety of real food that it deserves. Be a responsible pet parent by balancing your pet's diet and pleasing its palate. Previously published under the title *Dinner PAWsible* "The recipes look good enough to eat for humans." —The Conscious Cat with Ingrid King

RAW AND NATURAL NUTRITION FOR DOGS

THE DEFINITIVE GUIDE TO HOMEMADE MEALS

North Atlantic Books ***The first guide to both raw feeding and healthy homecooked meals for dogs. In the whirlwind

of information about local, organic, and whole foods, it's easy to forget that our canine companions can also benefit from—and deserve—a more natural and nurturing diet. Preparing Fido's food at home may seem daunting, but it's really not, says Lew Olson in *Raw & Natural Nutrition for Dogs*. Olson discusses canine nutritional needs and explains the research on how home-prepared foods, particularly raw foods, can meet pets' needs better than commercial, processed dog food. Step-by-step instructions and recipes make preparation easy. The book includes charts with the recipes, instructions on keeping diets simple and balanced, guidelines on preparation, suggestions for finding ingredients, and how much to feed a dog by body weight. There are recipes for healthy adult dogs as well as guidelines for puppies, senior dogs, and dogs with health conditions including pancreatitis, renal problems, gastric issues, allergies, heart disease, liver disease, and cancer. Pet owners seeking to give their dogs a better coat, better skin, and healthier teeth and gums, as well as longer lives and more stable temperaments, are sure to welcome this book. From the Trade Paperback edition.

THE DOG DIET ANSWER BOOK

THE COMPLETE NUTRITION GUIDE TO HELP YOUR DOG LIVE A HAPPIER, HEALTHIER, AND LONGER LIFE

Fair Winds Press (MA) Avoid the vet by learning how to treat your pup's symptoms, and know that a better diet means a healthier, happier dog. Is your Fido fighting to feel better? Your dog's skin problems, ear infections, bowel issues, obesity, seizures, and bladder issues can often be treated by changing the type of ingredients, calories, or moisture in your dog's diet. The Dog Diet Answer Book helps dog owners better understand their dog's dietary needs and what ingredients to feed them. Featuring recipes for homecooked meals and treats as well as home remedies for common ailments, this book helps you diagnose common health problems in your pup and adjust your dog's diets accordingly. Learn when to purchase high-quality commercial dog food and when to simply add healthy human food, oils, raw food, or home cooking to your pet's diet. Veterinarian Greg Martinez explains common allergens in food and guides you through identifying ingredients to feed or avoid in all food... commercial, home cooked, or raw. Learn to spot your dog's symptoms and know that a better diet means a healthier, happier dog.

DOG NUTRITION AND TREAT COOKBOOK

THE COMPREHENSIVE GUIDE TO KEEPING YOUR DOG HAPPY AND HEALTHY WITH RAW TREATMENT AND HOME COOKING RECIPE FOR MEAL PLAN

A happy dog is a healthy dog. Most pet owners simply assume that physical health is the only important thing to worry about until there are problems, but keeping a mentally healthy dog is very important for your dog's physical health as well. Different problems are associated with mental health, and there are various ways to help your pet. How much should I feed my dog? Does the food I'm providing meet my dog's nutritional needs? As our knowledge of the relationship between diet and health continues to advance and as the range of foods available for dogs continues to expand, it's more important than ever to base feeding choices on good information. The information in this pamphlet is based on Nutrient Requirements of Dogs and Cats, a technical report issued by the National Research Council as part of its Animal Nutrition Series. The Food and Drug Administration relies on information in the report to regulate and ensure the safety of pet foods. Other reports in the series address the nutritional needs of horses, dairy cattle, beef cattle, nonhuman primates, swine, and small ruminants. Scientists additional information this book will give you a large knowledge of feeding and treating your with raw recipes for dogs nutritional recipes for dogs treatment recipes for dogs get this cookbook now and get to know better

WAG OUR TAILS!

HEALTHY COOKING AND NATURAL LIVING FOR HAPPY DOGS

Xlibris Corporation We all want our gorgeous dogs to be super happy – with sparkling eyes, a shiny coat, wet nose and wagging tails. But have you thought about how a different diet could benefit your beloved pooch's well-being and longevity? Food and health expert Melanie Waxman shares her kitchen secrets and reveals how her simple and healthy recipes, developed over decades with her own dogs, can dramatically improve your dog's life and mood. Some of the dishes are so yummy, they may cause some human salivating and a teeny taste too. Wag Our Tails! also contains fascinating information about foods that have a warming or cooling affect, amazing superfoods, the use of essential oils, the benefits of acupuncture, dog communication and much more. When we nourish our gorgeous dogs with fresh and local foods we also help to lower our carbon paw print which means a win win for all.

THE FOREVER DOG

SURPRISING NEW SCIENCE TO HELP YOUR CANINE COMPANION LIVE YOUNGER, HEALTHIER, AND LONGER

HarperCollins **THE INSTANT #1 INTERNATIONAL BESTSELLER** In this path-breaking guide, two of the world's most popular and trusted pet-care advocates reveal how to delay aging and provide a long, happy, healthy life for our canine companions Like their human counterparts, dogs have been getting sicker and dying prematurely over the past few decades. Why? Scientists are beginning to understand that the chronic diseases afflicting humans—cancer, obesity, diabetes, organ degeneration and autoimmune disorders—also beset canines. As a result, our beloved companions struggle with preventable health problems throughout much of their lives. Because dogs can't make health and lifestyle decisions for themselves, it's up to pet parents to make smart, science-backed choices on their behalf. Rodney Habib and Karen Becker, DVM, travelled the world collecting wisdom from top geneticists, microbiologists and longevity researchers. They also interviewed people whose dogs have lived into their twenties and even thirties. The result is this unprecedented and comprehensive guide, filled with surprising information, invaluable advice and inspiring stories about dogs and the people who love them. The Forever Dog prescriptive plan can be tailored to the genetic predisposition of particular breeds or mixes. The authors discuss various types of food—including details commercial manufacturers don't want us to know—and offer recipes, tips and easy solutions for ensuring our dogs obtain the nutrients they need. They also explore how external factors that we often overlook can greatly affect a dog's overall health and well-being—including the role our own lifestyles and our vets' choices play. Indeed, the health equation works both ways and can travel "up the leash." This definitive dog-care guide empowers us with the knowledge we need to make wise choices and keep our dogs healthy and happy for years to come.

FRESH FOOD AND ANCIENT WISDOM

PREPARING HEALTHY AND BALANCED MEALS FOR YOUR DOG

Two Harbors Press (MN) As health-oriented people incorporate organic and natural foods into their meal-planning, why not do the same for our beloved dogs?

FORGET THE VET

HOMEOPATHIC REMEDIES FOR CATS AND DOGS

CreateSpace 'Forget the Vet' focuses on the many health benefits of practicing natural remedies. Cooking easy homemade holistic recipes, and treating your pet to a homeopathic agenda, may prevent many trips to your vet's office. When we look holistically at all the natural cures for ailments in our pets, we ask ourselves, should we go all natural or use supplements that contain processed ingredients? There is no hard or fast rule to this. It is obvious that most products that come from natural sources have higher levels for benefiting our pets than others. The combination

of processed substances and natural sources only arise due to the shortage of natural materials in certain locations. It is important to always use products that are as natural as possible. This saves the stress of getting your pets hooked on medications that may do them more harm than good. For instance, steroid injections used to treat Asthma hold ingredients that may cause Diabetes. The way you treat your pets and groom them, goes a long way in determining their overall health. This book lists a few of the natural cures for common ailments in pets. Some of the ingredients listed here are preventive, while others are curative. What is essential, is to help your pets live longer, and for them to lead fuller healthier lives. This book includes the following: Pet Diabetes, Causes of Diabetes, Symptoms of Diabetes, Herbal Remedies, Recipes, Grocery Shopping List for Diabetic Pets, Raw Food for Cats with Kidney Problems, Recipes, Herbal Solutions, Homeopathic Remedies for Constipation, Cats and Allergies, Natural Remedies, Homemade Cat Recipes, Dental Health, Bladder Problems, Herbal Remedies, Cats with Cold and Flu Symptoms, Cats, Head to Paw, Homemade Flea and Tick Repellents, Cat Condition Weight Chart, Weight loss, Grocery Shopping List for Cats, Pets and Tapeworms, Natural remedies using Homeopathy, Recipes, Home Treatments for Dental Health, Homemade Dental Treats, The Holistic Approach to Dog Ailments, Overall Nutrition, Homemade Dog Food & Treats, Time to Cut out the Junk, Over weight dogs, Dog Condition Weight Chart, An Effective Weight Loss Program for your Dog, Healthy Recipes, Grocery Shopping List for Dogs, Herbal Remedies for Treating Dog Ailments

PALEO DOG

GIVE YOUR BEST FRIEND A LONG LIFE, HEALTHY WEIGHT, AND FREEDOM FROM ILLNESS BY NURTURING HIS INNER WOLF

Rodale For health-conscious pet owners, a natural, holistic guide to getting every canine back to his best, most primal state From the tiniest teacup poodle to the most massive Great Dane, dogs' digestive systems are pure wolf. Fido's ancestors enjoyed a diet that was 45-50 percent protein, 40-50 percent fat, and less than 10 percent carbohydrates. Walk down the pet food aisle, however, and you'll find that typical commercial kibble is made mainly of starchy ingredients like peas, potatoes, corn, wheat, rice, and oats—nothing a prehistoric pup would dream of eating. This "healthy" mix is proving anything but: About 85 percent of dogs eat commercial dog food, and at least half of them are overweight or obese, with cancer killing 42 percent of all dogs and half of dogs over the age of 10. So how do you feed a wolf disguised as a pug? Paleo Dog guides readers through an assessment of their dogs' diet and helps them find the right balance of healthy ingredients. In addition to recipes and nutrition info, the book offers advice on what treats are safe, training tips, minimizing veterinary care, the benefits of exercise and massage, and how to ensure dogs are receiving the love and attention they need. Paleo Dog is the ultimate manual for any pet owner who wants to give her pet the longest and best quality of life.

EASY DOG FOOD RECIPES, NEW EDITION

A GUIDE TO PREPARE HOME-MADE MEALS

Independently Published The trusted guide dog lovers can rely on for life. This handbook has been extensively revised to include the latest information on everything on "how" to make the best but simple and cheap meals required by your dog for healthy living with regards to holistic nutritional treatments. Supplement commercial dog food with healthful "people food." Choose treats from your refrigerator that are better than doggie snacks...and will also save you money. Add healthful fats and oils that your dog desperately needs. Feed your dog's inner wolf by simulating the ratio of proteins, carbohydrates and fats that sustained dogs' earliest ancestors. Cut calories without leaving your dog hungry and unsatisfied. EASY DOG FOOS RECIPES Handbook, NEW Edition, is the definitive guide for every dog owner. It puts vital information at your fingertips. With this guide, you'll know "what and what not" to feed your dog with when you can begin making their meals at home. You'll have the latest information on every aspect of what your dog consumes and even when to feed him. This is the hands-on reference you'll trust again and again

DOG NUTRITION AND COOKBOOK

THE SIMPLE GUIDE TO KEEPING YOUR DOG HAPPY AND HEALTHY

Do you want to feed your furry best friend in a healthy and sustainable manner? Are you tired of reading scary dog food recalls that are putting your pets health at risk? Do you just want a simple solution that puts you in control, and allows for your dog to live a happier and healthier life? Then keep reading... When stepping into a grocery store or pet shop you are greeted with aisles and walls of different pet food options. All these bright colored packages of dry and wet foods creatively marketed to get your attention... unfortunately, most of these options are not necessarily the best and healthiest for your dog. Just as humans have switched from healthy, natural and traditional diets to processed and mass-produced foods, we have made the same choices on behalf of our dogs. We are feeding our dogs the same "fast food" day in and day out, and this limits their nutritional intake. Just as people need variety in their diet, so do dogs. After all, wouldn't you get tired of having spaghetti as your only meal for years on end? Luckily, there is a better way that is both simple and effective... a fresh food diet (either store-bought or homemade). Instead of eating biologically inappropriate foods full of questionable meat sources and additives that can cause health problems, your pup can enjoy simple freshly cooked meals. You might be wondering... won't this homemade cooking take a long time? Or isn't this more expensive than buying a bag of food at my local store? This book will guide you through the entire process and you will find preparing healthy food for your dog is easier and less expensive than you think. Here's just a tiny bit of what you'll discover inside our 'Dog Nutrition & Cookbook' The problems with commercial pet foods (these facts will shock and surprise you). The 7 major nutrients dogs need in their diet. How much should your dog eat? Do you own a puppy or a senior dog? A large breed or a small guy or gal? They all have a different set of nutritional demands, and it's all covered inside. 25 foods dogs should steer clear of at all costs. More than 17 'PAWsitively' delicious meal recipes and 5 treat recipes that your dog will love and are guaranteed to spoil her/him with nutritional goodness. An easy to follow and prepare 2 week meal plan that will save you time and money. How to properly read a dog food label and understand what's really inside your dogs food. How to make mealtime positive and even more effective with simple training tricks. ... and much, much more. This is a great book for those looking to get more information on dog nutrition and keeping their dogs healthy. There is a lot of conflicting and overwhelming information out there. This guide simplifies the process and silences the noise. Ready to get started and find out more? It's as easy as scrolling up and tapping "Buy Now".

DINNER PAWSIBLE

A COOKBOOK FOR HEALTHY, NUTRITIOUS MEALS FOR CATS AND DOGS

There's a reason why your pet begs at the table. They want real food! Remember the doggie bag? Pet parents used to bring part of their steak or chicken home to their dog or cat. Just a couple of generations ago, people fed their pets the very same foods the rest of the family ate. So why did we stop doing that? Because we were told that 'people food' wasn't healthy for our pets. Why? Is there a scientific reason why 'people food' such as chicken, beef, fish, or fresh vegetables wouldn't be healthy for our cat or dog? No; there was no scientific reason then, and there isn't now. Think about the pictures on a bag of cat food or dog food...they are all pictures of real food aren't they? But when you open up the bag, you see brown kibble (or sometimes red and yellow kibble thanks to risky food dyes). Where did the real food go? Those real foods on the bag have been pulverized and cooked beyond recognition. Often, those real foods have been cooked to such an extent nutrition is destroyed; requiring the addition of added vitamins and minerals (often synthetic sourced from China) which the real food should have provided. It's time to go back to the table. It's time to know exactly what your pet is eating, it's time to give them a variety of real food. Balance their diet and please their palate! Dinner PAWsible is a collection of 22 cat food recipes, 29 dog food recipes and two healthy treats based on the National Research Council requirements for dogs and cats; the same organization that commercial pet food nutritional foundations are based on. Dinner PAWsible is not only veterinarian recommended, it was co-authored by a veterinarian certified in food therapy! Dr. Cathy Alinovi DVM is trained in a variety of alternative and holistic methods including veterinary food therapy; her practice is located in central Indiana. Nutrition is the heart of every exam, curing over 80% of all problems. Co-author Susan Thixton is a leading pet food safety advocate whose website, TruthaboutPetFood.com helps to provide pet food education to a world of pet parents. Don't wait another day, start cooking for your pet. Cooking for your pet is pawsible!

THE HEALTHY HOMEMADE PET FOOD COOKBOOK

Fair Winds Press (MA) Offers seventy-five healthy recipes that nutritionally enhance pets' diets, and provides information on switching dogs and cats to a homemade diet and tailoring diets to pets' specific needs.

THE DOG CANCER SURVIVAL GUIDE

FULL SPECTRUM TREATMENTS TO OPTIMIZE YOUR DOG'S LIFE QUALITY AND LONGEVITY

Maui Media If your dog has cancer, you need this book. No matter what you've heard, there are always steps you can take to help your dog fight (and even beat) cancer. This scientifically researched guide is your complete reference for practical, evidence-based strategies that can optimize the life quality and longevity for your dog. No matter what diagnosis or stage of cancer your dog has, this book is packed with precious advice that can help now. Discover the Full Spectrum approach to dog cancer care: * Everything you need to know about conventional western veterinary treatments (surgery, chemotherapy and radiation) including how to reduce their side effects. * The most effective non-conventional options, including botanical nutraceuticals, supplements, nutrition, and mind-body medicine. * How to analyze the options and develop a specific plan for your own dog based on your dog's type of cancer, your dog's age, your financial and time budget, your personality, and many other personal factors. Imagine looking back at this time in your life, five years from now, and having not a single regret. You can help your dog fight cancer and you can honor your dog's life by living each moment to the fullest, starting now. This book can help you as it has helped thousands of other dog lovers. The Authors Dr. Demian Dressler, DVM practices in Hawaii and is internationally recognized as the dog cancer vet and blogs at DogCancerBlog.com. Dr. Susan Ettinger, DVM is a veterinary oncologist and a diplomate of the American College of Internal Medicine who practices in New York. Praise from Veterinarians, Authors & Book Reviewers The future is upon us and this ground-breaking book is a vital cornerstone. In dealing with cancer, our worst illness, this Survival Guide is educational, logical, expansive, embracing, honest and so needed. Dr. Marty Goldstein, DVM Holistic veterinarian and Host, Ask Martha Stewart's Vet on Sirius Radio The message of this book jumps off the written page and into the heart of every reader, and will become the at home bible for cancer care of dogs. The authors have given you a sensible and systematic approach that practicing veterinarians will cherish. I found the book inspiring and, clearly, it will become part of my daily approach to cancer therapy for my own patients. Dr. Robert B. Cohen, VMD Bay Street Animal Hospital, New York I wish that I had had The Dog Cancer Survival Guide when my dearly beloved Flat-coated Retriever, Odin, contracted cancer. It would have provided me alternative courses of action, as well as some well needed reality checks which were not available from conversations with my veterinarian. It should be on every dog owner's book shelf--just in case... Dr. Stanley Coren, PhD, FRSC author of many books, including Born to Bark A comprehensive guide that distills both alternative and allopathic cancer treatments in dogs...With the

overwhelming amount of conflicting information about cancer prevention and treatment, this book provides a pet owner with an easy to follow approach to one of the most serious diseases in animals. Dr. Barbara Royal, DVM The Royal Treatment Veterinary Center, Oprah Winfrey's Chicago veterinarian Picking up The Dog Cancer Survival Guide is anything but a downer: it's an 'empowerer.' It will make you feel like the best medical advocate for your dog. It covers canine cancer topics to an unprecedented depth and breadth from emotional coping strategies to prevention-in plain English. Read this book, and you will understand cancer stages, treatment options, and types, and much more. If you have just had the dreaded news, pick up a copy and it will guide the decisions your dog trusts you to make. Laure-Anne Visele Dog behavior specialist and technical dog writer, CanisBonus.com

THE ULTIMATE PET HEALTH GUIDE

BREAKTHROUGH NUTRITION AND INTEGRATIVE CARE FOR DOGS AND CATS

Hay House, Inc As a holistic veterinarian and scientist, Dr. Gary Richter helps dog and cat owners to navigate the thicket of treatment options and separate the fact from the fiction. He wants us to use what actually works, not just what Western science or alternative medicine say "should" work. This multifaceted approach to health is known as integrative medicine. Dr. Richter examines traditional medicine from many cultures alongside modern medical techniques, describing the best of complementary care and the best of conventional veterinary medicine. Every treatment he recommends has the backing of scientific research or years of successful outcomes in his clinical practice. After explaining the treatment, he offers specific recommendations for an integrative approach to common diseases, including allergies, skin conditions, diabetes, heart disease, and cancer. A holistic approach to health includes nutrition, as it sets up the foundation for your pet's health. Dr. Richter cuts through the hype in the pet-food world and explains how to choose the best commercial foods and supplements, and even includes both raw and cooked dog- and cat-food recipes for general diet as well as to treat specific needs. He also explains how we can use the right foods and supplements to "hack" the body's processes, including the immune system.

STARVE CANCER - FEED YOUR DOG!

A NUTRITION REGIMEN FOR THE PREVENTION AND TREATMENT OF CANCER IN DOGS

Dogwise Publishing In this important book, the authors present a nutritional regimen that helps dogs diagnosed with cancer maintain their body weight while at the same time denying the cancer what it needs to grow. Perhaps the scariest impact of cancer is seeing your dog's lean body mass waste away, causing them to rapidly lose strength. The recommendations in this book are not going to cure them, but it improves their quality of life and extends life expectancy. From the Foreword by Sarah Lyles, DVM, DACVIM (Oncology) Nutrition is a sensitive and sometimes controversial subject in veterinary medicine. As an oncologist, I want to make recommendations based on published data and science, of which there is little in the field of nutrition for veterinary oncology. There are so many ways to "feed the body," to maintain health, decrease inflammation, and naturally promote healing for several conditions. For some chronic diseases, such as chronic kidney disease, nutrition is the main source of therapy! Unfortunately, for cancer, there is less data. Cancer is also diverse, with highly variable outcomes depending on cancer type and treatment modality chosen. With few publications showing proven benefits, I often feel I cannot make strong recommendations about dietary therapy for my cancer patients. It would be nice if more were known. However, Drs. Cowden and McMillan have compiled a comprehensive book of what is known. They have reviewed books and peer-reviewed articles on cancer nutrition in pets, to create a how-to guide and provide information all in one place. They did this for you, having been in your shoes. No more scouring the internet, uncertain if the recommendations are trustworthy, and feeling overwhelmed by conflicting opinions. Think of this book as a resource, providing you with everything you need to know about complete nutrition for your dog with cancer.

8 WEEKS TO A HEALTHY DOG

Rodale Shows readers how to extend the life expectancy of their dogs by controlling parasites, controlling diet, and providing opportunities for exercise.

THE HEALTHY HOUND COOKBOOK

OVER 125 EASY RECIPES FOR HEALTHY, HOMEMADE DOG FOOD--INCLUDING GRAIN-FREE, PALEO, AND RAW RECIPES!

Simon and Schuster Your best friend deserves the best, and the simple, all-natural recipes in this book will make it

easy to create healthy treats and meals for your favorite canine. Authors Paris Permenter and John Bigley, of the popular DogTipper.com website, have crafted more than 125 nutritious recipes using healthy, fresh ingredients from your kitchen. From Oatmeal Turkey Dog Biscuits to Peanut Butter and Banana Dog Ice Cream, each of these homemade dishes uses only real, whole ingredients like beef, chicken, potatoes, and carrots, so you'll always know that your furry friend is getting a snack that's flavorful as well as nutritious. You'll also find information on cooking techniques, recipes for pets on grain-free, Paleo, or raw diets, and a portion calculator to adjust serving sizes according to breed. With the whole foods recipes in The Healthy Hound Cookbook, your dog will start living a more natural, happier, and more flavorful life.

HOME COOKING FOR SICK DOGS, THIRD EDITION

EASY CUISINE FOR THE SPECIAL DIET CANINE

Home Cooking for Sick Dogs Second Edition is a cook book dedicated to dogs diagnosed with disease and illness. Our book replaces the need for nutrition lacking prescription diets that veterinarians often recommend. Concentrating on the health and healing benefits of a natural home prepared diet, this book will teach you how to prepare meals that can help to heal your dog from within. Including recipes for dogs with Cancer, Pancreatitis, Liver Disease, Kidney Disease, Heart Disease and Seizures, you'll also find recommended supplements and treatments for each specific illness and disease. Each recipe includes recommended meats, vegetables and grains (for those recipes that include grains). If you're looking for complicated recipes, then this book isn't for you. Our recipes were developed with both owner and dog in mind. They are easy for the owner and tasty for the dog.

THE HEALTHY DOG BOOK

THE NATURAL WAY TO CANINE CARE AND CUISINE

Robson Books Limited This is a unique guide to feeding and caring for dogs of different ages and breeds using only natural foods and remedies. Part encyclopedia, part recipe book, it features homeopathic tips and treatments to maintain optimum health. Specific ailments are treated with herbal remedies. Actress Alexandra Bastedo, who runs an animal sanctuary, keeps vets bills to a minimum with maximum nutrition, herbs and homeopathy. Jeannie Kemnitzer is an inventive cook who whistles up healthy meals quickly. Together their experience combines to produce this

informative and entertaining guide to dog care.

HOME COOKING FOR YOUR DOG

75 HOLISTIC RECIPES FOR A HEALTHIER DOG

Abrams Go beyond kibble—and put your dog on a healthier diet with recipes for Fido’s Fishcakes, Bacon and Cream Cheese Muffins, and more! Home Cooking for Your Dog is the first holistic cookbook for dogs to include recipes for cooked meals, treats, and the raw food diet. User-friendly, chop-licking recipes like Fido’s Fishcakes, Potluck Polenta, and Peanut Butter and Coconut Cakes call for healthy ingredients you can find in your local grocery store (or may already have at home) to create balanced, nutritious meals for a healthier, happier dog. Included are nutrition information, cooking tips, and anecdotes from the author about her own four dogs to help you transition your dog to a homemade diet. Illustrated with a combination of irresistible color photographs of dogs and humorous line art, the book is a must-have for dog owners everywhere—and a portion of the proceeds will support animal rescue.

THE SIMPLE LITTLE VEGAN DOG BOOK

CRUELTY-FREE RECIPES FOR CANINES

Book Publishing Company (TN) Here is all the information needed so our friendly carnivorous canines can flourish as omnivores. Highlights include: expert opinions from veterinarians and animal nutritionist enthusiasts on plant-based diets; health survey on dogs fed a vegan diet versus commercial based; comprehensive lists of "people" foods that are beneficial to dogs and those that are harmful; and dozens of recipes for biscuits and treats as well as more substantial fare. Basic Dog Biscuit Recipe, Banana Nut Crunch Bars, Apple Puggly PupCakes, Rover's Risotto, Canine Cashew Casserole and Snickerpoodles are a few of the numerous ways to supplement or completely transform mealtimes safely, soundly, and deliciously.

NUTRIENT REQUIREMENTS OF DOGS AND CATS

National Academies Press Updating recommendations last made by the National Research Council in the mid-1980s, this report provides nutrient recommendations based on physical activity and stage in life, major factors that influence nutrient needs. It looks at how nutrients are metabolized in the bodies of dogs and cats, indications of nutrient

deficiency, and diseases related to poor nutrition. The report provides a valuable resource for industry professionals formulating diets, scientists setting research agendas, government officials developing regulations for pet food labeling, and as a university textbook for dog and cat nutrition. It can also guide pet owners feeding decisions for their pets with information on specific nutrient needs, characteristics of different types of pet foods, and factors to consider when feeding cats and dogs.

VEGETARIAN TIMES

To do what no other magazine does: Deliver simple, delicious food, plus expert health and lifestyle information, that's exclusively vegetarian but wrapped in a fresh, stylish mainstream package that's inviting to all. Because while vegetarians are a great, vital, passionate niche, their healthy way of eating and the earth-friendly values it inspires appeals to an increasingly large group of Americans. VT's goal: To embrace both.

RAW & NATURAL NUTRITION FOR DOGS

THE DEFINITIVE GUIDE TO HOMEMADE MEALS

North Atlantic Books "The first comprehensive book to cover both raw and home-cooked diets specifically for dogs, written by an expert in dog food research and development"--Provided by publisher.

THE ROYAL TREATMENT

A NATURAL APPROACH TO WILDLY HEALTHY PETS

Simon and Schuster Citing a rise in animal illnesses that are akin to human maladies, a guide to promoting animal health draws on evolutionary and species-specific insights to share recommendations for an animal companion's nutritional, emotional and physical needs.

COCONUT THERAPY FOR PETS

Piccadilly Books, Ltd. What can you do if your cat has worms? Use coconut oil. What can you do about smelly doggy breath? Try coconut oil. What if your cat has an ear infection? Again, coconut oil. Believe it or not, coconut oil is a

highly effective treatment for a wide variety of common health problems. For this reason, coconut oil has gained a reputation as a superfood—a food that provides health benefits far beyond its nutritional content. Coconuts and coconut oil have a long history of safe and effective use as food and as medicine for both humans and animals. Most animals love the taste of coconut. Whether you own cats, dogs, ferrets, parrots, canaries, chickens, horses, goats, hamsters, gerbils, guinea pigs, rabbits, or other animals, they can all benefit from the nutritional and medicinal properties of coconut oil. Some of the many benefits include: ● Improves the appearance of the skin, hair, and feathers ● Reduces or eliminates body odor and bad breath ● Improves energy and balances metabolism ● Helps reduce excess body fat and maintain proper weight ● Prevents and fights bacterial, viral, and yeast infections ● Strengthens immune function ● Helps relieve kennel cough ● Improves oral health and whitens teeth ● Helps ease allergy symptoms ● Soothes itchy or irritated skin ● Improves digestion and nutrient absorption ● Protects against digestive disorders such as ulcers and colitis ● Expels or kills intestinal parasites ● Helps keep blood sugar in balance ● Helps build strong bones ● Helps prevent and ease joint pain and ligament problems ● Speeds healing from cuts, burns, insect bites, and other injuries ● Protects against fleas, ticks, mites, and other parasites

THE ULTIMATE GUIDE TO NATURAL HEALTH FOR DOGS & CATS

BREAKTHROUGH NUTRITION AND INTEGRATIVE CARE FOR DOGS AND CATS, BEHAVIOR, AND HAPPINESS

As a holistic veterinarian and scientist, Dr. Gary Richter helps dog and cat owners to navigate the thicket of treatment options and separate the fact from the fiction. He wants us to use what actually works, not just what Western science or alternative medicine say "should" work. This multifaceted approach to health is known as integrative medicine. The treatment he recommends has the backing of scientific research or years of successful outcomes in his clinical practice. After explaining the treatment, he offers specific recommendations for an integrative approach to common diseases, including allergies, skin conditions, diabetes, heart disease, and cancer. A holistic approach to health includes nutrition, as it sets up the foundation for your pet's health. Dr. Richter cuts through the hype in the pet-food world and explains how to choose the best commercial foods and supplements, and even includes both raw and cooked dog- and cat-food recipes for general diet as well as to treat specific needs. He also explains how we can use the right foods and supplements to "hack" the body's processes, including the immune system. Provide Shelter and a Healthy Environment for Your Dogs Balanced Feeding Diet Exercise Frequently Routinely Check Your Dog's Physical and Mental Health Ensure Identification Tags and Proper Licensing Get Pet Insurance for Your Dog Dog Checklist Train

Your Dog Dogs and cats who consume these lower-quality foods will survive, but they don't always thrive. Health issues such as obesity, arthritis, diabetes, allergies, kidney disease, and cancer are all linked in some way to nutrition. When shopping for your dog, this list can help guide you on things to buy for your dog: -Balanced diet dog food-Dog toothbrush-Feed and water bowls-Collar with an ID tag-Toys-Leash -Training crate-Brush and comb for grooming Nutrition is the foundation for good pet health. The foods that we feed our pets affect their digestion, energy levels, sleep patterns, immune systems, and overall longevity. The bad news is that most modern pet foods are far from what nature designed dogs and cats to eat. Many of the ingredients in today's "best selling" and "premium" foods. have little or no nutritional value. While the shelf price of these foods may be lower, the effects on your pet's health and wellbeing end up costing you more in the long run. Choosing healthier foods will result in improved health and quality of life for your pets.
