One Little Indian

Invisible Man Press In India, the land of 🐍🐍🐍snakes, elephants, gurus, and coconuts, 🐍🐍🐍 Vijay Prabhu grows up Catholic and confused. The result is an Indian Angela's Ashes, one in which Vijay, redefining his goals, dreams of going to America, the land of milk, honey, and Campbell's Cream of Chicken Soup. Surprisingly delightful...the unstoppably copious funniness is Shandian.-The Telegraph.

Indian Business Culture

Routledge Indian Business Culture addresses the cultural issues related to doing business in India. It looks at the impact of history and politics on business practice, and provides case studies to show how different companies have fared in India. India is one of the most rapidly developing economies in the world. Increasing numbers of multi-national companies are investing in large-scale projects in India, and business is booming. India is also a country of great racial and cultural diversity, often misunderstood by the world at large. Indian Business Culture is ideal for those who want to understand India and its people better, and to enhance your chances of being successful in business there. It provides an objective look at the complexities of conducting business in India. Such insights are vital for risk assessments as well as for negotiations. Rajiv Desai is President of Indian Public Affairs Network, the country's premier public relations/public affairs consulting firm. Mr Desai was media advisor to Rajiv Gandhi in the 1989 and 1991 election campaigns. He is also a journalist and his work has been published in a wide variety of international newspapers and magazines.

Johnny Eagle, An American Indian - My Best Friend

An American Indian - My Best Friend

Xlibris Corporation Johnny Eagle, an Apache Indian and Charley a white boy, become best of friends at the age of eight. They survive the "Great Depression," extreme prejudice because Johnny is an Indian, intimidation by an influential lawyer and his crooked sheriff, because they witness a murder that involved the lawyer. The boys and their families are threatened with harm if they mention to anyone what they have seen. Charley moves to California at the age of thirteen. Years later they meet again when Charley now in the military recruits Johnny for the military intelligence. Johnny becomes famous with other agents because of his skills. Disappointed in the people our government put in charge to replace the corrupt people we overthrew, both men leave the military in 1955. Charley marries and raises a fine family. Johnny returns to the mountains he loves and becomes almost a legend to the mountain people he helps.

The Internationalization of Communal Strife (Routledge Revivals)

Routledge First published in 1992, this edited collection argues that conflicts have a growing tendency both to intensify and to lengthen, thus increasing the likelihood of external actors being drawn into the on-going violence. Here, leading experts in comparative and international politics examine this tendency of communal conflicts to spill over into the international arena. They also look at the conditions under which these processes do not occur and are mediated successfully. The authors combine theoretical perspectives with case studies, covering examples from the origins of the First World War, to state building in Iraq, and whether it was a precursor of the Iran-Iraq War and the Gulf Crisis. They present both a global overview and a focus on the state as the single most important intermediary in the internationalization process. A comprehensive and relevant reissue, this volume will appeal to students and scholars of International Relations, Comparative Politics and Strategic Studies.

Indian Book Chronicle

The British Friend of India Magazine, and Indian Review

The Indian World of George Washington

The First President, the First Americans, and the Birth of the Nation

Oxford University Press A biography of America's founding father and those on whose land he based the nation's futureGeorge Washington dominates the narrative of the nation's birth, yet American history has largely forgotten what he knew: that the country's fate depended less on grand rhetorical statements of independence and self-governance than on land - Indian land. While other histories have overlooked the central importance of Indian power during the country's formative years, Colin G. Calloway here gives Native American leaders their due, revealing the relationship between the man who rose to become the most powerful figure in his country and the Native tribes whose dominion he usurped. In this sweeping new biography, Calloway uses the prism of Washington's life to bring focus to the great Native leaders of his time - Shingas, Tanaghrisson, Bloody Fellow, Joseph Brant, Red Jacket, Little Turtle - and the tribes they represented: the Iroquois Confederacy, Lenape, Miami, Creek, Delaware; in the process, he returns them to their rightful place in the

story of America's founding. The Indian World of George Washington spans decades of Native American leaders' interaction with Washington, from his early days as surveyor of Indian lands, to his military career against both the French and the British, to his presidency, when he dealt with Native Americans as a head of state would with a foreign power, using every means of diplomacy and persuasion to fulfill the new republic's destiny by appropriating their land. By the end of his life, Washington knew more than anyone else in America about the frontier and its significance to the future of his country. The Indian World of George Washington offers a fresh portrait of the most revered American and the Native Americans whose story has been only partially told. Calloway's biography invites us to look again at the story of America's beginnings and see the country in a whole new light.

China's Maritime Silk Road Initiative and South Asia

A Political Economic Analysis of its Purposes, Perils, and Promise

[Springer](#) This book brings together a diverse range of responses to China's Marine Silk Road Initiative, which proposes to redraw the map of Asia, particularly South Asia. China's 21st Century Maritime Silk Road Initiative (MSRI) is a massive scheme to connect wide swaths of East, Southeast, South, and West Asia through a dense web of interconnected hard and soft infrastructure involving ports, roads, logistics facilities, special industrial zones, and free trade and investment agreements. This book will be invaluable for students of Chinese foreign security and foreign economic policy, those interested in South Asia including Indian foreign security and economic policy as well as Indian relations with China, those attentive to international economic developments in East and South Asia, and those interested in the political and economic situation in specific MSRI participant countries such as Pakistan, Maldives, and Sri Lanka as well as their political and economic relations with China.

American Indian Policy in Crisis

Christian Reformers and the Indian, 1865–1900

University of Oklahoma Press In this book a distinguished authority in the field presents an account of United States Indian policy in the years 1865 to 1900, one of the most critical periods in Indian-white relations. Francis Paul Prucha discusses in detail the major developments of those years—Grant's Peace Policy, the reservation system, the agitation for transfer of Indian affairs to military control, the General Allotment Act (the Dawes Act), Indian citizenship, Indian education, Civil Service reform of the Bureau of Indian Affairs, and the dissolution of the Indian nations of the Indian Territory. American Indian Policy in Crisis focuses on the Christian humanitarians and philanthropists who were the ultimate driving force in the "reform" of Indian affairs. The programs of these men and women to individualize and Americanize the Indians and turn them into patriotic American citizens indistinguishable from their white neighbors are examined at length. The story is not a pretty one, for reformers' changes were often disastrous for the Indians, and yet it is a tremendously important work for understanding the Indians' situation and their place in American society today. Prucha does not treat Indian policy in isolation but relates it to the dominant cultural and intellectual currents of the age. This book furnishes a view of the evangelical Christian influence on American policy and the reforming spirit it engendered, both of which have a significance extending beyond Indian policy alone. Thorough documentation and an excellent bibliography enhance its value.

The Great Indian Novel

Simon and Schuster In this award-winning novel, Tharoor has masterfully recast the two-thousand-year-old epic, The Mahabharata, with fictional but highly recognizable events and characters from twentieth-century Indian politics. Nothing is sacred in this deliciously irreverent, witty, and deeply intelligent retelling of modern Indian history and the ancient Indian epic The Mahabharata. Alternately outrageous and instructive, hilarious and moving, it is a dazzling tapestry of prose and verse that satirically, but also poignantly, chronicles the struggle for Indian freedom and independence.
