Guardian Angel The Beginning AuthorHouse "Guardian Angel" the Book is like an Odyssey; a journey that questions and challenges the ethos of man through the ages; especially in East Africa, irrespective of time, site or circumstance. The author has consistently refused to veer from this contention; however unpalatable some of the home-truths that surfaces along the way; for this is not a fictional novel, but the living experiences of a suffering people through time. Many of the characters he faced in his battle for survival, were men that had no good reason to stray from the honourable path to Independence, and the true freedoms of their people. The Manifestos were believable and opportunities to implement them in their entirety were not denied them. They even enjoyed hero status as they were the first; they were the undisputed bearers of the flags of freedom. But sadly, they and they alone must chose to betray this goodwill; they and they alone must have succumbed to the ills of power. "Guardian Angel" - The Book, so aptly lays bare their hypocrisy and betrayal, while confirming the bounteous beauty of life Running Scared For 22 years he was a fugitive - the corrupt cop busted by God Monarch Books Robert Leon Davis was a respected police officer in New Orleans serving for four years until 1979-when he was arrested. He had begun his career with aspirations of being a great cop. But he was exposed to a darker side of law enforcement. While partnered with a veteran Robert first witnessed an officer violate the very laws he vowed to uphold - and shared his crime. One compromise led to another, and Davis faced arrest. From studying criminal law at Loyola University and becoming an award winning officer, Davis was a fugitive, living off the land in remote forests in America and

Canada to elude capture. The church upbringing, where his grandmother made sure he learned about God and Jesus, was abandoned in anger. Through a stranger's prayer the angry atheist realised he was weary of running. He yielded his life to God, and gave himself in. Welch investigates the roots of fear in the human heart and the ramifications of living in the grips of anxiety, worry, and dread. *Running Scared* explores how fear inescapably takes root in all of our lives—and how our race for the good life finds us all too often “running scared.” Welch encourages readers to discover for themselves how the Bible is full of beautiful words of comfort and peace for fearful people. The British Drama Illustrated Leslie's Harper's New Monthly Magazine Life Lessons from the Lottery Protecting Your Money in a Scary World The world is an increasingly complicated place, but one rule has held true for centuries: People who have financial security control the destiny of people who don't. People who are financially secure live longer and healthier lives. They have the freedom and independence to pick what they want to do for a living, where they want to live and to create a financial legacy for their families and causes they support. So why do so many people who "have it made" run through their money and wind up broke? Why do the majority of lottery winners, injury victims, professional athletes and people who receive an inheritance run through it all so quickly? A better question: How do you keep it from happening to you? How do you protect your

retirement, injury settlement or inheritance in a way that will keep you financially secure for life? In his fourth book, best-selling author and financial guru Don McNay offers concrete solutions to those questions. McNay draws upon his internationally recognized expertise on what to do when you win the lottery and his 30 years experience as a structured settlement consultant to show people how money can provide them with happiness, security and peace of mind. Although McNay has a strong academic background with two master's degrees and four financial professional designations, the book is written in a style that everyone can grasp and understand. He breaks the book into five sections, based on the five rules of thumb that he gave to lottery winners in his 2008 bestseller, *Son of a Son of a Gambler: Winners, Losers and What to Do When You Win the Lottery*. McNay said that his book is about financial freedom. "Real freedom means stability, security and independence," he said. "It means never running out of money. It means never having to work at a job you hate, because you can't afford to quit. It means never becoming a slave to your creditors. It means having control and stability in your life." *Life Lessons from the Lottery: Protecting Your Money in a Scary World* is the road map to finding that kind of freedom. *Too Tired to Keep Running, Too Scared to Stop Change Your Beliefs, Change Your Life* Element Books Limited Examines how the core belief of a person's inadequacy starts and develops into a multitude of limiting beliefs that form a blueprint of personal reality
