BACKPACKING AND TREKKING IN PERU AND BOLIVIA

Hunter Publishing, Inc **Often referred to as Abaco, this cluster of islands, islets, and rocky outcrops forms an archipelago that stretches for more than 100 miles, from Walker's Cay in the northeast Bahamas, all the way down to Hole in the**

Wall in the southwest. It is the second largest grouping of islands in the Bahamas. Abaco, aside from being the most affluent and most-visited of the Out Islands, is also the most developed. Marsh Harbour, its capital city, is the third largest city in the Bahamas. But, with more than 650 square miles of almost deserted land and a total population of around 11,000, Abaco is hardly a bustling metropolis. Still, there's plenty to see and do and the available amenities are, for the most part, modern. The Abacos are a mixture of isolated settlements and neat towns and villages that might have been lifted straight out of New England. Pastel-colored clapboard houses and white picket fences contrast sharply with bumpy, deserted roads. The Abacos offer sun-drenched beaches, warm ocean breezes, tropical trees and flowers, and quiet country lanes. More than 50 species of wild and tropical birds inhabit the islands, along with wild boar, several species of lizards and, in the surrounding waters, bonefish. Most of the men earn their living from the ocean. The Abacos offer all sorts of spectacular outdoor activities, including sailing, sport fishing, sea kayaking, snorkeling, wreck diving, boating, guided island hopping, beach picnics, all-day island safaris, bird-watching and nature tours, hiking, fishing, biking, shelling, and on and on. Most of the settlements on the Abacos sprang up along the east side of the main island. On the other islands, including Great Guana, Man-O-War Cay, Green Turtle Cay, Elbow Cay, and Little Abaco, a number of quaint little towns have grown up, named New Plymouth, Hope Town, Cooper's Town and Treasure Cay. Photographs throughout. All the latest information on the best hotels in all price categories, restaurants, dive sites, dive operators, fishing guides and much, much more. You'll find more information on these islands here than in any other guide. Reviews of the complete guide to the Bahamas, from which this is drawn: This is a highly informative guidebook that reviews both the obvious and obscure. The Bahamas has so much to offer and this book really manages to cover quite a bit. I highly recommend it for someone that wants an insight into each of the islands that make up the Bahamas. -- Globehounda Now in an updated fourth edition, The Bahamas and Turks & Caicos is a travel guide to the 700+ islands of the Bahamas as well as the Turks and Caicos. Fabulously illustrated with full color photographs on virtually every page, The Bahamas and Turks & Caicos lists the best hotels in different price ranges, restaurants, dive sites, dive operators, tours, fishing guides, historic forts and pirate hideouts, where one can walk through tropical forests or play with dolphins, find duty-free shops with bargains, and much more. An easy-to-use, reader-friendly field guide. Highly recommended for tourists and business travelers alike. -- Midwest Book Review"

THE ROUGH GUIDE TO BOLIVIA

Rough Guides

LA PAZ BOLIVIA & BEYOND

Hunter Publishing, Inc This guide is based on our much larger (530-page) guide to Bolivia. Here we zero in on La Paz, The capital, and all of the nearby attractions. La Paz is not a big city on the world scale, but it is certainly one of the more interesting ones. Built in a bowl created by the Choqueyapu River, The upper parts of the city stand 1,645 ft/500 m above the lower sections. Unlike any other city in the world, The richer neighborhoods are located at the lower levels. This is partly due To The fact that it is warmer and easier to breathe at the lower altitudes. Also, The pinnacles and spires of conglomerate rock and clay that have been sculptured by wind and water make a dramatic backdrop for those living below them. The higher up the bowl one goes, The more unstable the land becomes And The more likely a landslide will occur. The plazas, squares and Prado are well kept in La Paz and even in the depth of winter plants are tended to help make the city attractive. Street cleaners are out every day and local merchants regularly wash the area in front of their shops. On a clear day, Mount Illimani, a snow-covered monolith, can be seen as a sentry towering over the city. Valley of the Moon is six miles/10 km from the center of La Paz and can be reached by joining a tour or by taking micro bus #11 or minibus #231 or 273 to Mallasilla. The hillside features a maze of clay canyons and pinnacles that have been sculpted by wind and rain. Narrow trails through the landscape take about an hour to walk. There is also a cactus park just before the entrance. The park overlooks a gorge and has paths leading around numerous types of cacti. As you continue up the road you will come to Parque National Mallasa with its bird observatory and, across the road, The zoo area. The road passes under natural stone bridges and past Chulpani's Red Hill. There is no mistaking which hill this is. From Mallasa one can see across the river To The highest golf course in the world. Devil's Tooth or Muela del Diablo is a huge volcanic plug sticking out of the landscape to a height of 13,000 ft/3,950 m. Several trails go To The right; follow the one that obviously leads To The village. From there, go To The left for .3 miles (about half a kilometer), To the foot of the rock. Climbers are occasionally found on the east face. Canyon de Palca, or Valle de Animas, Is a deep canyon that was carved by the Rio Palca centuries ago. To get there, take a bus going to Huni from Plaza Belzu on Avenida Mexico in San Pedro. There are huge pinnacles and wind-carved conglomerates. The trail continues along the bottom of the canyon to a natural obelisk. Just past the obelisk is a rock that has the appearance of a human hiding in a cave. The rock is called the hermit of the canyon. Continue along the canyon to its end and

climb to your left up To The village of Palca. This is a long day-hike. All of the detailed information you need is here about the hotels, restaurants, shopping, sightseeing. But we also lead you to new discoveries, turning corners you haven't turned before, helping you to interact with the world in new ways. That's what makes our Adventure Guides unique. "An excellent addition To The Adventure Guide series, packed with detail, from where to stay and eat, To where to shop for local crafts and how to enjoy historic sites. This guide surveys the wildlife and outdoor opportunities of the country, which range from tropical jungle to high plains deserts. Hiking and viewing opportunities blend with cultural insights. Highly recommended." - The Midwest Book Review.

COSTA RICA'S CARIBBEAN COAST

Hunter Publishing, Inc This guide is based on our full Bolivia Adventure Guide, which is 440 pages. It focuses on the area between the two major spines of the Bolivian Andes, the Western Cordillera and the Cordillera Real. This is a dry plain, the world's largest, called the Altiplano. Starting at Lake Titikaka, the Altiplano runs 490 miles/800 km to the south. Some geographers believe that the Altiplano is a dried lake bed and that Lake Titikaka is the shrinking remnants of the ancient lake. Standing at 11,000 ft/3,660 m above the sea, the Altiplano has been cultivated to grow high-altitude crops like potatoes, barley and quinoa. Half of the nation's population lives in the Altiplano, the main theater of Bolivia's history. All of the detailed information you need is here about the hotels, restaurants, shopping, sightseeing.
