### THE AMISH QUILTMAKER'S UNRULY IN-LAW

---

Zebra Books *Moving to a new Amish settlement in small-town Colorado was a brave new start for independent-minded quiltmaker Esther Kiem. But helping her reckless relative will really put her special matchmaking skills to the test . . . Mischievous and rebellious, young Ben Kiem is making the wrong kind of name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can't see anything they have in common. Or that he could ever be good enough for someone like her. But Linda's down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn't be more surprised when Ben turns out to be caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she and Ben must risk enough to trust, stitch the pieces back together—and dare a forever precious happiness. Praise for Jennifer Beckstrand and Abraham "This is an endearing romance that fans of Wanda Brunstetter will love." —Publishers Weekly*

## **HODAKA MOTORCYCLES**

---

*Hodaka motorcycles were some of the most creatively marketed and designed motorcycles in America. The bike of choice for the hip young racer, the street-savvy urbanite, or the 14-year-old boy's favorite poster, these machines had colorful logos, creative advertising and terrific names. The Combat Wombat, Road Toad, Dirt Squirt and the fantastic Super Rat are just a few of the models produced by Hodaka. More than 15 years in the making, this exhaustively-researched tome contains all the details about the machines as well as a treasure trove of photographs, advertisements, and graphics. Written by Ken Smith, the editor of VMX Magazine, and created with the help of Paul Stannard of Strictly Hodaka and many of the people who designed and sold Hodakas back in the day, this book is a captivating, colorful look at one of the wildest, most popular motorcycles of the 1960s and 1970s.*

## **TOPOLOGY OPTIMIZATION**

---

---

### **THEORY, METHODS, AND APPLICATIONS**

---

*Springer Science & Business Media The topology optimization method solves the basic engineering problem of distributing a limited amount of material in a design space. The first edition of this book has become the standard text on optimal design which is concerned with the optimization of structural topology, shape and material. This edition, has been substantially revised and updated to reflect progress made in modelling and computational procedures. It also encompasses a comprehensive and unified description of the state-of-the-art of the so-called material distribution method, based on the use of mathematical programming and finite elements. Applications treated include not only structures but also materials and MEMS.*

**HONDA MOTORCYCLES WORKSHOP MANUAL C100 SUPER CUB**

*Valueguide* A faithful reproduction of the 1970 Floyd Clymer publication of the official Honda Factory Workshop Manual specific to the n00 50cc Super Cub series of motorcycles. This manual includes all of the data that you would expect from a factory publication for the repair and overhaul of all major and minor mechanical and electrical components. It also includes a comprehensive trouble shooting section plus tables of technical data, tolerances and fits making it an invaluable resource for collectors and restorers of these classic Honda motorcycles. There are 136 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Honda enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic motorcycles. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

**STEEL**

*Poetry.* Winner of the 2014 Cider Press Review Book Award. Book award judge Jeffrey Harrison says of STEEL: "Two tragic events haunt this powerful first collection-the early loss of the poet's mother and her brother's death-the kind of events that 'change the alignment / of every season after' and tear open vast absences in a life. Alison Prine bravely explores those absences here, engaging in the struggle to make something 'immune to ruin' out of what is broken and to mend the connections severed by death, even while acknowledging the inability of language to fill the void left by loved ones or to find easy answers. 'This isn't consolation,' as she says in one poem. Instead, poem by poem, she makes a dwelling for herself and the reader, 'building from the inside' while remaining attuned to the possibility of correspondences in the outside world. And through the quiet urgency of her voice, she finds 'a secular way of praying.' This book is a blessing.

## **THE HONDA GL1800 GOLD WING**

---

*Evolution or revolution ... this was the dilemma Honda faced in creating the new fifth generation Gold Wing. Consumers were happy with the near-perfect GL1500 Gold Wing, but sales were declining and owners ageing. In 1996 Honda's designers and engineers decided the only way forward for the Gold Wing was a revolutionary approach. Given a brief by management to incorporate more 'Fun Factor' and make a large luxury touring motorcycle perform like a sports orientated machine, their target market was the younger rider. The GL1800 Gold Wing launched as a 2001 model and was updated in 2006 with the world's first and only motorcycle airbag system. Surviving a production return to Japan it had a second face-lift for 2012 and from that, two other variants emerged, a 'Bagger' and 'Power Cruiser', the F6B and Valkyrie/F6C. The GL1800 was destined to become the longest running Gold Wing series, but over its 17 years of production Honda faced stiff competition. Peter Rakestrow examines the GL1800's history from 1996 to the end of production in 2017, looking at model improvements through the years of this legendary marque, creating a point of reference for owners, buyers and restorers alike.*
