This body of work builds on Rosenbaum and Pearl's combined 30+ years of experience on a multitude of transactions, as well as input received from numerous investment bankers, investment professionals at private equity firms and hedge funds, attorneys, corporate executives, peer authors, and university professors. This book fills a noticeable gap in contemporary financial literature, which tends to focus on theory rather than practical application. It focuses on the primary valuation methodologies currently used on Wall Street—comparable companies, precedent transactions, DCF, and LBO analysis—as well as M&A analysis. The ability to perform these methodologies is especially critical for those students aspiring to gain full-time positions at investment banks, private equity firms, or hedge funds. This is the book Rosenbaum and Pearl wish had existed when we were trying to break into Wall Street. Written to reflect today's dynamic market conditions, Investment Banking, UNIVERSITY EDITION skillfully: Introduces students to the primary valuation methodologies currently used on Wall Street Uses a step-by-step how-to approach for each methodology and builds a chronological knowledge base Defines key terms, financial concepts, and processes throughout Provides a comprehensive overview of the fundamentals of LBOs and an organized M&A sale process Presents new coverage of M&A buy-side analytical tools—which includes both qualitative aspects, such as buyer motivations and strategies, along with technical financial and valuation assessment tools Includes a comprehensive merger consequences analysis, including accretion/dilution and balance sheet effects Contains challenging end-of-chapter questions to reinforce concepts covered A perfect guide for those seeking to learn the fundamentals of valuation, M&A, and corporate finance used in investment banking and professional investing, this UNIVERSITY EDITION—which includes an instructor's companion site—is an essential asset. It provides students with an invaluable education as well as a much-needed edge forgoing entry to the ultra-competitive world of professional finance. **Investment Banking Valuation, Leveraged Buyouts, and Mergers and Acquisitions** [John Wiley & Sons](#) The No. 1 guide to investment banking and valuation methods, including online tools In the constantly evolving world of finance, a solid technical foundation is an essential tool for success. Until the welcomed arrival of authors Josh Rosenbaum and Josh Pearl, no one had taken the time to properly codify the lifeblood of the corporate financier's work—namely, valuation, through all of the essential lenses of an investment banker. With the release of Investment Banking, Second Edition: Valuation, Leveraged Buyouts, and Mergers & Acquisitions, Rosenbaum and Pearl once again have written the definitive book that they wish had existed when they were trying to break into Wall Street. The Second Edition includes both the technical valuation fundamentals as well as practical judgment skills and perspective to help guide the science. This book focuses on the primary valuation methodologies currently used on Wall Street: comparable companies analysis, precedent transactions analysis, discounted cash flow analysis, and leveraged buyout analysis. With the new fully revised edition, they have added the most comprehensive, rigorous set of intuition-building and problem-solving ancillaries anywhere all of which promised to become essential, knowledge enhancing tools for professionals, and professors and students. For those who purchase this edition of the book, there are options to purchase the Valuation Models separately (9781118586167), and to also consider purchase of the Investing Banking Workbook (9781118456118) and Investment Banking Focus Notes (9781118586082) for further self-study. **Start Manage Grow A Guide for Entrepreneurs** [Notion Press](#) "Success is not the key to happiness.
