The Shakespeare Stealer [Penguin](#) A delightful adveture full of humor and heart set in Elizabethan England! Widge is an orphan with a rare talent for shorthand. His fearsome master has just one demand: steal Shakespeare's play "Hamlet"--or else. Widge has no choice but to follow orders, so he works his way into the heart of the Globe Theatre, where Shakespeare's players perform. As full of twists and turns as a London alleyway, this entertaining novel is rich in period details, colorful characters, villainy, and drama. * "A fast-moving historical novel that introduces an important era with casual familiarity." --School Library Journal, starred review "Readers will find much to like in Widge, and plenty to enjoy in this gleeful romp through olde England" --Kirkus Reviews "Excels in the lively depictions of Elizabethan stagecraft and street life." --Publishers Weekly An ALA Notable Book Moksha Aldous Huxley's Classic Writings on Psychedelics and the Visionary Experience [Simon and Schuster](#) Selected writings from the author of Brave New World and The Doors of Perception on the role of psychedelics in society. • Includes letters and lectures by Huxley never published elsewhere. In May 1953 Aldous Huxley took four-tenths of a gram of mescaline. The mystical and transcendent experience that followed set him off on an exploration that was to produce a revolutionary body of work about the inner reaches of the human mind. Huxley was decades ahead of his time in his anticipation of the dangers modern culture was creating through explosive population increase, headlong technological advance, and

militant nationalism, and he saw psychedelics as the greatest means at our disposal to "remind adults that the real world is very different from the misshapen universe they have created for themselves by means of their culture-conditioned prejudices." Much of Huxley's writings following his 1953 mescaline experiment can be seen as his attempt to reveal the power of these substances to awaken a sense of the sacred in people living in a technological society hostile to mystical revelations. Moksha, a Sanskrit word meaning "liberation," is a collection of the prophetic and visionary writings of Aldous Huxley. It includes selections from his acclaimed novels *Brave New World* and *Island*, both of which envision societies centered around the use of psychedelics as stabilizing forces, as well as pieces from *The Doors of Perception* and *Heaven and Hell*, his famous works on consciousness expansion. *Fanny Burney and Her Friends Select Passages from Her Diary and Other Writings* *How the Light Gets In* A Chief Inspector Gamache Novel [Minotaur Books](#) The #1 New York Times Bestseller "There is a crack in everything. That's how the light gets in." —Leonard Cohen Christmas is approaching, and in Québec it's a time of dazzling snowfalls, bright lights, and gatherings with friends in front of blazing hearths. But shadows are falling on the usually festive season for Chief Inspector Armand Gamache. Most of his best agents have left the Homicide Department, his old friend and lieutenant Jean-Guy Beauvoir hasn't spoken to him in months, and hostile forces are lining up against him. When Gamache receives a message from Myrna Landers that a longtime friend has failed to arrive for Christmas in the village of Three Pines, he welcomes the chance to get away from the city. Mystified by Myrna's reluctance to reveal her friend's name, Gamache soon discovers the missing woman was once one of the most famous people not just in North America, but in the world, and now goes unrecognized by virtually everyone except the mad, brilliant poet Ruth Zardo. As events come to a head, Gamache is drawn ever deeper into the world of Three Pines. Increasingly, he is not only investigating the disappearance of Myrna's friend but also seeking a safe place for himself and his still-loyal colleagues. Is there peace to be found even in Three Pines, and at what cost to Gamache and the people he holds dear? *How the Light Gets In* is the ninth Chief Inspector Gamache Novel from Louise Penny. One of Publishers Weekly's Best Mystery/Thriller Books of 2013 One of The Washington Post's Top 10 Books of the Year An NPR Best Book of 2013 *Richard Wagner's Prose Works* *Austen's Unbecoming Conjunctions* *Subversive Laughter, Embodied History* [Springer](#) *Austen's Unbecoming Conjunctions* is a contemporary study of all Jane Austen's writings focusing on her representation of women, sexuality, the material objects, and linguistic patterns by which this sexuality was expressed. Heydt-Stevenson demonstrates the subtle, vulgar, and humorous ways Austen uses human bodies, objects, and activities (fashion, jewelry, crafts, popular literature, travel and tourism, money, and courtship rituals) to convey sexuality and sexual appetites. Through the sexual subtext, Heydt-Stevenson proposes, Austen satirized contemporary sexual hypocrisy; overcame the stereotypes

of women authors as sexually inhibited, sheltered, or repressed; and addressed as sophisticated and worldly an audience as Byron's. Thus through her careful reading of all the Austen texts in light of the language of eroticism, both traditional and contemporary, Heydt-Stevenson re-evaluates Austen's audience, the novels, and her role as a writer.

Nabokov's Canon From "Onegin" to "Ada" [Northwestern University Press](#) Nabokov's translation of Pushkin's Eugene Onegin (1964) and its accompanying Commentary, along with *Ada, or Ardor* (1969), his densely allusive late English language novel, have appeared nearly inscrutable to many interpreters of his work. If not outright failures, they are often considered relatively unsuccessful curiosities. In Bozovic's insightful study, these key texts reveal Nabokov's ambitions to reimagine a canon of nineteenth- and twentieth-century Western masterpieces with Russian literature as a central, rather than marginal, strain. Nabokov's scholarly work, translations, and lectures on literature bear resemblance to New Critical canon reformations; however, Nabokov's canon is pointedly translingual and transnational and serves to legitimize his own literary practice. The new angles and theoretical framework offered by Nabokov's Canon help us to understand why Nabokov's provocative monuments remain powerful source texts for several generations of diverse international writers, as well as richly productive material for visual, cinematic, musical, and other artistic adaptations. **Lessons of Romanticism A Critical Companion** [Duke University Press](#) Explores how the Romantic period gave birth to a seductive cognitive cultural program that retains far reaching implications for contemporary views on individuality and relationships between the individual and larger groups of identification. **Established A Rule Against Murder** [Sphere](#) Previously published as *The Murder Stone* The acclaimed fourth novel in the bestselling Chief Inspector Gamache series, by international phenomenon and number one New York Times bestseller Louise Penny. Big World, Small Planet Abundance Within Planetary Boundaries [Yale University Press](#) "A carefully laid-out argument about the ecological limits of our planet—and the challenge these limits pose to our patterns of life and economic growth."—Daniel C. Esty, coauthor of Green to Gold Big World, Small Planet probes the urgent predicament of our times: how is it possible to create a positive future for both humanity and Earth? We have entered the Anthropocene—the era of massive human impacts on the planet—and the actions of over seven

billion residents threaten to destabilize Earth's natural systems, with cascading consequences for human societies. In this extraordinary book, the authors combine the latest science with compelling storytelling and amazing photography to create a new narrative for humanity's future. Johan Rockström and Mattias Klum reject the notion that economic growth and human prosperity can only be achieved at the expense of the environment. They contend that we have unprecedented opportunities to navigate a "good Anthropocene." By embracing a deep mind-shift, humanity can reconnect to Earth, discover universal values, and take on the essential role of planetary steward. With eloquence and profound optimism, Rockström and Klum envision a future of abundance within planetary boundaries—a revolutionary future that is at once necessary, possible, and sustainable for coming generations. "We are inflicting grave damage on Planet Earth, and if we carry on with 'business as usual' we may reach the point of no return—when ecosystems collapse and more and more species become extinct. There is hope if only we can bridge the gap between the clever human brain and the compassionate human heart and act now. Johan Rockström and Mattias Klum lead the way with scientific clarity, powerful storytelling, and inspiring and award-winning photography."—Dr. Jane Goodall

Their relationship, told in lush, erotic, and occasionally melancholic prose, comes to represent not only the invasion and decline of this insular family, but the decline of Ireland and Western Europe as a whole in the years preceding World War II. In the tradition of great Irish writing, Higgins's prose is a direct descendent from that of James Joyce and Samuel Beckett, and nowhere else in his mastery of the language as evident as in *Langrishe, Go Down*, which the *Irish Times* applauded as "the best Irish novel since *At Swim-Two-Birds* and the novels of Beckett." *Loving Anna* [CreateSpace](#) *Amelia* Kurt was different. And she knew it. That didn't stop her from loving her best friend, Annabelle Johnson. They spent an entire summer making love, and growing into what was promising to be the only relationship either ever knew. Then, one day, the unexpected happens. Anna disappears. No reason, no forwarding address, no number. She was simply gone. Eleven years later, Anna returns. Her truth is heartbreaking but it's only the beginning of their journey to recovery.
