American English File OXFORD "Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

English file. Intermediate : Teacher's book [with test and assessment CD-ROM] Masquerade In a wondrous world of riddles and hidden treasure, bumbling Jack Hare is on a race against time to deliver a message of love from the Moon to the Sun. Far, far away in a world just like ours, a mother cheers her son Joe with the tale of Jack Hare's adventure. But when Jack's mission goes topsy-turvy, Joe and his mum must come to the rescue, and the line between the two worlds becomes blurred forever. Bringing to life Kit Williams' iconic picture book, Masquerade stars a talking fish, a tone-deaf barbershop quartet, a gassy pig, a precious jewel and a few mere mortals. It's a magical adventure that is, at its heart, about the love between a parent and a child.

Asking Questions in Biology Key Skills for Practical Assessments and Project Work Pearson Education Asking Questions in Biology is all about scientific discovery. Biology students must be able to analyse data and produce high quality reports, but before this they need to work out exactly what it is they are trying to discover. Asking Questions in Biology begins with the often overlooked (yet crucial) skill of asking the right question, in the right way. It then moves on to present the tools and techniques required to gather data, analyse this data and finally to present this data

(either orally or in a formal report). **To Capture What We Cannot Keep A Novel** Flatiron Books Set against the construction of the Eiffel Tower, this novel charts the relationship between a young Scottish widow and a French engineer who, despite constraints of class and wealth, fall in love. In February 1887, Caitriona Wallace and Émile Nouguier meet in a hot air balloon, floating high above Paris, France--a moment of pure possibility. But back on firm ground, their vastly different social strata become clear. Cait is a widow who because of her precarious financial situation is forced to chaperone two wealthy Scottish charges. Émile is expected to take on the bourgeois stability of his family's business and choose a suitable wife. As the Eiffel Tower rises, a marvel of steel and air and light, the subject of extreme controversy and a symbol of the future, Cait and Émile must decide what their love is worth. Seamlessly weaving historical detail and vivid invention, Beatrice Colin evokes the revolutionary time in which Cait and Émile live--one of corsets and secret trysts, duels and Bohemian independence, strict tradition and Impressionist experimentation. **To Capture What We Cannot Keep**, stylish, provocative, and shimmering, raises probing questions about a woman's place in that world, the overarching reach of class distinctions, and the sacrifices love requires of us all. **KS2 Science Study Book** Collins Level: KS2 Subject: Maths When it comes to getting the best results, practice really does make perfect!
