It was originally published in 1923 by Alfred A. Knopf. It is Gibran's best known work. The Prophet has been translated into over 100 different languages, making it one of the most translated books in history, and it has never been out of print. The prophet, Al Mustafa, has lived in the city of Orphalese for 12 years and is about to board a ship which will carry him home. He is stopped by a group of people, with whom he discusses topics such as life and the human condition. The book is divided into chapters dealing with love, marriage, children, giving, eating and drinking, work, joy and sorrow, houses, clothes, buying and selling, crime and punishment, laws, freedom, reason and passion, pain, self-knowledge, teaching, friendship, talking, time, good and evil, prayer, pleasure, beauty, religion, and death. The study of the Koran must develop and mature. Scholars of Islam are of course familiar with the book's many errors and contradictions, but these inherent flaws have rarely been revealed to a wider public. The Origins of the Koran is an attempt to remedy this deficiency by bringing together classic critical essays which raise key issues surrounding Islam's holy book. Divided into four parts, this important anthology begins with Theodor Nöldeke's first truly scientific study of the Koran. Part Two focuses on the difficulty of establishing a reliable Koranic text, while Part Three examines the Jewish, Christian, and Zoroastrian sources of Muhammad's revelation. Part Four is a consideration of the controversial interpretations of contemporary scholar John Wansbrough, who questions the historical reliability of the earliest Islamic sources. This superb collection, which includes additional selections from Leone Caetani, Arthur Jeffery, David Margoliouth, Andrew Rippin, C.C. Torrey, and more, will prove indispensable to scholars and all those interested in the textual underpinning of one of the fastest growing religions in the world. Ibn Warraq is the highly acclaimed author of *Why I Am Not a Muslim* and *Defending the West*. He is also the editor of *The Origins of the Koran, What the Koran Really Says, Leaving Islam, The Quest for the Historical Muhammad, and Which Koran*. **Design to Live Everyday Inventions from a Refugee Camp** *MIT Press* The power of design to create a life worth living even in a refugee camp: designs, inventions, and artworks from the Azraq Refugee Camp in Jordan. This book shows how, even in the most difficult conditions—forced displacement, trauma, and struggle—design can help create a life worth living. Design to Live documents designs, inventions, and artworks created by Syrian refugees living in the Azraq Refugee Camp in Jordan. Through these ingenious and creative innovations—including the vertical garden, an arrangement necessitated by regulations that forbid planting in the ground; a front hall, fashioned to protect privacy; a baby swing made from recycled desks; and a chess set carved from a broomstick—refugees defy the material scarcity, unforgiving desert climate, and cultural isolation of the camp. Written in close collaboration with the residents of the camp, with text in both English and Arabic, *Design to Live*, reflects two perspectives on the camp: people living and working in Azraq and designers reflecting on humanitarian architecture within the broader field of socially engaged art and design. Architectural drawings, illustrations, photographs, narratives, and stories offer vivid testimony to the imaginative and artful ways that residents alter and reconstruct the standardized humanitarian design of the camp—and provide models that can be replicated elsewhere. The book is the product of a three-year project undertaken by MIT Future Heritage Lab, researchers and students with Syrian refugees at the Azraq Refugee Camp, CARE, Jordan, and the German-Jordanian University. Copublication with Future Heritage Lab, MIT **The Book of Khalid** *BoD - Books on Demand* Reproduction of the original: The Book of Khalid by Ameen Rihani **MEN AROUND THE MESSENGER** [انكليزي (ص) [رجال حول الرسول (ص)] *Dar Al Kotob Al Ilmiyah* ولكنه لم يرفع شيق.. ولكنه لم يذكر فيه الخلفاء الأربعة لأنه افرز كل واحد منهم في كتاب فجاء الكتاب عظيما في موضوعه، عظيما في أسلوبه حتى عد من أحسنها أسلوبا وأكثرها جذبا **The Book of the Jihad of 'Ali ibn Tahir al-Sulami (d. 1106) Text, Translation and Commentary** *Routledge* In 1105, six years after the first crusaders from Europe conquered Jerusalem, a Damascene Muslim jurist named 'Ali ibn Tahir al-Sulami (d. 1106) publicly dictated an extended call to the military jihad (holy war) against the European invaders. Entitled *Kitab al-Jihad* (The Book of the Jihad), al-Sulami's work both summoned his Muslim brethren to the jihad and instructed them in the manner in which it ought to be conducted, covering topics as diverse as who should fight and be fought, treatment of prisoners and plunder, and the need for participants to fight their own inner sinfulness before turning their efforts against the enemy. Al-Sulami's text is vital for a complete understanding of the Muslim reaction to the crusades, providing the reader with the first contemporary record of Muslim preaching against the crusaders. However, until recently only a small part of the text has been studied by modern scholars, as it has remained for the most part an unedited manuscript. In this book Niall Christie provides a complete edition and the first full English translation of the extant sections (parts 2, 8, 9 and 12) of the manuscript of al-Sulami's work, making it fully available to modern readers for the first time. These are accompanied by an introductory study exploring the techniques that the author uses to motivate his audience, the precedents that influenced his work, and possible directions for future study of the text. In addition, an appendix provides translations of jihad sermons by Ibn Nubata al-Fariqi (d. 985), a preacher from Asia Minor whose rhetorical style was highly influential in the development of al-Sulami's work. **The Book of Khalid A Critical Edition** *Syracuse University Press* First published in 1911, Ameen Rihani's *Book of Khalid* is widely considered the first Arab American novel. The semi autobiographical work chronicles the adventures of two young men, Khalid and Shakib, who leave Lebanon for the United States to find work as peddlers in Lower Manhattan. After mixed success at immersing themselves in American culture, the two return to the Middle East at a time of turmoil following the Young Turk Revolution in the Ottoman Empire. Khalid attempts to integrate his Western experiences with Eastern spiritual values, becoming an absurd, yet all too serious, combination of political revolutionary and prophet. The *Book of Khalid* offers readers a heady mix of picaresque, philosophical dialogue, and immigrant story. In this critical edition, Fine includes the text of the original 1911 edition, a substantial glossary, and supplemental essays by leading Rihani scholars. Demonstrating the reach and significance of the work, these essays address a variety of themes, including Rihani's creative influences, philosophical elements, and the historical context of the novel. Attracting a new generation of readers to Rihani's innovative work, this edition reveals his continued resonance with contemporary Arab American literature. **Arabic Natural Language Processing** *Morgan & Claypool Publishers* This book provides system developers and researchers in natural language processing and computational linguistics with the necessary background information for working with the Arabic language. The goal is to introduce Arabic linguistic phenomena and review the state-of-the-art in Arabic processing. The book discusses Arabic script, phonology, orthography, morphology, syntax and semantics, with a final chapter on machine translation issues. The chapter sizes correspond more or less to what is linguistically distinctive about Arabic, with morphology getting the lion's share, followed by Arabic script. No previous knowledge of Arabic is needed. This book is designed for computer scientists and linguists alike. The focus of the book is on Modern Standard Arabic; however, notes on practical issues related to Arabic dialects and languages written in the Arabic script are presented in different chapters. Table of Contents: What is "Arabic"? / Arabic Script / Arabic Phonology and Orthography / Arabic Morphology / Computational Morphology Tasks / Arabic Syntax / A Note on Arabic Semantics / A Note on Arabic and Machine Translation **The 9/11 Commission Report Final Report of the National Commission on Terrorist Attacks Upon the United States** *Createspace Independent Publishing Platform* Nearly three thousand people died in the terrorist attacks of September 11, 2001. In Lower Manhattan, on a field in Pennsylvania, and along the banks of the Potomac, the United States suffered the single largest loss of life from an enemy attack on its soil. In November 2002 the United States Congress and President George W. Bush established by law the National Commission on Terrorist Attacks Upon the United States, also known as the 9/11 Commission. This independent, bipartisan panel was directed to examine the facts and circumstances surrounding the September 11 attacks, identify lessons learned, and provide recommendations to safeguard against future acts of terrorism. **The Sword of Allah Khalid Bin Al-Waleed, His Life and Campaigns** *Books.Dar-Salam.Org* The Sword of Allah: Khalid Bin Al-Waleed, His Life and Campaigns Khalid bin Al-Waleed was one of the greatest generals in history, and one of the greatest heroes of history. Besides him, Genghis Khan was the only other general to remain undefeated in his entire military life. Khalid was sent to the Persian Empire with an army consisting of 18,000 volunteers to conquer the richest province of the Persian empire, Euphrates region of lower Mesopotamia, (present day Iraq). Khalid entered lower Mesopotamia with this force. He won quick victories in four consecutive battles: the Battle of Chains, fought in April 633; the Battle of River, fought in the third week of April 633; the Battle of Walaja, fought in May 633 (where he successfully used a double envelopment manoeuvre), and Battle of Ullais, fought in the mid-May 633. In the last week of May 633, al-Hira, the regional capital city of lower Mesopotamia, fell to Khalid. The inhabitants were given peace on the terms of annual payment of jizya (tribute) and agreed to provide intelligence for Muslims. After resting his armies, in June 633, Khalid laid siege to Anbar which despite fierce resistance fell in July 633 as a result of the siege imposed on the town. Khalid then moved towards the south, and captured Ein ul Tamr in the last week of July, 633. **The Kite Runner** *Bloomsbury Publishing* I became what I am today at the age of twelve. I remember the precise moment, crouching behind a mud wall on a frigid winter day in 1975... looking into a deserted alley. It's wrong what they say about the past, about how you can bury it, because the past claws its way out. I realize I've been looking into that alley for the last 26 years. Afghanistan is a divided country on the verge of war and two childhood friends are about to be torn apart. It's a beautiful afternoon in Kabul and the skies are full of the excitement and joy of a kite flying tournament. But neither Hassan or Amir can foresee the terrible incident which will shatter their lives forever. Khaled Hosseini's first and international best-selling novel has now been adapted into a stunning stage adaptation by Matthew Spangler. This edition was published for the production at Wyndham's Theatre, London, from 21 December 2016. **Ar-raheeq Al-makhtum The Ideal Muslimah** *Dar-Salam.Org* The Ideal Muslimah This an incredibly sane book, which can help a woman (who is truly female), keep her head on straight and not get lost in a very dangerous game where she only stands to lose. Soon Islam was embroiled in civil war, pitting its founder's controversial wife Aisha against his son-in-law Ali, and shattering Muhammad's ideal of unity. Combining meticulous research with compelling storytelling, *After the Prophet* explores the volatile intersection of religion and politics, psychology and culture, and history and current events. It is an indispensable guide to the depth and power of the Shia-Sunni split. **Enemies and Allies: An Unforgettable Journey Inside the Fast-Moving & Immensely Turbulent Modern Middle East** *Tyndale House Publishers, Inc.* Do recent changes in the Middle East signal peace? Based on Arabic sources of the eighth and ninth centuries, of which some important passages are translated here for the first time, it owes the freshness and directness of its approach to the words of men and women who heard Muhammad speak and witnessed the events of his life. Martin Lings has an unusual gift for narrative. He has adopted a style which is at once extremely readable and reflects both the simplicity and grandeur of the story. The result is a book which will be read with equal enjoyment by those already familiar with Muhammad's life and those coming to it for the first time. Muhammad: His Life Based to the Earliest Sources was given an award by the government of Pakistan, and selected as the best biography of the Prophet in English at the National Seerat Conference in Islamabad in 1983. **Colloquial Arabic (Levantine) The Complete Course for Beginners** Routledge Colloquial Arabic (Levantine) provides a step-by-step course in Levantine Arabic as it is used today. Generally known by its short title, Ash-Shifa, this work was so highly admired throughout the Muslim world that it soon acquired a sanctity of its own for it is said: "If Ash-Shifa is found in a house, this house will not suffer any harm... when a sick person reads it or it is recited to him, Allah will restore his health." Ash-Shifa gathers together all that is necessary to acquaint the reader with the true stature of the Prophet, may Allah bless him and grant him peace, with the esteem and respect which is due to him, and with the verdict regarding anyone who does not fulfil what his stature demands or who attempts to denigrate his supreme status - even by as much as a nail paring. This dimension of radical Islam remains largely ignored or misunderstood in mainstream media and academic scholarship. The book addresses this gap. It also covers the Deobandi diaspora in the West and other countries and the role of its radical elements in transnational incidents of violence and terrorism. The specific identification of the radical Deobandi and Salafi identity of militants is useful to isolate them from the majority of peaceful Sunni and Shia Muslims. Such identification provides direction to governmental resources so they focus on those outfits, mosques, madrassas, charities, media and social medial channels that are associated with these ideologies. This book comes along at a time when there is a dire need for alternative and contextual discourses on terrorism. **Muhammad and the People of the Book** *Xlibris Corporation* Muhammad and the People of Book by Sahaja Carimokam asks the question, what was the nature of Muhammad's relationship to non-Muslims, particularly Jews and Christians, and how did it change over time? This work is based on a chronological reading of the chapters of the Qur'an supplemented with Muslim commentary literature and biographical materials on the life of Muhammad. Carimokam traces Muhammad's evolving religious viewpoint based on his borrowings of primarily Jewish and some Christian traditional/apocryphal materials. He shows how Muhammad's inaccurate and anachronistic rendition of Jewish traditional literature ensured that the Jews would reject him as a Prophet. This rejection led to his ultimatum to the Jews early in the Median period of the Qur'an and culminated with his call to Jihad against all non-Muslims, including those Jews and Christians who refused to acknowledge his Prophethood. The origins of takfir, declaring Muslims to be non-Muslims, are considered. Comparisons are made of moderate and traditional interpreters of the Qur'an. Historical-critical issues regarding the background provided by Muslim historical propaganda is considered in one chapter. The book concludes with a controversial issue for the interpretation of Islamic law in the 21st century based on the actual canonical practices of Muhammad. **The House of Wisdom How Arabic Science Saved Ancient Knowledge and Gave Us the Renaissance** Penguin A myth-shattering view of the Islamic world's myriad scientific innovations and the role they played in sparking the European Renaissance. Many of the innovations that we think of as hallmarks of Western science had their roots in the Arab world of the middle ages, a period when much of Western Christendom lay in intellectual darkness. Jim al-Khalili, a leading British-Iraqi physicist, resurrects this lost chapter of history, and given current East-West tensions, his book could not be timelier. With transporting detail, al-Khalili places readers in the hothouses of the Arabic Enlightenment, shows how they led to Europe's cultural awakening, and poses the question: Why did the Islamic world enter its own dark age after such a dazzling flowering? **The Pakistan National Bibliography The Lives of the Sahabah The Leadership of Muhammad** Kogan Page Publishers The Leadership of Muhammad is a very personal study of the life-story and leadership skills of the Prophet. John Adair served with a Bedouin regiment in the Arab Legion and this story is full of fascinating detail of desert life and Bedouin beliefs. John Adair weaves the story of Muhammad's life together with aspects of Bedouin culture and ancient proverbs to provide key points for leaders and aspiring leaders. He discusses tribal leadership and essential attributes such as integrity, moral authority and humility. Learning and leadership go hand in hand. You are not born a leader, but you can become one and it is never too late to learn. John Adair's study of Muhammad and the tribal tradition of leadership is an essential addition to the leadership debate. **The Trade My Journey into the Labyrinth of Political Kidnapping** Hachette UK A former hostage in the tribal areas of Pakistan returns to meet his kidnapers and uncover how political kidnappings and ransoms take place in the shadows of the world's most lawless territories. In 2014, Jere Van Dyk traveled to Afghanistan to try to discover the motives behind a kidnapping that had occurred six years earlier -- his own. He was haunted by questions about why he was taken and why he was released, and troubled by the refusal of his friends, employer, and government employees to offer him a full account of what they knew. An experienced investigative reporter, he began a quest to interrogate the accuracy of everything he was told, including from the people he trusted most. In pursuing his kidnapers, and the stories of the intermediaries and money men, Van Dyk uncovered not just the story of his own abduction but the operation of what he calls the Trade: the business of kidnapping. Operating according to its own shadowy rules, the Trade has become a murky form of negotiation between criminal groups, corporations, families, and governments who have no formal lines of communication. Van Dyk's journey took him from up near the Tribal Areas of Pakistan, to the tea shops of Kabul, to the Obama White House, and revealed evidence of lucrative transactions and rival bandit groups working under the direction of intelligence services. In its course, he met the families of many Americans who were or are still kidnapped, bargaining chips at the mercy of violent and pitiless extremists who thrive in the world's most lawless spaces. **The History of the Decline and Fall of the Roman Empire Volume 8** Palala Press This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. 'Balanced and insightful, this outstanding book sheds clarity on Saudi Arabia past and present. Rundell writes with all the local knowledge of the seasoned observer, and as one who has come to know and appreciate his subject well. Required reading for all Saudi watchers in the age of MBS.' Professor Eugene Rogan, Director of the Middle East Centre at St Antony's College, University of Oxford. Something extraordinary is happening in Saudi Arabia. A traditional, tribal society once known for its lack of tolerance is rapidly implementing significant economic and social reforms. An army of foreign consultants is rewriting the social contract, King Salman has cracked down hard on corruption, and his dynamic though inexperienced son, the Crown Prince Mohammad bin Salman, is promoting a more tolerant Islam. But is all this a new vision for Saudi Arabia or merely a mirage likely to dissolve into Iranian-style revolution? David Rundell - one of America's foremost experts on Saudi Arabia - explains how the country has been stable for so long, why it is less so today, and what is most likely to happen in the future. The book is based on the author's close contacts and intimate knowledge of the country where he spent 15 years living and working as a diplomat. **Vision or Mirage** demystifies one of the most powerful, but least understood, states in the Middle East and is essential reading for anyone interested in the power dynamics and politics of the Arab World. **Goodword Islamic studies Basic Duas for Children (Goodword)** *Goodword Books* Duas your children can recite at various times through the day, in simple rhyming text that is easy on the ears. A spiritual and literary counterpart of Wilfred Thesiger and a contemporary of T. E. Lawrence (Lawrence of Arabia), Muhammad Asad journeyed around the Middle East, Afghanistan and India. This is an account of Asad's adventures in Arabia, his inner awakening, and his relationships with nomads and royalty alike, set in the wake of the First World War. It can be read on many levels: as a eulogy to a lost world, and as the poignant account of a man's search for meaning. It is also a love story, defying convention and steeped in loss. With its evocative descriptions and profound insights on the Islamic world, "The Road to Mecca" is a work of immense value today.
