He knows nothing of city life. But the city, with its wonders and dangers, fascinates the 13-year-old boy, and he sets out to make the best of what it has to offer him. First published in 1932, *Young Fu of the Upper Yangtze* was one of the earliest Newbery Medal winners. Although China has changed since that time, Young Fu's experiences are universal: making friends, making mistakes, and making one's way in the world. **Teaching Discussion and Activity Guide for Young Fu of the Upper Yangtze (as Written by Elizabeth Foreman Lewis) Young Fu of the Upper Yangtze, by Elizabeth Foreman Lewis; Illustrated by Kurt Wiese The Newbery Companion Booktalk and Related Materials for Newbery Medal and Honor Books Libraries Unlimited** Put a wealth of information about Newbery award winners and honor books (1922-2001) at your fingertips. The volume's five sections highlight the differences between and overlapping concerns of Chinese and American scholars, as they examine children's literature with respect to cultural metaphors and motifs, historical movements, authorship, didacticism, important themes, and the current status of and future directions for literature and criticism. Wide-ranging and admirably ambitious in its encouragement of communication between scholars from two major nations, *Representing Children in Chinese and U.S. Children's Literature* serves as a model for examining how and why children's literature, more than many literary forms, circulates internationally. **Global Perspectives on Korean Literature Springer** This book explores Korean literature from a broadly global perspective from the mid-9th century to the present, with special emphasis on how it has been influenced by, as well as it has influenced, literatures of other nations. Beginning with the Korean version of the King Midas and his ass's ears tale in the Silla dynasty, it moves on to discuss Ewa, what might be called the first missionary novel about Korea written by a Western missionary W. Arthur Noble. The book also considers the extent to which in writing fiction and essays Jack London gained grist for his writing from his experience in Korea as a Russo-Japanese War correspondent. In addition, the book explores how modern Korean poetry, fiction, and drama, despite differences in time and space, have actively engaged with Western counterparts. Based on *World Literature*, which has gained slow but prominent popularity all over the world, this book argues that Korean literature deserves to be part of the Commonwealth of Letters. **China in Line and Color Lulu.com Literature and the Child Cengage Learning LITERATURE AND THE CHILD, 9th Edition**, offers thorough, concise coverage of the genres and formats of children's literature and guidance on using literature in the classroom. Seun Van Die Jangtse ... Vertaal Deur C.M. Stimie Young Wings The Magazine of the Boys' and Girls' Book Club Bureau Publication African and African American Images in Newbery Award Winning Titles Progress in Portrayals Scarecrow Press** Since 1922, the Newbery Medal of Honor has been awarded to distinguished works of literature for children. Although African and African American characters appeared in children's books well before the establishment of the Newbery award, such depictions were limited, with characters often only appearing as slaves or servants. However, over the last several decades, there has been much progress, and Black characters have played a much more integral role in many highly regarded novels. In *African and African American Images in Newbery Award Winning Titles*, Binnie Tate Wilkin provides a historical and contextual examination of books with such depictions that have been acknowledged by the nation's most prestigious award for children's literature. Wilkin explores the depictions of African and African American characters in these novels and illuminates the progressive quality of such representations. Wilkin looks closely at such elements as aesthetic descriptions, subservient characterizations, the relationships between characters, and specific language usage to investigate how these images have progressed toward increasingly positive depictions. She also notes, when applicable, the significance of the lack of any African or African American images. This book is an essential resource for those interested in African American studies, children's literature, and the relationship between the two. **The World Almanac and Book of Facts 2022 Simon and Schuster** A 2021 USA Today Bestseller!
