Contract Audit Manual Stereo Review Audio The Absolute Sound Hi-fi News High Fidelity *Contains "Records in review."* **Japanese Technical Periodical Index Japanese Technical Abstracts Audio Amateur Hi Fi/stereo Review Basic Aspects of Hearing Physiology and Perception** *Springer Science & Business Media* The International Symposium on Hearing is a highly-prestigious, triennial event where world-class scientists present and discuss the most recent advances in the field of hearing research in animals and humans. Presented papers range from basic to applied research, and are of interest neuroscientists, otolaryngologists, psychologists, and artificial intelligence researchers. **Basic Aspects of Hearing: Physiology and Perception** includes the best papers from the 2012 International Symposium on Hearing. Over 50 chapters focus on the relationship between auditory physiology, psychoacoustics, and computational modeling. **High Fidelity & Audiocraft** *Contains "Records in review."* **High Fidelity/Musical America Speaker Builder Cupid in Africa** *Library of Alexandria* There never lived a more honourable, upright, scrupulous gentleman than Major Hugh Walsingham Greene, and there seldom lived a duller, narrower, more pompous or more irascible one. Nor, when the Great War broke out, and gave him something fresh to do and to think about, were there many sadder and unhappier men. His had been a luckless and unfortunate life, what with his two wives and his one son; his excellent intentions and deplorable achievements; his kindly heart and harsh exterior; his narrow escapes of decoration, recognition and promotion. At cards he was not lucky—and in love he . . . well—his first wife, whom he adored, died after a year of him; and his second ran away after three months of his society. She ran away with Mr. Charles Stayne-Brooker (elsewhere the Herr Doktor Karl Stein-Brücker), the man of all men, whom he particularly and peculiarly loathed. And his son, his only son and heir! The boy was a bitter disappointment to him, turning out badly—a poet, an artist, a musician, a wretched student and “intellectual,” a fellow who won prizes and scholarships and suchlike by the hatful, and never carried off, or even tried for, a “pot,” in his life. Took after his mother, poor boy, and was the first of the family, since God-knows-when, to grow up a dam’ civilian. Father fought and bled in Egypt, South Africa, Burma, China, India; grandfather in the Crimea and Mutiny, great-grandfather in the Peninsula and at Waterloo, ancestors with Marlborough, the Stuarts, Drake—scores of them: and this chap, his son, their descendant, a wretched creature of whom you could no more make a soldier than you could make a service saddle of a sow’s ear! It was a comfort to the Major that he only saw the nincompoop on the rare occasions of his visits to England, when he honestly did his best to hide from the boy (who worshipped him) that he would sooner have seen him win one cup for boxing, than a hundred prizes for his confounded literature, art, music, classics, and study generally. To hide from the boy that the pæans of praise in his school reports were simply revolting—fit only for a feller who was going to be a wretched curate or wretched schoolmaster; to hide his distaste for the pale, slim beauty, which was that of a delicate girl rather than of the son of Major Hugh Walsingham Greene. . . . Too like his poor mother by half—and without one quarter the pluck, nerve, and “go” of young Miranda Walsingham, his kinswoman and playmate. . . . Too dam’ virtuous altogether. **High Fidelity Incorporating Musical America Virtual Acoustics and 3-D Sound in Multimedia Signal Processing Myths and Myths-makers Old Tales and Superstitions Interpreted by Comparative Mythology Collective Courage A History of African American Cooperative Economic Thought and Practice** *Penn State Press* In *Collective Courage*, Jessica Gordon Nembhard chronicles African American cooperative business ownership and its place in the movements for Black civil rights and economic equality. Not since W. E. B. Du Bois’s 1907 *Economic Co-operation Among Negro Americans* has there been a full-length, nationwide study of African American cooperatives. *Collective Courage* extends that story into the twenty-first century. Many of the players are well known in the history of the African American experience: Du Bois, A. Philip Randolph and the Ladies’ Auxiliary to the Brotherhood of Sleeping Car Porters, Nannie Helen Burroughs, Fannie Lou Hamer, Ella Jo Baker, George Schuyler and the Young Negroes’ Co-operative League, the Nation of Islam, and the Black Panther Party. Adding the cooperative movement to Black history results in a retelling of the African American experience, with an increased understanding of African American collective economic agency and grassroots economic organizing. To tell the story, Gordon Nembhard uses a variety of newspapers, period magazines, and journals; co-ops’ articles of incorporation, minutes from annual meetings, newsletters, budgets, and income statements; and scholarly books, memoirs, and biographies. These sources reveal the achievements and challenges of Black co-ops, collective economic action, and social entrepreneurship. Gordon Nembhard finds that African Americans, as well as other people of color and low-income people, have benefitted greatly from cooperative ownership and democratic economic participation throughout the nation’s history. **Beyond Small Change Making Migrant Remittances Count** *IDB* **Myths And Myth-makers: Old Tales And Superstitions Interpreted By Comparative Mythology** *Wentworth Press* *This work has been selected*

Quad The Closest Approach *Twayne Publishers* **Build Your Own High-end Audio Equipment** *Elektor International Media* Top of the range hi-fi apparatus is now termed 'high-end equipment' and the name is a good indication of the prices charged for it. For those who can not, or will not, pay these prices, there is another solution offered in this book: build your own (at considerable cost savings). But this book is aimed not only at this sector of the market, but also at the many enthusiasts who want to be able to experiment and make their own modifications to their 'high-end' equipment. This book contains construction projects for solid-state and valve preamplifiers and power amplifiers, active cross-over filters, an active subwoofer, a mono/stereo compressor and a headphone amplifier.

Teamwork in the Automobile Industry Radical Change or Passing Fashion? *Springer* As one of the first sectors affected by the current phase of crisis in capital accumulation, the automobile industry has had much to learn and now has much to teach. A recognition of the great diversity of forms of adaptation introduced to face the uncertainties of the market, lead to the formation of GERPISA and its international programme of research on the emergence of new industrial models. This book, a product of that research, is a valuable and timely insight into the innovations and adjustments of some of the major vehicular manufacturers and through them into the future of industry as a whole.

The Educators' Handbook to Interactive Videodisc *Assn for Educational* This overview of interactive videodisc technology is designed to assist educators in finding the appropriate equipment and software for any specific application. The handbook may also serve as a starting point for many educators who know nothing of the technology and assist them in deciding whether this technology is worth pursuing as an educational tool in specific situations. Although not comprehensive, the listings reflect a good portion of the videodisc-related products available today and the prices provide a good indication of the general price range of specific items. The handbook contains 10 chapters: (1) Introduction to Videodiscs; (2) Overview of Laser Disc Systems; (3) Selecting a Laser Videodisc Player; (4) Video Playback Units; (5) Videodisc Interface Units; (6) Disc Player Peripherals; (7) Videodisc System Packages; (8) Educational Videodisc Software; (9) Interactive Videodisc Authoring Languages; and (10) Videodisc Care and Maintenance. Appendices include directories of laser disc players; television monitors and projects; laser disc interfaces; laser disc peripherals; laser disc system packages; videodisc software (listed by subject area); videodisc mastering options; interactive authoring languages; service information; and videodisc resources, which includes a manufacturer's index. Indian Unrest *BoD - Books on Demand* Reproduction of the original: Indian Unrest by Valentine Chirol

Suns of God Krishna, Buddha and Christ Unveiled *Adventures Unlimited Press* Unlike many modern historians, Perry was a diffusionist who believed that modern civilization began in Egypt and was spread via ships to Indonesia, the Pacific Islands, and even to North America. Perry traces the origin of megalithic culture starting in Egypt, and then across the Pacific. Searching for gold, obsidian, and pearls, they travelled across the Pacific to the American Southwest and Mexico.

Schiit Happened The Story of the World's Most Improbable Start-Up *Createspace Independent Publishing Platform* For everyone who didn't win the venture capital lottery, for everyone who wasn't born with a trust fund, for everyone who doesn't have rich relatives... This is the story of how real start-ups work. This is how to turn a dream into a multi-million dollar business-without selling out, without spending a mint on marketing, and without losing your sense of humor. Meet Schiit Audio, a company born in a garage that went on to change the face of high-end personal audio-challenging the idea that everything must be made in China, rejecting old ideas about advertising and social awareness, and forging our own unforgettable brand. This is our (improbable) story. Here's to your own stories-and your success!

Maternal-Fetal Evidence Based Guidelines *CRC Press* This new edition of an acclaimed text reviews the evidence for best practice in Maternal-Fetal Medicine, to present the reader with the right information, with appropriate use of proven interventions and avoidance of ineffectual or harmful ones. The information is presented in the right format by summarizing evidence succinctly and clearly in tables and algorithms. The aim is to inform the clinician, to reduce errors and "to make it easy to do it right." The volume can be purchased separately or together with the companion volume on Obstetric Evidence Based Guidelines (set ISBN 9780367567033). The Series in Maternal-Fetal Medicine is published in conjunction with the Journal of Maternal-Fetal and Neonatal Medicine. From reviews of previous editions: An excellent resource with quick and easy protocols... this book has a permanent spot on my shelf. —Doody's Review Service

Religion, Space and Conflict in Sri Lanka Colonial and Postcolonial Contexts *Routledge* Space is dynamic, political and a cause of conflict. It bears the weight of human dreams and fears. Conflict is caused not only by spatial exclusivism but also by an inclusivism that seeks harmony through subordinating the particularity of the Other to the world view of the majority. This book uses the lens of space to examine inter-religious and inter-communal conflict in colonial and post-colonial Sri Lanka, demonstrating that the colonial can shed light on the post-colonial, particularly on post-war developments, post-May 2009, when Buddhist symbolism was controversially developed in the former, largely non-Buddhist, war zones. Using the concepts of exclusivism and inclusivist subordination, the book analyses the different imaginaries or world views that were present in colonial and post-1948 Sri Lanka, with particular reference to the ethnic or religious Other, and how these were expressed in space, influenced one another and engendered conflict. The book's use of insights from human geography, peace studies and secular iterations of the theology of religions breaks new ground, as does its narrative technique, which prioritizes voices from the nineteenth and twentieth centuries, and the author's fieldwork and personal observation in

the twenty first. Through utilizing past and contemporary reflections on lived experience, informed by diverse religious world views, the book offers new insights into Sri Lanka's past and present. It will be of interest to an interdisciplinary audience in the fields of colonial and postcolonial studies; war and peace studies; security studies; religious studies; the study of religion; Buddhist Studies, mission studies, South Asian and Sri Lankan studies. **Electronics for Vinyl** *Routledge* Electronics for Vinyl is the most comprehensive book ever produced on the electronic circuitry needed to extract the best possible signal from grooves in vinyl. What is called the "vinyl revival" is in full swing, and a clear and comprehensive account of the electronics you need is very timely. Vinyl reproduction presents some unique technical challenges; the signal levels from moving-magnet cartridges are low, and those from moving-coil cartridges lower still, so a good deal of high-quality low-noise amplification is required. Some of the features of Electronics for Vinyl include: integrating phono amplifiers into a complete preamplifier; differing phono amplifier technologies; covering active, passive, and semi-passive RIAA equalisation and transconductance RIAA stages; the tricky business of getting really accurate RIAA equalisation without spending a fortune on expensive components, such as switched-gain MM/MC RIAA amplifiers that retain great accuracy at all gains, the effects of finite open-loop gain, cartridge-preamplifier interaction, and so on; noise and distortion in phono amplifiers, covering BJTs, FETs, and opamps as input devices, hybrid phono amplifiers, noise in balanced MM inputs, noise weighting, and cartridge load synthesis for ultimately low noise; archival and non-standard equalisation for 78s etc.; building phono amplifiers with discrete transistors; subsonic filtering, covering all-pole filters, elliptical filters, and suppression of subsonics by low-frequency crossfeed, including the unique Devinyliser concept; ultrasonic and scratch filtering, including a variety of variable-slope scratch filters; line output technology, including zero-impedance outputs, on level indication for optimal setup, and on specialised power supplies; and description of six practical projects which range from the simple to the highly sophisticated, but all give exceptional performance. Electronics for Vinyl brings the welcome news that there is simply no need to spend huge sums of money to get performance that is within a hair's breadth of the best theoretically obtainable. But you do need some specialised knowledge, and here it is. **For God and the Empire The Medal of the Order of the British Empire, 1917-1922** *Bright Sparks* "The full story of the Order of the British Empire, and its medal, the British Empire medal -originally intended to honour civilian heroes of the Great War, which developed into a much sought after award for a wide variety of roles, including women, secret agents and war workers"--Naval & Military Press. **Mechanical Ventilation Manual** *ACP Press* Designed for the physician who needs a refresher course on assisted breathing. This text is geared to the generalist whose patient may be in the ICU. Other sections include potential infections, the ventilator-dependent patient and complications of mechanical ventilation. **Epidural Labor Analgesia Childbirth Without Pain** *Springer* This book offers an in-depth examination of labor pain and analgesia with the aim of promoting natural childbirth without pain. All aspects of the subject are covered, including the latest techniques of delivering labor analgesia. Importantly, emphasis is placed on a holistic approach, detailed attention being paid to the humanization of childbirth and behavioral aspects in addition to evidence-based medicine. Potential future developments are also addressed, with discussion of opportunities that have yet to be realized. In order to ensure that the text is easily readable for trainees as well as established practitioners, chapters have been restricted to a manageable length and information is presented clearly and succinctly. Step-by-step tutorials and boxes highlighting practical points are used to clarify technical aspects. The authors include both well-established experts and young emerging professionals from various European countries, ensuring an intercultural perspective. **Jazz People** *Da Capo Press, Incorporated* This work portrays the giants of jazz, relates what they achieved, and tells how they made their way in a world not always ready for them. The text offers a clear, informative history of the art, and the photographs present Coleman Hawkins, Count Basie, Charles Mingus, Benny Godman, Louis Armstrong and scores of others. These haunting photographs are supplemented with some rare vintage prints to tell the whole story of jazz from Buddy Bolden to Anthony Braxton. **Hyperbaric oxygen therapy for brain injury, cerebral palsy, and stroke** *Department of Health and Human Services Public Health Serv* **Ramayana** *Greenleaf Books (ME)*
