Guncrank Diaries

The complete collection of John Connor's original Guncrank Diaries is all right here including excuses, alibis, pithy observations and general ephus. John Connor is a soldier, cop, father, lover of dogs, protector of the defenseless, guardian of what's right - and a fierce foe of what's wrong. He's fought evil, brutality and tyranny in the jungles of Vietnam, as a cop on the city streets of a major Southern California city, and in a host of god-forsaken places around the world. His friends often have very unusual names, and all remain fiercely loyal - and for very good reasons. This book isn't about what you think, either. Not at all. It's not just simply a series of columns John wrote for the pages of American Handgunner Magazine. They're stories, yes,

but each has a meaning stronger than the words on the paper convey. Each one will drag deep-rooted, powerful memories from deep within you about things that were, or might have been. The effect this modest book will have on you won't buff out easily. Be prepared to be changed. What readers say about Guncrank Diaries: "Darn it Connor, stop it-stop it-stop it... my old eyes are not as tough as they used to be. Your story of the custom colt was just wonderful. I forwarded it to my wife ... now her eyes are leaking too. so just stop it!" Gary M. "I don't give a damn if the writer of Guncrank is or was a super secret special forces tacti-cool bad ass or if he was a truck driver or a mess sergeant. I like what he writes. I enjoy it because it is entertaining. And its usually just plain funny. So whoever you are thanks, I appreciate what your do or did." Just an Army Guy "Like fine wine, Connor's insights age well and remain cogent. More please." Doc H

I Am Soldier of Fortune

Dancing with Devils

Casebate The founder of Soldier of Fortune magazine tells his own story, from Green Beret to trailblazing combat zone journalist. In 1975, former Green Beret Robert K. Brown found his true calling as the publisher of an upstart magazine called Soldier of Fortune. Brown pushed the bounds of journalism with his untamed brand of reporting—a camera in one hand, a gun in the other. He quickly established a worldwide community as his notorious magazine drew the avid attention of action-seekers across the globe. Brown and his combat journalists embedded themselves with anti-Communist guerillas and freedom fighters, often training and fighting alongside the groups they reported on. Brown himself accompanied teams to work and fight with the Rhodesians; the Afghans during the Afghan-Russo war; Christian Phalange in Lebanon; ethnic minority Karens in Burma; the ethnic tribes fighting the Communist government of Laos; the army of El Salvador; and the armed forces of struggling Croatia. Brown also sent medical teams to Burma, Guatemala, the Dominican Republic, Afghanistan, Bosnia, El Salvador, and Nicaragua, as well as Peru after a devastating earthquake. In I Am Soldier of Fortune, the exploits of Brown and his veteran teams are revealed for the first time in all their gonzo glory, even as the US military, public, and polite diplomatic society sometimes shunned their endeavors.

Handbook for Shooters and Reloaders

Illustrated Edition of 1959 in Facsimile. This is the first edition of one of the classic descriptions of wildcat cartridges, first published in 1949. Though revised and updated in 1962, this is Ackley's first effort at tackling the loading data, theory, and practice of wildcat cartridges. A wildcat cartridge, often shortened to wildcat, is a custom cartridge for which ammunition and/or firearms are not mass-produced. These cartridges are often created in order to optimize a certain performance characteristic (such as the power, size, or efficiency) of an existing commercial cartridge. Developing and using wildcat cartridges does not generally serve a purpose in military or law enforcement; it is more a hobby for serious shooting, hunting, gunsmithing and handloading enthusiasts, particularly in the United States.

The Future of Silence: Fiction by Korean Women

Zephyr Press These nine stories span half a century of contemporary writing in Korea (1970s-2010s), bringing together some of the most famous twentieth-century women writers with a new generation of young, bold voices. Their work explores a world not often seen in the West, taking us into the homes, families, lives and psyches of Korean women, men, and children. In the earliest of the stories, Pak Wan-so, considered the elder stateswoman of contemporary Korean fiction, opens the door into two "Identical Apartments" where sisters-in-law, bound as much by competition as love, struggle to live with their noisy, extended families. O Chong-hui, who has been compared to Joyce Carol Oates and Alice Munro, examines a day in the life of a woman after she is released from a mental institution, while younger writers, such as Kim Sagwa, Han Yujoo and Ch'on Un-yong explore violence, biracial childhood, and literary experimentation. These stories will sometimes disturb and sometimes delight, as they illuminate complex issues in Korean life and literature. Internationally acclaimed translators Bruce and Ju-Chan Fulton have won several awards and fellowships for the numerous works of Korean literature they have

translated into English. Featuring these authors and stories: Pak Wan-so: "Identical Apartments" Kim Chi-won: "Almaden" So Yong-un: "Dear Distant Love" O Chong-hui: "Wayfarer" Kong Son-ok: "The Flowering of Our Lives" Kim Ae-ran: "The Future of Silence" Han Yujoo: "I Am the Scribe—Or Am I" Kim Sagwa: "Today Is One of Those The-More-You-Move-the-Stranger-It-Gets Days, and It's Simply Amazing" Ch'on Un-yong: "Ali Skips Rope"

Fire in Montana

They died bravely, together with their friends, and in the service of their country. Everyone was young and attractive, healthy and strong, enthusiastic and in love. They were bursting into the prime of their lives. There were no malcontents here. Everyone did their best but events overtook them. Until now the actual time line has never been connected to the people involved. Fire in Montana connects the lives of young smokejumpers who lived with a joy of life and expectations of shining futures, the forest rangers and volunteers who fought valiantly to rescue them, and their families, lovers, and friends who were forced to wait and pray, then face the devastating and heart wrenching loss.

Custom Rifles

Paladin Press Custom Rifles was a tour de force in the world of customized rifles when it was originally published in the 1950s, and it is still relevant today. The custom rifle is much more than just another shooting implement. Certainly, accuracy may be greatly improved over a particular rifle's off-the-shelf cousins, but the main reason that people customize rifles is to take advantage of the skills of the individual gunsmith and stockmaker to produce something that fits the individual needs of the owner. In this book, noted author and rifleman Jeff Cooper explains the different designs of action, custom barrels, the best types of wood for making stocks and of course the popular calibers of ammunition in use at the time, many of which are still with us today. This is more than just a book for the would-be customizer. It offers excellent information on what improves or affects the performance of a fine rifle.
