The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating. **1939 - 1948 Ford & Mercury Shop Manual By Detroit Iron** This 1939 - 1948 Ford & Mercury Shop Manual is a high-quality, licensed PRINT reproduction of the service manual authored by Ford Motor Company and published by Detroit Iron.
