Handbook of Research on Serious Games for Educational Applications

IGI Global Games have been part of the entertainment industry for decades. Once only considered viable for personal entertainment, virtual gaming media is now being explored as a useful tool for learning and student engagement. The Handbook of Research on Serious Games for Educational Applications presents a comprehensive examination of the implementation of gaming in classroom settings and the cognitive benefits this integration presents. Highlighting theoretical, psychological, instructional design, and teaching perspectives, this book is a pivotal reference source for researchers, educators, professionals, and academics interested in the innovative opportunities of game-based learning.

Digital Storytelling

A Creator's Guide to Interactive Entertainment

Taylor & Francis The first professional book to explore and analyze digital storytelling across interactive media and genres this book examines how digital storytelling draws on classic narrative techniques and utilizes interactive digital technologies to create today's entertainment. Digital Storytelling explains key strategies for conveying narrative through digital technologies, based on personal experience and numerous case studies, providing project managers, interactive content designers, and writers with the tools necessary for planning a successful interactive project, including ideas for product development and conceptualization. Detailed planning processes for all types of interactive projects are discussed, including videogames, massively multiplayer online games, the Internet, interactive TV, cross-media productions, smart toys, virtual reality, immersive environments, wireless devices, kiosks, and DVDs. The book also covers topics such as: structure, characters and emotions; tackling projects for children; finding work and staying employed; and more. Miller has written Digital Storytelling for the professional and the student, and details what interactive content developers and project managers need to know in a clear, enthusiastic manner. *Covers case studies, providing numerous ideas for creating and managing engrossing, interactive entertainment products from development to production *Explains the uses of digital storytelling for both entertainment and entertainment blends

-- projects that teach, inform, and promote *Takes an international approach to digital entertainment, exploring ground-breaking projects in Asia, Africa and Europe as well as in North America
