### THE SUM OF OUR DAYS

---

---

#### A MEMOIR

---

Harper Perennial In The Sum of Our Days, internationally acclaimed author Isabel Allende reconstructs the painful reality of her own life in the wake of the tragic death of her daughter, Paula. Narrated with warmth, humor, exceptional candor, and wisdom, this remarkable memoir is as exuberant and full of life as its creator. Allende bares her soul as she shares her thoughts on love, marriage, motherhood, spirituality and religion, infidelity, addiction, and memory—and recounts stories of the wildly eccentric, strong-minded, and eclectic tribe she gathers around her and lovingly embraces as a new kind of family.

### THE SUM OF OUR DAYS

---

---

#### A MEMOIR

---

Harper Collins In this heartfelt memoir, Isabel Allende reconstructs the painful reality of her own life in the wake of tragic loss—the death of her daughter, Paula. Recalling the past thirteen years from the daily letters the author and her mother, who lives in Chile, wrote to each other, Allende bares her soul in a book that is as exuberant and full of life as its creator. She recounts the stories of the wildly eccentric, strong-minded, and eclectic tribe she gathers around her that becomes a new kind of family. Throughout, Allende shares her thoughts on love, marriage, motherhood, spirituality and religion, infidelity, addiction, and memory. Here, too, are the amazing stories behind Allende's books, the superstitions that guide her writing process, and her adventurous travels. Ultimately, The Sum of Our Days offers a unique tour of this gifted writer's inner world and of the relationships that have become essential to her life and her work. Narrated with warmth, humor, exceptional candor, and wisdom,

The Sum of Our Days is a portrait of a contemporary family, bound together by the love, fierce loyalty, and stubborn determination of a beloved, indomitable matriarch.

**MEMOIRS**

---

University of Chicago Press The memoirs of Hortense (1646–1699) and of Marie (1639–1715) Mancini, nieces of the powerful Cardinal Mazarin and members of the court of Louis XIV, represent the earliest examples in France of memoirs published by women under their own names during their lifetimes. Both unhappily married—Marie had also fled the aftermath of her failed affair with the king—the sisters chose to leave their husbands for life on the road, a life quite rare for women of their day. Through their writings, the Mancinis sought to rehabilitate their reputations and reclaim the right to define their public images themselves, rather than leave the stories of their lives to the intrigues of the court—and to their disgruntled ex-husbands. First translated in 1676 and 1678 and credited largely to male redactors, the two memoirs reemerge here in an accessible English translation that chronicles the beginnings of women's rights to personal independence within the confines of an otherwise circumscribed early modern aristocratic society.

## **POLITICAL MEMOIR**

---

---

### **ESSAYS ON THE POLITICS OF MEMORY**

---

Psychology Press The genre of political memoir has a long history, from its origins in classical times through its popularity in the age of courts and cabinets to its ubiquity in modern mass cultures where retired politicians increasingly attract large and eager readerships for their revelations. Yet there is virtually no scholarly criticism which treats this complex form of literature as a distinct genre, fusing autobiographical, historical and political elements. The essays in this book draw together the collaborative findings of a team of British, European, American and Canadian scholars to present a pioneering historical and critical study of the genre of political memoir, analysing the development of its distinct functions and assessing leading memoirists in European, American, Canadian, Indian and Japanese societies. The editor, George Egerton, introduces the volume and surveys the principal features of the genre over its long history. Otto Pflanze analyses the memoirs of Bismarck; Robert Young, Milton Israel, Joshua Mostow and Robert Bothwell study the memoir literature of France, India, Japan and Canada respectively. Barry Gough and Tim Travers look at naval and military memoirists, while Zara Steiner, B.J.C. McKercher and Valerie Cromwell assess the memoirs of diplomats and their families. Leonidas Hill examines the memoirs of leading Nazis. John Munro, Francis Heller and Robert Ferrell convey inside information on the making of memoirs - notably by the Canadian Prime Ministers Diefenbaker and Pearson and the American President Truman. Stephen Ambrose assays Nixon as memoirist, while Janos Bak portrays the status of memoirists under totalitarian regimes. Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist. The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter.
