Girls Don't Ride Motorbikes

A Spiritual Adventure Into Life's Labyrinth

Createspace Independent Pub 'Girls Don't Ride Motorbikes - A Spiritual Adventure Into Life's Labyrinth' chronicles a modern day pilgrimage in which Dorit Brauer embarks onto a 7,430 mile solo motorcycle adventure across the US to walk labyrinths. On her journey, Dorit recounts poetic life stories spanning her youth on a dairy farm in Germany, a 10-week solo backpacking trip in Brazil, the turmoil of living in Tel Aviv, to her most recent chronicles in the United States. As Dorit travels cross-country from labyrinth to labyrinth, these stories are woven together intricately to provide insights allowing the reader to reflect on their own spiritual journey. The title of the book, 'Girls Don't Ride Motorbikes,' comes from a mantra of Dorit's youth, embedded into her mind by her father. Born from very traditional parents with their own expectations, Dorit had the courage to make her own path. She pursued everything she wasn't supposed to do and found adventure and true fulfillment in life. She is living her best life and through her example inspires everyone else to listen to their inner yearnings and follow the voice of their hearts. British labyrinth expert

and author Sig Lonegren, says 'Girls Don't Ride Motorbikes - A Spiritual Adventure Into Life's Labyrinth' feels like a gentle overview of alternative thinking wrapped in a 'Travels with Charley' (Steinbeck) package. "Dorit Brauer has written a very readable and informative narrative of her experiences while walking a number of different labyrinths. Unlike most of us who walk blindly through most of our lives, these are paths where life is present. She also exposes the reader to a number of other techniques that can be used to enhance the possibility of spiritual connection. If you don't know much about these magical single-path tools, this is a great place to start - and it's a good refresher for those who have already been walking them for a while." - Sig Lonegren, Author of 'Labyrinths: Ancient Myths & Modern Uses'

Lone Rider

The First British Woman to Motorcycle Around the World

Michael O'Mara Books In 1982, at the age of just twenty-three and halfway through her architecture studies, Elspeth Beard left her family and friends in London and set off on a 35,000-mile solo adventure around the world on her 1974 BMW R60/6. Reeling from a recent breakup and with only limited savings from her pub job, a tent, a few clothes and some tools, all packed on the back of her bike, she was determined to prove herself. She had ridden bikes since her teens and was well travelled. But nothing could prepare her for what lay ahead. When she returned to London nearly two and a half years later she was stones lighter and decades wiser. She'd ridden through unforgiving landscapes and countries ravaged by war, witnessed civil uprisings that forced her to fake documents, and fended off sexual attacks, biker gangs and corrupt police convinced she was trafficking drugs. She'd survived life-threatening illnesses, personal loss and brutal accidents that had left permanent scars and a black hole in her memory. And she'd fallen in love with

two very different men. In an age before email, the internet, mobile phones, satnavs and, in some parts of the world, readily available and reliable maps, Elspeth achieved something that would still seem remarkable today. Told with honesty and wit, this is the extraordinary and moving story of a unique and life-changing adventure.

Ubuntu

One Woman's Motorcycle Odyssey Across Africa

Nero As you travel Africa, you will find the way of ubuntu - the universal bond that connects all of humanity as one. At the age of twenty-eight, while sitting in a friend's backyard in the remote mining township of Jabiru, Heather Ellis has a light-bulb moment: she is going to ride a motorcycle across Africa. The idea just feels right - no matter that she's never done any long-distance motorcycle travelling before, and has never even set foot on the African continent. Twelve months later, Heather unloads her Yamaha TT600 at the docks in Durban, South Africa, and her adventure begins. Her travels take her to the dizzying heights of Mt Kilimanjaro and the Rwenzori Mountains, to the deserts of northern Kenya where she is befriended by armed bandits and rescued by Turkana fishermen, to a stand-off with four Ugandan men intent on harm, and to a voyage on a 'floating village' on the mighty Zaire River. Everywhere she goes Heather is aided by locals and travellers alike, who take her into their homes and hearts, helping her to truly understand the spirit of ubuntu - a Bantu word meaning 'I am because you are'. Ubuntu is the extraordinary story of a young woman who, alone and against all odds, rode a motorcycle to some of the world's most remote, beautiful and dangerous places.

Dead Center Diaries

How One Girl Found Motorbikes

Of the millions of women learning to ride motorcycles, this is just one small, personal memoir of discovery along the way. It's about a rough, late start to motorbikes that I wrote to remind myself how far I'd come and/or to encourage someone else who might be apprehensive starting out. I'd planned a longer book with more stories and chapters but, soon I stopped writing about it and started riding about it, which is the point, right? Dead Center is a term to describe exact alignment in an engine. Finding it in a motorcycle engine is easy; in life, not so much. Motorcycling is a great teacher of patience and alignment...
