'What's in a name?' A popular explanation of ordinary Christian-names of men and women

Records , 1882-85

Europe, What's in a Name

Leuven University Press **Europe is a word that is almost daily on our lips. But how far do we have to go back in order to find the origins of its name? The first part of this beautifully illustrated book traces the geographical and mythological basis of Europe's name. Who came up with the idea to distinguish the world in continents with proper names? The search will bring the reader back to the early history of mankind. How did the ancient Egyptians see the world and populations around them? Where did the Hebrews get the idea to split the world in three? And what was the world-picture in ancient Greece, laid down in geographic treatises and fragments? Where did the name 'Europe' originate from? Could it be from a person, either mortal or divine? In ancient Greek literature the name 'Europa' appears quite frequently for Greek goddesses and Greek women. Strangely enough, the best known Europa myth concerns a Phoenician princess, loved by the Greek god Zeus. Many mythographs doubt the Asian descent of the Phoenician Europa. Is her real origin to be located on mainland Greece? How can the contradicting Greek myths be interpreted, and was the name universally accepted as the name for the continent? In the second part of this book, the author tells the amazing story of how the Arts have treated the Europa myths for almost three millennia. He shows the extraordinary influence of the personification of the geographic continent Europe on literature, music, sculpture, painting, tapestry and other applied arts. All this clearly demonstrates the vivid interest in Europe for the subject throughout the ages and illustrates, according to Karel van Miert in his Foreword, our common European culture.**

A Good Name and a Strong Set of Values Will Stand the Test of Time

Dorrance Publishing **A Good Name and a Strong Set of Values Will Stand the Test of Time By: Jethro Coe Jr. We all have met people who will stand firm on good principles of life and not bend to satisfy others. Values taught at home and by experience build a solid, lasting platform. Those who are honest and true to their word never see their names splashed across the news. Amid the electronic revolution, church and political leaders are both tempted and exposed by cell phones, computers, and social media. God doesn't like it at all. He made it very clear to us that He is a jealous God. A Good Name and a Strong Set of Values Will Stand the Test of Time encourages Christian leaders and the Christian community to take a serious look at themselves and realize that the church is not setting a good example for the rest of society—but that it can once again.**

The Making of a Name

The Inside Story of the Brands We Buy

Oxford University Press **How do brand names differ from other names, and what goes into making a good name great and a bad name ghastly? Knowing this can spell the difference between bankruptcy and marketplace triumph. In this indispensable guide, the authors share the secrets of successful brand names--how they've indelibly stamped cultures around the world; who makes them; why they're made; and how they're compiled, bought, sold, and protected. The book outlines what kind of names exist--the initialized, descriptive, allusive, and coined. How namers surf on brainwaves. The do's, don'ts, and nevers of naming, how the structure of names is built from the ground up and how their sounds are engineered. Why names symbolize benefits. Where in the world brands may be found, and what will become of them. Fast-paced, illustration-packed, gazing at the past and probing into the future, this is the definitive book on naming. The Making of A Name is the one book anyone interested in "owned words" must have.**

The Name of a Queen

William Fleetwood's Itinerarium ad Windsor

Springer **Itinerarium ad Windsor concerns a central question of the Elizabethan era: Why should a woman be allowed to rule with the same powers as a king? The man who poses this controversial question within Itinerarium is none other than Queen Elizabeth's powerful favorite Robert Dudley, Earl of Leicester. On hand to provide answers are the statesman and poet Thomas Sackville, Lord Buckhurst, and William Fleetwood antiquary, Recorder of London, and dutiful chronicler of their 1575 conversation. This critical edition of Itinerarium reproduces Fleetwood's text with annotations and a host of interpretive and contextualizing essays from leading scholars. Taken together, they constitute the definitive introduction to this remarkable discussion of regnant queenship, providing a valuable tool for understanding contemporary notions of and underlying fears concerning the efficacy and desirability of female rule in Elizabethan England.**

Paul'S Lifesong of Joy and Unity

A Commentary-Workbook Study of the Epistle to the Philippians

WestBow Press When Paul and Silas were in prison in Philippi, they burst into singing. Paul looked at life with a joyful song. He found delight when believers lived in harmony. The theme of this Bible study is Pauls Life-Song. Hear his song in the letter he wrote to Philippi, even while in another prison. Some strains explode with joy, while other stanzas carry a minor melody to encourage or warn the people he loved. Study his messages and learn how to apply Pauls attitudes regardless of his circumstances. This Bible study is rich with insights into the Hebrew and Greek and covers themes Paul brings from the Old Testament or other New Testament teachings. Dive deeper into those themes by taking important excursions into the background of the topics. This in-depth verse-by-verse investigation is valuable for individuals or groups. Enjoy the commentary while completing the workbook and applying the messages to everyday situations. Determine your timeframe for the study as you discover what the Lord Jesus wants to do in your life through Paul. Ive had the privilege of knowing Sharon Gresham as a teacher/speaker for many years and now as a writer. Her commitment to in-depth study and application of the Bible is refreshing. The Philippians study equips the pastor/teacher with a resource much needed in the church today. I am excited to teach this study both in our church and as we minister internationally. Darrel Auvenshine, pastor of Southside City Church, Fort Worth, Texas With a gift for accurately communicating Gods Word in a relevant and personal way, Sharon Greshams in-depth study of Philippians will delight and thrill any serious student of the Scriptures. I highly recommend it! Scott Whitson, director of missions, Southwest Metroplex Baptist Association and former missionary to Tanzania

Indian Names in Michigan

"Indian Names in Michigan traces the origin of hundreds of place-names given to counties, towns, lakes, rivers, and topographical features of the Great Lakes State. These melodic names that enrich our appreciation for the romantic past of our state record the culture and history of both the American Indian and the white settler. Most of the Indian names borne by Michigan's cities, counties, lakes, and rivers are those of Indian tribes and individuals. Settlers named places not only from the resident tribes, but also for tribes in the West that they had never seen. Indian Names in Michigan is written for all local history enthusiasts and anyone interested in Indian history and culture"--Back cover.
