This book attempts to list every place in the United States and Territories where soldiers, sailors, or marines might have been stationed during the First World War. The reason for such a list is to provide source locations and checklists for postal history (letters and cards) from these military men. The book lists all fixed, land-based United States military camps and facilities that operated during the War period. There has long been a need for such a listing, as it was not known where military mail could have originated within the US.
