DREAMING OF HORSES

[FriesenPress](#) **Written in first person, Kerry shares her dream of riding horses and takes us on her roller coaster journey. She introduces us to her parents and her younger sister, Jessica, and welcomes Mr. Judson who takes her under his wing at Aesop Stables. Later we meet Buckeye, a prized quarter horse, and Billy, a special fourteen year old boy. Kerry's Christian family helps her cope with the shocking news when a friend's mother dies. With prayers and determination she confronts jealousy that sneaks up on her, and the emotional upheaval of a first boyfriend. She's strengthened by meeting the challenge of taking care of horses and earns the right to saddle up. A day with their veterinarian turns out to be one of the best days of her life....**

A DICTIONARY OF SKIRI PAWNEE

[U of Nebraska Press](#) **"The volume comprises approximately 4,500 entries that represent the basic vocabulary of the Skiri language. To assist users, the introduction features a description of the Skiri sound system and an alphabet, as well as a short description of Skiri grammar that outlines the categories and constituent morphemes composing Skiri words. The first section of the dictionary presents entries arranged alphabetically by English glosses; the second section is arranged alphabetically by Skiri words and stems. Separate appendixes provide representative conjugations of Skiri verbs, a list of irregular verb roots, and charts of kinship terms."--BOOK JACKET.**

HORSES AND HORSEMANSHIP

Genetic wizardry by gene splicing is giving rise to a major scientific revolution called biotechnology, which will involve every facet of horse production -- from breeding, to feeding, to disease and parasite control. But advanced technology calls for advanced scientific and practical

expertise relative to horses and horsemanship, along with futuristic knowledge of biotechnology, pollution and environmental control, biological control of pests, conservation of energy, care of horses in confinement, horse behavior and animal welfare, and sustainable agriculture. All these developments are covered in this book, along with the basics of horse breeding, care, management, and performance.

GOT CARROTS? RESCUED HORSE

THE WINTER VACATION

iUniverse Annie and Cassie are best friends who met at Rolling Hills Equestrian School. Even though they began as strangers, their shared love for horses and adventure kept them together, especially when they helped nurse a young foal back to life. Now, winter break rapidly approaches, and the girls are excited to head back to Rolling Hills for a holiday vacation. Reunited with their beloved rescued foal, Got Carrots, the girls are also happy to see the local cat, Jasmine. They're even happier to be together at Rolling Hills. Annie and Cassie will get to attend classes over their holiday vacation, where they will have the chance to learn even more about riding, grooming, and showing horses. Adventure seeks them out when an injured mare is brought to the equestrian school. The girls suspect this mare is somehow related to Got Carrots. Then, Jasmine goes missing, and the entire school sets out to find her. Between the search for the cat and the arrival of the mysterious mare, Annie and Cassie may learn more than they ever expected at another adventure-filled holiday at Rolling Hills!
