Successful Women

Learn from Your Past, Build Your Present, and Prosper in Your Future

Createspace Independent Publishing Platform In **SUCCESSFUL WOMEN**, Emperatriz Manrique, encourages all women, in a simple and pleasant way, not to give up and to follow their dreams until reaching them. In fact, every single woman is already a winner by design. She simply has to equip herself with courage and enthusiasm to claim what belongs to her by birthright. The author shares the formulas that have led her to achieve an unusual level of success and, with simplicity, injects a healthy dose of enthusiasm and motivation into her readers to be bold and daring so that they may enjoy a full and successful life alongside their families.

Soul Freedom

Darjeeling Press Rev. E. Gene Vosseler has been a warrior of the Spirit and a devotee of the Christ and the Buddha for decades. As he has walked this path he has seen his life unfold in three distinct phases. The first was his youth and service as a fourth-generation Lutheran minister. In those thirty-eight years he served as a missionary in British Guiana, raised five children, and built a thriving church in Hawaii. It was a life of outer success. But it did not feed his soul. The second phase was a time of "divine dis-content." He left the Lutheran church, explored Taoism, became a Unitarian minister for two years, was arrested with Joan Baez in an antiwar protest, studied under a Buddhist master, and built and lost a multimillion dollar corporation--all in a twelve-year search for spiritual truth. The third phase began at the age of fifty, when Gene found the ascended masters and his spiritual teacher, Elizabeth Clare Prophet. He also met his twin flame, Wanda. He says this was when his "real" life began. The mystic in Gene found expression as he travelled all over America and the world with a message of higher consciousness. He became a minister again, taught Buddhism and Taoism at Summit University, took on leadership roles, and went through the inner tests and trials of chelaship and the spiritual path. The warrior in Gene would take on anyone--from Marxist professors to movie stars to the political establishment in Washington--in the defense of the truth as he saw it. In this book Gene candidly reveals his inner walk as the mystic and the warrior became one. It is the story of an ordinary man and his extraordinary life--a spiritual warrior and his personal quest for Soul Freedom. The life lessons he shares can assist each of us in the liberation of our own soul."

A Fair Globalization

Creating Opportunities for All

Academic Foundation

The Magic of Thinking Big

Random House More than 6 million readers around the world have improved their lives by reading *The Magic of Thinking Big*. First published in 1959, David J Schwartz's classic teachings are as powerful today as they were then. Practical, empowering and hugely engaging, this book will not only inspire you, it will give you the tools to change your life for the better - starting from now. His step-by-step approach will show you how to: - Defeat disbelief and the negative power it creates - Make your mind produce positive thoughts - Plan a concrete success-building programme - Do more and do it better by turning on your creative power - Capitalise on the power of NOW Updated for the 21st century, this is your go-to guide to a better life, starting with the way you think.

The 5AM Club

Own Your Morning. Elevate Your Life.

HarperCollins Legendary leadership and elite performance expert Robin Sharma introduced *The 5am Club* concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, *The 5am Club* will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed “Insider-only” tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, *The 5am Club* is a work that will transform your life. Forever.

The Art of Life

John Wiley & Sons In our individualized society we are all artists of life - whether we know it or not, will it or not and like it or not, by decree of society if not by our own choice. In this society we are all expected, rightly or wrongly, to give our lives purpose and form by using our own skills and resources, even if we lack the tools and materials with which artists' studios need to be equipped for the artist's work to be conceived and executed. And we are praised or censured for the results - for what we have managed or failed to accomplish and for what we have achieved and lost. In our liquid modern

society we are also taught to believe that the purpose of the art of life should be and can be happiness – though it's not clear what happiness is, the images of a happy state keep changing and the state of happiness remains most of the time something yet-to-be-reached. This new book by Zygmunt Bauman – one of the most original and influential social thinkers writing today – is not a book of designs for the art of life nor a 'how to' book: the construction of a design for life and the way it is pursued is and cannot but be an individual responsibility and individual accomplishment. It is instead a brilliant account of conditions under which our designs-for-life are chosen, of the constraints that might be imposed on their choice and of the interplay of design, accident and character that shape their implementation. Last but not least, it is a study of the ways in which our society – the liquid modern, individualized society of consumers – influences (but does not determine) the way we construct and narrate our life trajectories.

Daring Greatly

How the Courage to Be Vulnerable Transforms the Way We Live, Love, Parent, and Lead

Penguin UK Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly* that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. *Daring Greatly* is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of *The Gifts of Imperfection* and *I Thought It Was Just Me (but it isn't)*.

Radical

Taking Back Your Faith from the American Dream

Multnomah New York Times bestseller What is Jesus worth to you? It's easy for American Christians to forget how Jesus said his followers would actually live, what their new lifestyle would actually look like. They would, he said, leave behind security, money, convenience, even family for him. They would abandon everything for the gospel. They would take up their crosses daily... But who do you know who lives like that? Do you? In *Radical*, David Platt challenges you to consider with an open heart how we have manipulated the gospel to fit our cultural preferences. He shows what Jesus actually said about being his disciple--then invites you to believe and obey what you have heard. And he tells the dramatic story of what is happening as a "successful" suburban church decides to get serious about the gospel according to Jesus. Finally, he urges you to join in *The Radical Experiment* -- a one-year journey in authentic discipleship that will transform how you live in a world that desperately needs the Good News Jesus came to bring.

The Art of Living

Penguin Make Bob Proctor YOUR personal mentor! *The Art of Living* presents transcripts from legendary business speaker and mentor Bob Proctor's most popular workshop—Matrixx—and brings this wisdom to a wider audience. With this book, readers will become a student of Bob Proctor's as he teaches lessons and presents jewels of wisdom on living an extraordinary life. Readers will marvel at Proctor's miraculous way of disseminating his decades of business wisdom into easy-to-understand parables and learn lessons on what our creative faculties are and how to use them, why we need to unlearn most of the false beliefs we've been indoctrinated with our whole lives, and how our intellects have the ability not only to put us ahead in life, but also to be our biggest detriment. Among many other invaluable lessons contained herein, as a new student of Bob's, readers will learn: -How to obtain whatever it is that's desired in life -How to erase negative thought patterns and retrain the brain for success -How to arrange work for maximum effectiveness

It changes the way you look at the world' Simon Mayo 'I would recommend Sapiens to anyone who's interested in the history and future of our species' Bill Gates ****ONE OF THE GUARDIAN'S 100 BEST BOOKS OF THE 21st CENTURY****

Secrets of the Millionaire Mind

Mastering the Inner Game of Wealth

Harper Collins *Secrets of the Millionaire Mind* reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

The Seven Spiritual Laws of Success

A Pocketbook Guide to Fulfilling Your Dreams

Hay House, Inc This is a book you will cherish for a lifetime, for within its pages are the secrets to making all your dreams come true. Based on natural laws that govern all of creation, this book shatters the myth that success is the result of hard work, exacting plans, or driving ambition. Instead, Deepak Chopra offers a life-altering perspective on the attainment of success: When we understand our true nature and learn to live in harmony with natural law, a sense of well-being, good health, fulfilling relationships, and material abundance spring forth easily and effortlessly. Filled with timeless wisdom and practical steps you can apply right away, this pocketbook edition of Chopra's classic bestselling book makes it easy for you to read and refer to again and again. Carry it with you in your purse or your pocket, and in less than one hour, learn the seven powerful principles that can easily be applied to create success in all areas of your life.

As a Man Thinketh

Sristhi Publishers & Distributors *As a Man Thinketh* maps out the way in which our thoughts can affect our physical, mental, emotional and social health. It also discusses ways in which we can use our visions and ideas to lead us to peace of mind. This book by James Allen sums up the hows, whys and whats of taming the mind and its infinite energies, of channeling the power of positive thinking, and striking a balance between the inner world of our thoughts as against the outer world of action.

The International Labour Organization and the Quest for Social Justice, 1919-2009

International Labour Organisation Explores some of the main ideas which the ILO has seized, developed and applied, examines their history and tells how they were pursued in different geographical and historical settings.

I, Rigoberta Menchu

An Indian Woman in Guatemala

Verso Books A Nobel Peace Prize winner reflects on poverty, injustice, and the struggles of Mayan communities in Guatemala, offering "a fascinating and moving description of the culture of an entire people" (The Times) Now a global bestseller, the remarkable life of Rigoberta Menchú, a Guatemalan peasant woman, reflects on the experiences common to many Indian communities in Latin America. Menchú suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechistic work as an expression of political revolt as well as religious commitment. Menchú vividly conveys the traditional beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman.

A Short History of England

Good Press "A Short History of England" by G. K. Chesterton. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. Putting the Power of Your Subconscious Mind to Work

Reach New Levels of Career Success Using the Power of Your Subconscious Mind

Penguin All new, never-before-published? from the author of the phenomenal bestseller The Power of Your Subconscious Mind. When Dr. Joseph Murphy wrote his bestselling book The Power of Your Subconscious Mind, he set forth the basic techniques for enriching one's life by programming the subconscious mind. This all-new book, based on forty years of previously unpublished research, shows how the subconscious mind can be used by people in their workplace when dealing with both routine and unexpected problems faced on the job. To illustrate Murphy's principles, editor Arthur Pell has provided examples from the lives of past and contemporary business leaders who have achieved success by applying these concepts in their professional lives. This book covers the most vital subjects in career and business success including: establishing goals, developing self-confidence and resilience, mastering the law of attraction, leading a dynamic team, effective communication, managing time efficiently, and more.

The Art of Happiness

A Handbook for Living

Through conversations, stories, and meditations, the Dalai Lama shows us how to defeat day-to-day anxiety, insecurity, anger, and discouragement. Together with Dr. Howard Cutler, he explores many facets of everyday life, including relationships, loss, and the pursuit of wealth, to illustrate how to ride through life's obstacles on a deep and abiding source of inner peace. Based on 2,500 years of Buddhist meditations mixed with a healthy dose of common sense, THE ART OF HAPPINESS is a book that crosses the boundaries of traditions to help readers with difficulties common to all human beings. After being in print for ten years, this book has touched countless lives and uplifted spirits around the world.

Women who Run with the Wolves

Myths and Stories of the Wild Woman Archetype

A Jungian analyst explores the feminine psyche through stories of "wild women"--the mythological archetype of the strong, primitive woman

Animal Farm

Faber & Faber All animals are equal but some animals are more equal than others. It's just an ordinary farm - until the animals revolt. They get rid of the irresponsible farmer. The other animals are sure that life is improving, but as systems are replaced and half-truths are retold, a new hierarchy emerges . . . Orwell's tale of propaganda, power and greed has never felt more pertinent. With an exciting new cover and inside illustrations by superstar Chris Mould.

The Humanure Handbook

A Guide to Composting Human Manure

Jenkins Pub The most comprehensive, up-to-date and thoroughly researched book on the topic of composting human manure available anywhere. It includes a review of the historical, cultural and environmental issues pertaining to "human waste," as well as an in depth look at the potential health risks related to humanure recycling, with clear instructions on how to eliminate those dangers in order to safely convert humanure into garden soil. Written by a humanure composter with over thirty years experience, this classic work now includes illustrated, step-by-step instructions on how to build a humanure toilet, a chapter on alternative graywater systems, photos of owner-built humanure toilets from around the world, and an overview of commercial composting toilets and systems.

Liquid Life

John Wiley & Sons 'Liquid life' is the kind of life commonly lived in our contemporary, liquid-modern society. Liquid life cannot stay on course, as liquid-modern society cannot keep its shape for long. Liquid life is a precarious life, lived under conditions of constant uncertainty. The most acute and stubborn worries that haunt this liquid life are the fears of being caught napping, of failing to catch up with fast moving events, of overlooking the 'use by' dates and being saddled with worthless possessions, of missing the moment calling for a change of tack and being left behind. Liquid life is also shot through by a contradiction: it ought to be a (possibly unending) series of new beginnings, yet precisely for that reason it is full of worries about swift and painless endings, without which new beginnings would be unthinkable. Among the arts of liquid-modern living and the skills needed to practice them, getting rid of things takes precedence over their acquisition. This and other challenges of life in a liquid-modern society are traced and unravelled in the successive chapters of this new book by one of the most brilliant and original social thinkers of our time.

30 DAYS

30 Days is a simple, fast-paced book where you will learn what it takes to create the life you want. Do you want to discover the Code that opens the safe of prosperity? Open the book and start reading ...Raimon Samsó, author of 24 books, expert in money and conscience.

Shoe Dog

A Memoir by the Creator of NIKE

Simon and Schuster 'A refreshingly honest reminder of what the path to business success really looks like ... It's an amazing tale' Bill Gates 'The best book I read last year was Shoe Dog, by Nike's Phil Knight. Phil is a very wise, intelligent and competitive fellow who is also a gifted storyteller' Warren Buffett In 1962, fresh out of business school, Phil Knight borrowed \$50 from his father and created a company with a simple mission: import high-quality, low-cost athletic shoes from Japan. Selling the shoes from the boot of his Plymouth, Knight grossed \$8000 in his first year. Today, Nike's annual sales top \$30 billion. In an age of start-ups, Nike is the ne plus ultra of all start-ups, and the swoosh has become a revolutionary, globe-spanning icon, one of the most ubiquitous and recognisable symbols in the world today. But Knight, the man behind the swoosh, has always remained a mystery. Now, for the first time, he tells his story. Candid, humble, wry and gutsy, he begins with his crossroads moment when at 24 he decided to start his own business. He details the many risks and daunting setbacks that stood between him and his dream - along with his early triumphs. Above all, he recalls how his first band of partners and employees soon became a tight-knit band of brothers. Together, harnessing the transcendent power of a shared mission, and a deep belief in the spirit of sport, they built a brand that changed everything. A memoir rich with insight, humour and hard-won wisdom, this book is also studded with lessons - about building something from scratch, overcoming adversity, and ultimately leaving your mark on the world.

The Seven Habits of Highly Effective People

Restoring the Character Ethic

Macmillan Reference USA A revolutionary guidebook to achieving peace of mind by seeking the roots of human behavior in character and by learning principles rather than just practices. Covey's method is a pathway to wisdom and power.

North and South

You Were Born Rich

Now You Can Discover and Develop Those Riches

The 48 Laws Of Power

Profile Books THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

The Count of Monte Cristo

BookRix The Count of Monte Cristo is an adventure novel by French author Alexandre Dumas. It is one of the author's most popular works, along with The Three Musketeers. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy and islands in the Mediterranean during the historical events of 1815-1838. It begins from just before the Hundred Days period (when Napoleon returned to power after his exile) and spans through to the reign of Louis-Philippe of France. The historical setting is a fundamental element of the book. An adventure story primarily concerned with themes of hope, justice, vengeance, mercy and forgiveness, it focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal and selfishness, shown throughout the story as characters slowly reveal their true inner nature. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood."

An Inquiry Into the Nature and Causes of the Wealth of Nations

The Great Divide

Penguin UK Why has inequality increased in the Western world - and what can we do about it? In The Great Divide, Joseph E. Stiglitz expands on the diagnosis he offered in his best-selling book The Price of Inequality and suggests ways to counter this growing problem. With his characteristic blend of clarity and passion, Stiglitz argues that inequality is a choice - the cumulative result of unjust policies and misguided priorities. In these essays, articles and reflections, Stiglitz fully exposes the inequality - from its dimensions and its causes to its consequences for the world - that is afflicting America and other Western countries in thrall to neoliberalism. From Reagan-era policies to the Great Recession and its long aftermath, Stiglitz delves into the processes and irresponsible policies - deregulation, tax cuts for the rich, the corruption of the political process - that are leaving many people further and further behind and turning the dream of a socially mobile society into an ever more unachievable myth. With formidable yet accessible economic insight, he urges us to embrace real solutions: increasing taxes on corporations and the wealthy; investing in education, science, and infrastructure; helping homeowners instead of banks; and, most importantly, doing more to restore the economy to full employment. Stiglitz's analysis reaches beyond America - the inequality leader of the developed world - to draw lessons from Scandinavia, Singapore, and Japan, and he argues against the tide of unnecessary, destructive austerity that is sweeping across Europe. Ultimately, Stiglitz believes our choice is not between growth and fairness; with the right policies, we can choose both.

The Millionaire Fastlane

Crack the Code to Wealth and Live Rich for a Lifetime

Viperion Publishing Corp 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes: it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

A Neotropical Companion

An Introduction to the Animals, Plants, and Ecosystems of the New World Tropics

Princeton University Press Widely praised, "A Neotropical Companion" is an extraordinarily readable introduction to the American tropics, the lands of Central and South America, their rainforests and other ecosystems, and the creatures that live there. 177 color illustrations.

Thinking, Fast and Slow

Penguin UK In this work the author, a recipient of the Nobel Prize in Economic Sciences for his seminal work in psychology that challenged the rational model of judgment and decision making, has brought together his many years of research and thinking in one book. He explains the two systems that drive the way we think. System 1 is fast, intuitive, and emotional; System 2 is slower, more deliberative, and more logical. He exposes the extraordinary capabilities, and also the faults and biases, of fast thinking, and reveals the pervasive influence of intuitive impressions on our thoughts and behavior. He reveals where we can and cannot trust our intuitions and how we can tap into the benefits of slow thinking. He offers practical and enlightening insights into how choices are made in both our business and our personal lives, and how we can use different techniques to guard against the mental glitches that often get us into trouble. This author's work has transformed cognitive psychology and launched the new fields of behavioral economics and happiness studies. In this book, he takes us on a tour of the mind and explains the two systems that drive the way we think and the way we make choices.

12 Rules for Life

An Antidote to Chaos

Penguin UK Jordan Peterson's work as a clinical psychologist has reshaped the modern understanding of personality, and now he has become one of the world's most popular public thinkers, with his lectures on topics ranging from the Bible to romantic relationships drawing tens of millions of viewers. In an era of polarizing politics, echo chambers and trigger warnings, his startling message about the value of personal responsibility and the dangers of ideology has resonated around the world. In this book, he combines ancient wisdom with decades of experience to provide twelve profound and challenging principles for how to live a meaningful life, from setting your house in order before criticising others to comparing yourself to who you were yesterday, not someone else today. Gripping, thought-provoking and deeply rewarding, 12 Rules for Life offers an antidote to the chaos in our lives: eternal truths applied to our modern problems.
