The Feast of the Goat

Faber & Faber Urania Cabral, a New York lawyer, returns to the Dominican Republic after a lifelong self-imposed exile. Once she is back in her homeland, the elusive feeling of terror that has overshadowed her whole life suddenly takes shape. Urania's own story

alternates with the powerful climax of dictator Rafael Trujillo's reign. In 1961, Trujillo's decadent inner circle (which includes Urania's soon-to-be disgraced father) enjoys the luxuries of privilege while the rest of the nation lives in fear and deprivation. As Trujillo clings to power, a plot to push the Dominican Republic into the future is being formed. But after the murder of its hated dictator, the Goat, is carried out, the Dominican Republic is plunged into the nightmare of a bloody and uncertain aftermath. Now, thirty years later, Urania reveals how her own family was fatally wounded by the forces of history. In The Feast of the Goat Mario Vargas Llosa eloquently explores the effects of power and violence on the lives of both the oppressors and those they victimized. 'The Feast of the Goat will stand out as the great emblematic novel of Latin America's twentieth century and removes One Hundred Years of Solitude of that title.' Times Literary Supplement

American Multinationals and Japan

The Political Economy of Japanese Capital Controls, 1899–1980

BRILL "This pioneering study of United States direct investment in Japan will interest academic specialists, business managers, and government policymakers in America, Japan, and elsewhere. Drawing on rich historical materials from both sides of the Pacific, including corporate records and government documents never before made public, Mason examines the development of both

Japanese policy towards foreign investment and the strategic responses of American corporations. This history is related in part through original case studies of Coca-Cola, Dow Chemical, Ford, General Motors, International Business Machines, Motorola, Otis Elevator, Texas Instruments, Western Electric, and Victor Talking Machine. The book seeks to explain why a little foreign direct investment has entered modern Japan. In contrast to the widely held view that emphasizes an alleged lack of effort on the part of foreign corporations, this study finds that Japanese restrictions merit greater attention. Many analysts of the modern Japanese political economy identify the Japanese government as the key actor in initiating such restrictions. Mason finds that the influence of Japanese business has often proved more potent than these analysts suggest. This book offers fresh insights into both the operation of the modern Japanese political economy and of its relations with the world economy."

American Cars, 1946–1959

Every Model, Year by Year

McFarland From the resumption of automobile production at the close of World War II through the 1950s, the American auto industry would see the births and deaths of several manufacturers, great technological advances, and an era of dramatic styling as a prospering nation asserted its growing mobility. Cars of this period are among the most iconic vehicles ever built in the United States: the 1949 Ford, the remarkable Studebaker designs of 1950 and 1953, the 1955–1957 Chevrolets, the “Forward Look” Chrysler products, the ill-fated Edsel and many others. This comprehensive reference book details every model from each of the major manufacturers (including independents such as Kaiser-Frazer and Crosley but excluding very low-volume marques such as Tucker) from model years 1946 through 1959. Year by year, it provides an overview of the industry and market, followed by an individual report on each company: its main news for the year (introductions or cancellations of models, new engines and transmissions, advertising themes, sales trends etc.); its production figures and market status; and its powertrain offerings, paint colors and major options. The company's models are then detailed individually with such information as body styles, prices, dimensions and weights, standard equipment and production figures. Nearly 1,000 photographs are included.

Hav

New York Review of Books A New York Review Books Original Hav is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of Hav, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published Last Letters from Hav in 1985, it was short-listed for the Booker Prize. Here it is joined by Hav of the Myrmidons, a sequel that brings the story up-to-date. Twenty-first-century Hav is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

Disciple IV

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

CrazyBusy

Overstretched, Overbooked, and About to Snap! Strategies for Handling Your Fast- Paced Life

Ballantine Books Are you too busy? Are you always running behind? Is your calendar loaded with more than you can possibly accomplish? Is it driving you crazy? You're not alone. CrazyBusy-the modern phenomenon of brain overload-is a national epidemic. Without intending it or understanding how it happened, we've plunged ourselves into a mad rush of activity, expecting our brains to keep track of more than they comfortably or effectively can. In fact, as Attention Deficit Disorder expert and bestselling author Edward M. Hallowell, M.D., argues in this groundbreaking new book, this brain overload has reached the point where our entire society is suffering from culturally induced ADD. CrazyBusy is not just a by-product of high-speed, globalized modern life-it has become its

defining feature. BlackBerries, cell phones, and e-mail 24/7. Longer work days, escalating demands, and higher expectations at home. It all adds up to a state of constant frenzy that is sapping us of creativity, humanity, mental well-being, and the ability to focus on what truly matters. But as Dr. Hallowell argues, being crazybusy can also be an opportunity. Just as ADD can, if properly managed, become a source of ingenuity and inspiration, so the impulse to be busy can be turned to our advantage once we get in touch with our needs and take charge of how we really want to spend our time. Through quick exercises (perfect for busy people), focused advice on everything from lifestyle to time management, and examples chosen from his extensive clinical experience, Hallowell goes step-by-step through the process of unsnarling frantic lives. With CrazyBusy, we can teach ourselves to move from the F-state-frenzied, flailing, fearful, forgetful, furious-to the C-state-cool, calm, clear, consistent, curious, courteous. Dr. Hallowell has helped more than a million readers free themselves of the distractions and compulsions of ADD. Now in CrazyBusy, he offers the same sound, sane, and accessible guidance for anyone suffering from the harried pace of modern life. If you find yourself pulled into a million different directions, here at last is the opportunity to stop being busy, start being happy, and still get things done.
