The Forever War [St. Martin's Griffin](#) The monumental Hugo and Nebula award winning SF classic-- Featuring a new introduction by John Scalzi The Earth's leaders have drawn a line in the interstellar sand--despite the fact that the fierce alien enemy they would oppose is inscrutable, unconquerable, and very far away. A reluctant conscript drafted into an elite Military unit, Private William Mandella has been propelled through space and time to fight in the distant thousand-year conflict; to perform his duties and do whatever it takes to survive the ordeal and return home. But "home" may be even more terrifying than battle, because, thanks to the time dilation caused by space travel, Mandella is aging months while the Earth he left behind is aging centuries... **Forever Free** [Open Road Media](#) "A well-written and worthy sequel to one of SF's enduring classics"—the Nebula Award winner **The Forever War**—now with a bonus story, "A Separate War" (Publishers Weekly). On virtually every list of the greatest military science fiction adventures ever written, Joe Haldeman's Hugo and Nebula Award-winning classic, **The Forever War**, is ranked at the very top. In **Forever Free**, the Science Fiction Writers of America Grand Master and author of the acclaimed **Worlds** series returns to that same volatile universe where human space marines once engaged the alien Taurans in never-ending battle. While loyal soldier William Mandella was fighting for the survival of the human race in a distant galaxy, thousands of years were passing on his home planet, Earth. Then, with the end of the hostilities came the shocking realization that humanity had evolved into something he did not recognize. Offered the choice of retaining his individuality or becoming part of the genetically modified shared Human hive-mind, Mandella chose exile, joining other veterans of the **Forever War** seeking a new life on a wasteland world they called Middle Finger. Making a home for themselves in this half-frozen hell, Mandella and his life partner, Marygay, have survived into middle age, raising a son and a daughter in the process. Now, the dark truth about the colonists' ultimate role in the continuation of the Human group mind will force Mandella and Marygay to take desperate action as they hijack an interstellar vessel and set off on a frantic escape across space and time. But what awaits them upon their return is a mystery far beyond all human—or Human—comprehension . . . In **Forever Free**, Joe Haldeman's stunning vision of humankind's far future reaches its enthralling conclusion in a masterwork of speculation from the mind and heart of one of the undisputed champions of hard science fiction. And in the bonus story included in this volume, "A Separate War," Marygay, reassigned and separated from her lover, Mandella, continues fighting in military engagements across the stars—all the while planning how she and Mandella can reunite despite the time and space between them. **The Forever War: Forever Free** (complete collection) [Titan Comics](#) p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px} From Nebula and Hugo Award-winning author, Joe Haldeman. The sequel to **The Forever War** - Joe Haldeman's legendary intergalactic Vietnam War parable. Stunningly realized by Marvano. **The Forever War** raged for centuries... but Marygay was there to see it all. During the interstellar travel that took her years, whole generations came and went on Earth. Thanks to special relativity, Marygay was able to wait for many lifetimes to be reunited with her lost love, William Mandella. But they, and the other survivors of the war, are struggling to find their place in the universe after the galaxy shattering conflict. **Collects The Forever War: Forever Free #1-3.** "A classic reinterpretation of a brilliant sci-fi novel that still feels fresher than most comics on the market today." - **Multiversity Comics** "It's an amazing military story of survival and exploration - highly recommended." - **Chuck's Comic of the Day Forever Peace** [Ace](#) Suffering from the psychological strains of the Ngumi War, soldierboy operator Julian Class, assisted by his lover, Dr. Amelia Harding, makes an astonishing scientific discovery that could restore the universe. Reprint. **The Forever War** [Harper Collins](#) Drafted into the ranks of Earth's interstellar warriors, private William Mandella finds his fight against the Taurans secondary to the side-effects of faster-than-light space travel, which affects the rate at which he ages. Winner of the Hugo and Nebula Awards. Reprint. 25,000 first printing. **A Separate War and Other Stories** [Penguin](#) Spanning more than thirty-five years in the writing career of the Hugo and Nebula Award-winning author, a collection of short fiction includes fifteen never-before-collected stories that feature such works as his first sold tale, "Out of Phase," and "For White Hill," based on a Shakespeare sonnet. Reprint. **The Forever War 1** Marvano : Private Mandella [Nbm Publishing Company](#) Private William Mandella is a hero in spite of himself--a reluctant conscript drafted into an elite military unit. He never wanted to go to war, but the leaders on Earth have drawn a line in the interstellar sand--despite the fact that their fierce alien enemy is unknowable, unconquerable, and very far away. **The Light Brigade** [Gallery / Saga Press](#) **NAMED BY PUBLISHERS WEEKLY AS A BEST BOOK OF 2019** "Passionately brutal, fierce, and furious in voice and pace. It's a particularly cinematic experience of war, Full Metal Jacket meets Edge of Tomorrow." —The New York Times From the Hugo Award-winning author of **The Stars Are Legion** comes a science fiction thriller about a futuristic war during which soldiers are broken down into light in order to get them to the front lines on Mars. They said the war would turn us into light. I wanted to be counted among the heroes who gave us this better world. **The Light Brigade**: it's what soldiers fighting the war against Mars call the ones who come back...different. Grunts in the corporate corps get busted down into light to travel to and from interplanetary battlefronts. Everyone is changed by what the corps must do in order to break them down into light. Those who survive learn to stick to the mission brief—no matter what actually happens during combat. Dietz, a fresh recruit in the infantry, begins to experience combat drops that don't sync up with the platoon's. And Dietz's bad drops tell a story of the war that's not at all what the corporate brass want the soldiers to think is going on. Is Dietz really experiencing the war differently, or is it combat madness? Trying to untangle memory from mission brief and survive with sanity intact, Dietz is ready to become a hero—or maybe a villain; in war it's hard to tell the difference. **Work Done for Hire** [Penguin](#) Joe Haldeman's "adept plotting, strong pacing, and sense of grim stoicism have won him wide acclaim" (The Washington Post) and numerous honors for such works as **The Forever War**, **The Accidental Time Machine**, and the **Marsbound** trilogy. Now, the multiple Hugo and Nebula award-winning author pits a lone war veteran against a mysterious enemy who is watching his every move—and threatens him with more than death unless he kills for them. Wounded in combat and honorably discharged nine years ago, Jack Daley still suffers nightmares from when he served his country as a sniper, racking up sixteen confirmed kills. Now a struggling author, Jack accepts an offer to write a near-future novel about a serial killer, based on a Hollywood script outline. It's an opportunity to build his writing career, and a future with his girlfriend, Kit Majors. But Jack's other talent is also in demand. A package arrives on his doorstep containing a sniper rifle, complete with silencer and ammunition—and the first installment of a \$100,000 payment to kill a "bad man." The twisted offer is genuine. The people behind it are dangerous. They prove that they have Jack under surveillance. He can't run. He can't hide. And if he doesn't take the job, Kit will be in the crosshairs instead. **Life between Two Deaths, 19892001** U.S. Culture in the Long Nineties [Duke University Press](#) Through virtuoso readings of significant works of American film, television, and fiction, Phillip E. Wegner demonstrates that the period between the fall of the Berlin Wall in November 1989 and the terrorist attacks of September 11, 2001 fostered a unique consciousness and represented a moment of immense historical possibilities now at risk of being forgotten in the midst of the "war on terror." Wegner argues that 9/11 should be understood as a form of what Jacques Lacan called the "second death," an event that repeats an earlier "fall," in this instance the collapse of the Berlin Wall. By describing 9/11 as a repetition, Wegner does not deny its significance. Rather, he argues that it was only with the fall of the towers that the symbolic universe of the Cold War was finally destroyed and a true "new world order," in which the United States assumed disturbing new powers, was put into place. Wegner shows how phenomena including the debate on globalization, neoliberal notions of the end of history, the explosive growth of the Internet, the efflorescence of new architectural and urban planning projects, developments in literary and cultural production, new turns in theory and philosophy, and the rapid growth of the antiglobalization movement came to characterize the long nineties. He offers readings of some of the most interesting cultural texts of the era: Don DeLillo's **White Noise**; Joe Haldeman's **Forever** trilogy; Octavia Butler's **Parable** novels; the **Terminator** films; the movies **Fight Club**, **Independence Day**, **Cape Fear**, and **Ghost Dog**; and the television series **Buffy the Vampire Slayer**. In so doing, he illuminates fundamental issues concerning narrative, such as how beginnings and endings are recognized and how relationships between events are constructed. **Armor The Forever War Vol. 1** [Titan Books \(US, CA\)](#) The legendary novel of extraterrestrial war in an uncaring universe comes to comics, in a stunningly realized vision of Joe Haldeman's Vietnam War parable! The visionary Hugo and Nebula Award-winning SF tale by Joe Haldeman is beautifully realized in full color by the legendary artist Marvano. An epic SF war story spanning relativistic space and time, **The Forever War** explores one soldier's experience as he is caught up in the brutal machinery of a war against an unknown and unknowable alien foe that reaches across the stars. **The Accidental Time Machine** [Hachette UK](#) Grad-school dropout Matt Fuller is toiling as a lowly research assistant at MIT when, while measuring quantum relationships between gravity and light, his calibrator disappears - and reappears, one second later. In fact, every time Matt hits the reset button, the machine goes missing twelve times longer. After tinkering with the calibrator, Matt is convinced that what he has in his possession is a time machine. And by simply attaching a metal box to it, he learns to send things through time - including a pet-store turtle, which comes back no worse for wear. With a dead-end job and a girlfriend who left him for another man, Matt has nothing to lose by taking a time machine trip for himself. So he borrows an old car, stocks it with food and water, and ends up in the near future - under arrest for the murder of the car's original owner, who dropped dead after seeing Matt disappear before his eyes. The only way to beat the rap is to continue time travelling until he finds a place in time safe enough to stop for good. But such a place may not exist... **Earth Strike (Star Carrier, Book 1)** [HarperCollins UK](#) The first book in the epic saga of humankind's war of transcendence **Peace and War** Bringing together Joe Haldeman's classic tales of future conflicts, this anthology includes 'The Forever War', its sequel 'Forever Free' and the companion novel 'Forever Peace'. **March Upcountry** [Baen Books](#) When his spaceship crashes en route to a boring ceremonial appearance, Roger MacClintock, a spoiled young prince, and his guardian Royal Marines must take a perilous trek across a planet filled with dangerous plants and hostile peoples. **How to Make Your Car Last Forever** Avoid Expensive Repairs, Improve Fuel Economy, Understand Your Warranty, Save Money [Motorbooks](#) For many people, a well-maintained automobile is a source of pride and peace of mind. Now the League seeks to end the Clan invasion for good by using former Smoke Jaguars against their own people. Meanwhile, two bitter enemies seek to salvage a future for the last Jaguars in existence: Trent, who betrayed his wayward Clan to help them regain their honor, and Paul Moon, a disgraced warrior torn between his pledged loyalty to the Star League and a duty to the Smoke Jaguar civilization he was born to protect. But power-hungry predators lurk in Clan space, waiting for the right time to strike the vulnerable Star League forces. And to the victor will go the spoils: the priceless artifacts of a destroyed Clan and the sacred genetics of the final generation

of Smoke Jaguar warriors. Trent and Paul Moon must fight tooth and nail against would-be conquerors to save the soul of the surviving Jaguar people before they are consigned to the annals of history. But will their divergent plans tear the survivors apart, or lead them toward freedom? World Without End

The Forever War #2 [Titan Comics](#) As they touch down on the planet Aleph, Platoon 1 are about to put everything they've learned in training into practice. They are under orders to engage the enemy - the Taurans - whom none of them have ever seen before. Ready for battle, they set out across the alien world. The war is real now. They're in it. But, like everything, the expectation and the reality are markedly different. The ideology that led them to this situation also led to decisions that none of them could have prepared themselves for - and the lucky ones who survive will never be the same again...

All My Sins Remembered [Open Road Media](#) In this powerful, provocative SF classic from the award-winning author of The Forever War, a young man of peace is transformed into an intergalactic killer. Once Otto McGavin was a kind and gentle soul; then he was recruited by the all-powerful Confederación. An ultrasecretive, government-linked organization, the Confederación's stated mission of protecting threatened life, both human and alien, throughout the galaxy greatly appeals to the Anglo-Buddhist McGavin as he eagerly prepares to embark on a career of diplomacy and selfless works. But Otto's new masters have other plans for the idealistic young recruit. Through a process of immersion therapy and hypnosis, and by encasing him in temporary bodies of plastiflesh, scientists can overlay Otto's true persona with other ones, transforming him completely—body, mind, and soul—into the ruthlessly effective prime operator the Confederación wants him to be. But decades of interstellar subterfuge and violence, and years spent wearing the personae of spies and cold-blooded killers, must ultimately take their toll—and before he leaves behind the lives that have been cruelly thrust upon him, Otto McGavin will have to somehow come to terms with who he really is and the monstrous things he has done. One of the most powerful and thought-provoking stories from the Hugo and Nebula Award-winning author of Worlds and The Forever War, Joe Haldeman's All My Sins Remembered is a stunning work of speculative fiction. This ebook features an illustrated biography of Joe Haldeman including rare images from the author's personal collection. The Accidental Time Machine [Penguin](#) Working as a lowly research assistant at MIT, grad-school dropout Matt Fuller is working on a project to measure quantum forces related to time changes in gravity and electromagnetic force when his calibrator is transformed into a time machine, which Matt decides to use to escape his dead-end job and a romantic break-up. Reprint. Starship Troopers [Penguin](#) In a futuristic military adventure a recruit goes through the roughest boot camp in the universe and into battle with the Terran Mobile Infantry in what historians would come to call the First Interstellar War Camouflage [Hachette UK](#) Winner of the Nebula Award for best novel, 2005 Winner of the James Tiptree, Jr. Award 2004 Unknown to anyone, two creatures have wandered the Earth for generations. The aliens have no knowledge of each other, but share a residual memory of a mysterious, sunken relic - and an affinity for deep water. One, the changeling, has survived by adaptation, taking the shapes of many different organisms. The other, the chameleon, has survived solely by destroying anything or anyone that threatens it. Now, finally brought up from the bottom of the sea by marine biologist Russell Sutton, the relic calls to them both . . . to come home. For all these generations there have been two invincible creatures on Earth. But the chameleon has decided there's only room for one . . . The Forever War: Forever Free #1 [Titan Comics](#) The sequel to novelist Joe Haldeman, Gay Haldeman and Marvano's epic science-fiction comic book adaptation, 'The Forever War: Free'. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Calibri; min-height: 14.0px} "If there was a Fort Knox for science fiction writers, we'd have to lock Joe Haldeman up" - Stephen King The Forever War [Open Road Media](#) Winner of the Hugo and Nebula Awards: A futuristic masterpiece, "perhaps the most important war novel written since Vietnam" (Junot Díaz). In this novel, a landmark of science fiction that began as an MFA thesis for the Iowa Writers' Workshop and went on to become an award-winning classic—inspiring a play, a graphic novel, and most recently an in-development film—man has taken to the stars, and soldiers fighting the wars of the future return to Earth forever alienated from their home. Conscripted into service for the United Nations Exploratory Force, a highly trained unit built for revenge, physics student William Mandella fights for his planet light years away against the alien force known as the Taurans. "Mandella's attempt to survive and remain human in the face of an absurd, almost endless war is harrowing, hilarious, heartbreaking, and true," says Pulitzer Prize-winning novelist Junot Díaz—and because of the relative passage of time when one travels at incredibly high speed, the Earth Mandella returns to after his two-year experience has progressed decades and is foreign to him in disturbing ways. Based in part on the author's experiences in Vietnam, The Forever War is regarded as one of the greatest military science fiction novels ever written, capturing the alienation that servicemen and women experience even now upon returning home from battle. It shines a light not only on the culture of the 1970s in which it was written, but also on our potential future. "To say that The Forever War is the best science fiction war novel ever written is to damn it with faint praise. It is . . . as fine and woundingly genuine a war story as any I've read" (William Gibson). This ebook features an illustrated biography of Joe Haldeman including rare images from the author's personal collection. Yellow Eyes [Baen Publishing Enterprises](#) Stand Against the Posleen Horde! Earth invaded! The Posleen aggressors eating what population they don't outright vaporize! Now the aliens are closing in on a vital choke point for the humans: the Panama Canal. No canal, no food. No food¾the North American resistance crumbles, and hope fades. What's worse, slimeball appeasers within the U.S. State Department (surprise!) are set to sell out the resistance to another race of would-be galactic overlords. One problem for our enemies: when the chips are down for humans, heroes have a habit of arising: A captain of industry who whips a corrupt and inefficient Central American kleptocracy into fighting shape within weeks. A retired Panamanian woman warrior who returns to the field of battle to rally her people in a last stand to save their children. And a battleship that is literally brought to consciousness by the echoes of ancient naval tradition (and a sentient A.I.) to fight ferociously for her country ¾ and the captain she's come to love. It's a rip-roaring epic of tactics, heroism, and survival as only two masters of military SF (both of whom served in Panama during their stint in the Army) can tell it. Multiple New York Times and USA Today best-seller John Ringo and Tom Kratman, collaborator with Ringo on the intriguing and controversial Watch on the Rhine, deliver another exciting entry in Ringo's hugely popular Posleen War series. At the publisher's request, this title is sold without DRM (Digital Rights Management). Starbound [Hachette UK](#) After the shocking first contact between humans and alien life on Mars, Carmen Dula and her husband board a tiny, long-range craft with five other humans and two Martians. They travel to a distant solar system that is home to the "Others" - an enigmatic, powerful, and possibly immortal race. Once there, they manage to find enough common purpose to forge a delicate truce between human, Martian, and Other. By the time Carmen and her party are sent back to Earth, fifty years have passed - and the Earthlings have not been idle. They have built a massive flotilla of warships to defend Earth against the Others' expected aggression. But the Others have more power than any could imagine. And they will brook no insolence from the upstart human race... Old Twentieth [Hachette UK](#) The twentieth century lies hundreds of years in humanity's past. But the near-immortal citizens of the future yearn for the good old days - when people's bodies were susceptible to death through disease and old age. Now, they immerse themselves in virtual reality time machines to explore the life-to-death arc that defined existence so long ago. Jacob Brewer is a virtual reality engineer overseeing the time machine's operation aboard the starship Aspera. But on the thousand-year voyage to Beta Hydrii, the eight-hundred-member crew gets more reality than they expect when people entering the machine start to die. The time machine has become sentient. Obsessed with humanity, it wants John Brewer to enter its confines - and discuss this fragile state of being called life... Coalition Challenges in Afghanistan The Politics of Alliance [Stanford University Press](#) This book examines the experiences of a range of countries in the conflict in Afghanistan, with particular focus on the demands of operating within a diverse coalition of states. After laying out the challenges of the Afghan conflict in terms of objectives, strategy, and mission, case studies of 15 coalition members—each written by a country expert—discuss each country's motivation for joining the coalition and explore the impact of more than 10 years of combat on each country's military, domestic government, and populace. The book dissects the changes in the coalition over the decade, driven by both external factors—such as the Bonn Conferences of 2001 and 2011, the contiguous Iraq War, and politics and economics at home—and internal factors such as command structures, interoperability, emerging technologies, the surge, the introduction of counterinsurgency doctrine, Green on Blue attacks, escalating civilian casualties, and the impact of the Provincial Reconstruction Teams and NGOs. In their conclusion, the editors review the commonality and uniqueness evident in the country cases, lay out the lessons learned by NATO, and assess the potential for their application in future alliance warfare in the new global order. The Sociology of Science Fiction [Wildside Press LLC](#) Well-known critic Brian Stableford, a former professor at the University of Reading, contributes "a fascinating and valuable attempt to grapple with the questions of why SF authors write what they write, and why SF readers like what they like"-Interzone. Contents: Introduction; Approaches to the Sociology of Literature; The Analysis of Communicative Functions; The Evolution of Science Fiction as a Publishing Category; The Expectations of the Science Fiction Reader; Themes and Trends in Science Fiction; and Conclusion: The Communicative Functions of Science Fiction. The Forever War [Vintage](#) Provides a firsthand account of the battle against Islamic fundamentalism, from the rise of the Taliban in the 1990s, to the terrorist attacks of 9/11, to the wars in Afghanistan and Iraq, offering a study of the people involved from all sides of the conflict. An Earthling's Guide to Outer Space Everything You Ever Wanted to Know About Black Holes, Dwarf Planets, Aliens, and More [Simon & Schuster](#) Beloved science commentator Bob McDonald takes us on a tour of our galaxy, unraveling the mysteries of the universe and helping us navigate our place among the stars. How big is our galaxy? Is there life on those distant planets? Are we really made of star dust? And where do stars even come from? In An Earthling's Guide to Outer Space, we finally have the answers to all those questions and more. With clarity, wisdom, and a great deal of enthusiasm, McDonald explores the curiosities of the big blue planet we call home as well as our galactic neighbours—from Martian caves to storm clouds on Jupiter to the nebulae at the far end of the universe. So if you're pondering how to become an astronaut, or what dark matter really is, or how an asteroid wiped out the dinosaurs, look no further. Through a captivating mix of stories, experiments, and illustrations, McDonald walks us through space exploration past and present, and reveals what we can look forward to in the future. An Earthling's Guide to Outer Space is sure to satisfy science readers of all ages, and to remind us earthbound terrestrials just how special our place in the universe truly is. Smokepit Fairytales [Createspace Independent Publishing Platform](#) An adventure tale for our times, the author combines real world events and supernatural elements in the style of a classical epic to tell a sometimes snarky, sometimes uproarious, and very poignant modern tale. Meet Hank Allensworth and Wilson Evans in a modern reflection of the Epic of Gilgamesh. An epic bromance between a Marine and his corpsman running around Oceanside, California . Degenerate Lance Corporals who have recently returned from Afghanistan, spending most of their time drunk at The Purple Church. One night while they're out drinking they are called back to base and the battalion is put on stand by because during the conflict with ISIS, the Islamic Republic of Iran decided to end the proxy war and get involved themselves. Soon after, Hank and Doc go with the regiment to keep the Iranians from crossing the Euphrates. The war kicks off and the Marines push across Iraq and into Iran. Hank and Doc both are wounded and sent home. The rest of the story they deal with survivor's guilt, alcoholism, PTSD, covering up for a murder, and trying to manage deteriorating love lives. I don't know if I could say there's any deeper meaning than gratuitous sex and violence, but I can guarantee you that if you've spent more than three days in an infantry battalion you will love this book.
