The warm community of women in Willoughby Close welcomes Laura with open arms, and, although wary, she finds their friendship helps her to take those crucial and challenging first steps. But then a sudden, intense attraction to her son's teacher smacks her in the face. James Hill is funny, charming, and incredibly gorgeous—but he's ten years younger than her and completely unsuitable. Laura's not ready to start dating again, never mind actually falling in love. But what if her heart has other ideas? As revelations about everything she once held dear surface, Laura wonders if she's reckless or maybe just brave enough to try for love a second time. Desperate to understand his own heartbreak better, he reaches out to others who had known Laura. Including her new friend Maria, whose light and warmth are exactly what their grieving family needs, and who is soon helping out and providing emotional support for them all. But the picture Maria paints of Laura is unfamiliar to Nathan—of a wife who felt ignored, a mother who felt she couldn't do enough—and he struggles to reconcile it with his own memories of the woman he loved. Is it possible he didn't know his wife after all? And can he trust Maria? He can't escape the feeling that she's keeping something from him. The contested ideas behind world development are explained, with illustrative material, sensitive to place and time, chiefly drawn from Asia, Africa and Latin America. This book examines the power of development to imagine new worlds and to constantly reinvent itself as the solution to problems of national and global disorder. **A Cotswold Christmas** [Tule Publishing](#) Welcome to Wychwood-on-Lea... a not-too-quiet village where frosty evenings, welcoming fires, and second chances will make this a Christmas you'll never forget. Measuring the Price of Musical Ambition [University of Westminster Press](#) "Musicians often pay a high price for sharing their art with us. Underneath the glow of success can often lie loneliness and exhaustion, not to mention the basic struggles of paying the rent or buying food. Sally Anne Gross and George Musgrave raise important questions - and we need to listen to what the musicians have to tell us about their working conditions and their mental health." Emma Warren (Music Journalist and Author). "Singing is crying for grown-ups. To create great songs or play them with meaning music's creators reach far into emotion and fragility seeking the communion we demand of it. However, music's toll on musicians can leave deep scars. In this important book, Sally Anne Gross and George Musgrave investigate the relationship between the wellbeing music brings to society and the wellbeing of those who create. It's a much needed reality check, deglamorising the romantic image of the tortured artist." Crispin Hunt (Multi-Platinum Songwriter/Record Producer, Chair of the Ivors Academy). It is often assumed that creative people are prone to psychological instability, and that this explains apparent associations between cultural production and mental health problems. In their detailed study of recording and performing artists in the British music industry, Sally Anne Gross and George Musgrave turn this view on its head. By listening to how musicians understand and experience their working lives, this book proposes that whilst making music is therapeutic, making a career from music can be traumatic. The authors show how careers based on an all-consuming passion have become more insecure and devalued. Artistic merit and intimate, often painful, self-disclosures are the subject of unremitting scrutiny and data metrics. Personal relationships and social support networks are increasingly bound up with calculative transactions. Drawing on original empirical research and a wide-ranging survey of scholarship from across the social sciences, their findings will be provocative for future research on mental health, wellbeing and working conditions in the music industries and across the creative economy. Going beyond self-help strategies, they challenge the industry to make transformative structural change. Until then, the book provides an invaluable guide for anyone currently making their career in music, as well as those tasked with training and educating the next generation. Flower Garden [Houghton Mifflin Harcourt](#)

Helped by her father, a young girl prepares a flower garden as a birthday surprise for her mother. À nos démons intimes [Grey Eagle Publications](#) Ignazio Vitale n'est pas un homme bon. Je le soupçonne dès notre première rencontre, je sens le danger qui entoure cet homme. Il a une façon d'exiger l'attention, de prendre le contrôle, de savoir ce que je pense avant même que je le sache. C'est à la fois inquiétant et attirant. C'est sombre et redoutable. C'est tout ce que j'ai toujours voulu, et pourtant la dernière chose dont j'ai besoin. Une obsession. Il ne lui faut pas longtemps pour m'attirer dans sa toile, me charmer jusque dans son lit et me prendre au piège de sa vie, une vie dont j'ignore tout avant qu'il soit trop tard. Il a des secrets, des secrets que je ne peux percer et qui m'empêchent de partir, même si je le supplie de me laisser m'en aller. Je l'aperçois parfois dans ses yeux, cette noirceur terrifiante et fascinante à la fois. C'est un monstre dans un emballage somptueux, et ce que je découvre en le démasquant change absolument tout. J'ai envie de le haïr. Parfois même, j'y parviens. Et pourtant, ça ne m'empêche pas de l'aimer. All Down Darkness Wide A Memoir [Random House](#) 'A remarkable memoir of love and sorrow' Observer A luminous and haunting memoir from the prize-winning poet - a story of love, heartbreak and coming of age, and a fearless exploration of queer identity and trauma. When Seán meets Elias, the two fall headlong into a love story. But as Elias struggles with severe depression, the couple comes face-to-face with crisis. Wrestling with this, Seán Hewitt delves deep into his own history, enlisting the ghosts of queer figures and poets before him. From a nineteenth-century cemetery in Liverpool to the pine forests of Gothenburg, Hewitt plumbs the darkness in search of solace and hope. All Down Darkness Wide is an unflinching meditation on the burden of living in a world that too often sets happiness and queer life at odds, and a tender portrayal of what it's like to be caught in the undertow of a loved one's suffering. By turns devastating and soaring, it is a mesmerising story of heartache and renewal, and a work of rare and transcendent beauty. 'A stunning meditation on love and heartbreak, this feels like an essential work of the new Irish queer canon' Sunday Times The Marakaios Marriage [Harlequin](#) The tycoon's runaway wife! One magical week was all it took for shy Lindsay Douglas to fall for charismatic Antonios Marakaios. After a whirlwind marriage, the pressure and loneliness of life as the proud Greek's wife proved too much for Lindsay. Her only option was to leave. Now her determined husband returns with one last demand: attend a family gathering in exchange for a final severing of ties. But Antonios's voice still sends shivers down her spine and reminds her how devastating their desire is. Could one week be enough to fall back in love? Mismatch How Inclusion Shapes Design [MIT Press](#) How inclusive methods can build elegant design solutions that work for all. Sometimes designed objects reject their users: a computer mouse that doesn't work for left-handed people, for example, or a touchscreen payment system that only works for people who read English phrases, have 20/20 vision, and use a credit card. Something as simple as color choices can render a product unusable for millions. These mismatches are the building blocks of exclusion. In Mismatch, Kat Holmes describes how design can lead to exclusion, and how design can also remedy exclusion. Inclusive design methods—designing objects with rather than for excluded users—can create elegant solutions that work well and benefit all. Holmes tells stories of pioneers of inclusive design, many of whom were drawn to work on inclusion because of their own experiences of exclusion. A gamer and designer who depends on voice recognition shows Holmes his "Wall of Exclusion," which displays dozens of game controllers that require two hands to operate; an architect shares her firsthand knowledge of how design can fail communities, gleaned from growing up in Detroit's housing projects; an astronomer who began to lose her eyesight adapts a technique called "sonification" so she can "listen" to the stars. Designing for inclusion is not a feel-good sideline. Holmes shows how inclusion can be a source of innovation and growth, especially for digital technologies. It can be a catalyst for creativity and a boost for the bottom line as a customer base expands. And each time we remedy a mismatched interaction, we create an opportunity for more people to contribute to society in meaningful ways. How to Wash a Heart [Pavilion Poetry](#) Part horror, part comedy, this poetry collection considers the changing relations between a citizen white host with liberal political views, and an immigrant guest whose visa status is precarious. Looking at the limits of charitable acts, the breakdown of a social relationship, these poems are written for a raw voice. August Blues [The Wild Rose Press Inc](#) As a daughter of a bestselling novelist, Annie Shaw is determined to establish herself as a romance author apart from her father's name. When a career-threatening review sends her on vacation at Deerbourne Inn, she wonders if she should quit writing. Book critic Zane Barrett hates all things romance—especially novels. Every August, he travels to Willow Springs, Vermont, to cope with a loss he's never relinquished. When the two meet in the idyllic town, even Zane admits they've fallen victim to love at first sight. But what will happen when Annie discovers her hated critic and the perfect man are one and the same? Religion in Development Rewriting the Secular Script [Zed Books Ltd.](#) Development practice is full of examples of the importance of religion in the lives of people in developing countries. However, religion has largely remained unexplored in development studies. This timely new book aims to fill that gap. The authors expertly review how religion has been treated in the evolution of development thought, how it has been conceptualised in the social sciences, and highlights the major deficiencies of the assumption of secularism. The book argues that development theory and practice needs to rewrite its dominant script regarding its treatment of religion, a script which has so far been heavily inscribed in the secular tradition. It puts forward an understanding of religions as traditions: that religions rest on central thesis and teachings which never cease to be re-interpreted in the light of the social, political and historical context. In addition to providing a conceptual framework for analysing the role of religion in development, the book provides numerous empirical examples drawn from the Christian and Islamic religious traditions. This comprehensive new guide to this key issue is essential for students, development thinkers and practitioners who wish to understand better the role that religion plays in development processes and outcomes. One minute, you're sprawled out on your bed, minding our own business and the next you're lying in the back seat of your best friend's car as she races you to the ER. And not the closest one either. No. You're headed to the one fifty miles farther out, because the one five minutes away is where you start your residency next week. So there you are, lying in cubicle nine, hoping like hell that the doctor about to examine you isn't young, sexy or male. Of course he's all three. Telling him about the clitmaster7000 I have lodged inside me is by far the single most embarrassing moment of my life. Discovering he's my brother's new roommate is even worse. By the age of 22 Katie had adopted 14 girls and founded Amizima Ministries which currently has sponsors for over 600 children and a feeding program for Uganda's poorest citizens - so it is no wonder she feels Jesus wrecked her life, shattered it to pieces, and put it back together making it more beautiful than it was before. Everything was perfect — that is until the arrival of Zach Anderson. A misfit delinquent that seemed to bring with him a lot of bad karma. Is it just a coincidence

that his arrival marks a significant change in Maisie's life? Up until senior year, life was perfect, but things seem to be going downhill fast. Pape, MSPT, Angelo State University, San Angelo, Texas Fear of Falling [CreateSpace](#) I can't remember the last time I felt completely safe. Security seemed more like a luxury to me, reserved for those who were fortunate enough to have picture perfect childhoods. For those who didn't bear the ugly scars that keep me bound in constant, debilitating fear. I've run from that fear my entire life. But when I met him, for once, I couldn't run anymore. He scared the hell out of me in a way that excited every fiber of my being. It wasn't the tattoos or the piercings. It wasn't the warmth that seemed to radiate from his frame and blanket me whenever he was near. It was just...him. The scary beautiful man that threatened to alter 23 years of routine and rituals, and make me face my crippling fear. My name is Kami and I am constantly afraid. And the thing that scares me the most is the very thing I want. "Don't worry," he smiled, pulling me into the hard warmth of his chest. "I've got you. I'll always catch you when you fall." And just like that, Blaine had staked his claim on the untouched part of me that no living soul had ever moved. He had captured every fear, every reservation, and crushed them in the palm of his inked hand.\*\*\* This book deals with sensitive subjects such as domestic violence and sexual abuse. Augusten Burroughs's mother gave him away to be raised by her psychiatrist, a dead ringer for Santa Claus and a certifiable lunatic into the bargain. The doctor's bizarre family, a few patients and a sinister man living in the garden shed completed the tableau. And when things got a bit slow, there was always the ancient electroshock therapy machine under the stairs... 'This is the Brady Bunch on Viagra... it is impossible not to laugh at all the jokes; to admire the sardonic, fetid tone; to wonder, slack-jawed and agog, at the sheer looniness of the vista he conjures up' -- Rachel Cooke, Observer The Tycoon [Createspace Independent Publishing Platform](#) The cruel and beautiful man who ruined my life has everything he wants—everything except me.
