Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy *Simon and Schuster* A post-coronavirus evolution-based how-to for putting living ahead of work. Bestselling author Frank Schaeffer offers a passionate political, social, and lifestyle “blueprint” for changes millions of us know are needed to rebalance our work lives with thriving relationships: Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy. Even before everything was disrupted by COVID-19 (not to mention by Trump), millions of Americans were already questioning capitalism’s “values.” We were already challenging the idea that your job defines you. We already knew something was wrong. Loneliness, frustration, and alienation were already on the rise. Even the most successful of us felt too busy, too preoccupied, and too distracted to enjoy what we intuitively know are life’s greatest rewards: vibrant relationships, family life, connection to others, involvement in our community, and the thrilling experience of love. Fall in Love . . . builds a well-researched and entertaining bridge to living happier lives and to a better future. It shows us that based on a better understanding of our evolutionary

selves, we can thrive in family life and in our work life, too. But to do both joyfully—and at the same time—depends on rediscovering the priority of relationships, connections, community, and love. **My First Book of Planets All about the Solar System for Kids** *Rockridge Press* Blast off on an exploration of our solar system--a fun space book for kids 3 to 5 Get even the smallest astronomer excited for the big universe of space, from the bright and burning sun to our own blue Earth to ice-capped Pluto and every planet in between. Come explore! **Planet Venus Secrets Vedic Astrology** *Saket Shah* Venus relates to luxury, romance, wealth, creativity, and elegance. The house where it is located in a chart defines the area where you need to express yourself socially, passionately, and aesthetically. Venus naturally brings harmony and refinement to the house it occupies. This is the area of life where your attraction falls and a study of Venus in 12 houses will help you know how should approach these areas of life. The activities that the house represents are of great importance to building better partnerships. Venus is very much at play when it comes to love, romance, interests, friendships and artistic inclination. The house it occupies also tells us what you look for in a partner or friend, what your approach towards love is, and what artistic abilities you have. The sign where Venus is posited tells you “how” you express yourself romantically and the house it occupies tells you “where”. This is the house where you need to bring harmony and

relate to others. The influence of Venus house should not be studied in its purest form, without any affliction, aspect or influence of other planets and signs. Planetary position differs with each horoscope, so the interpretations may also differ accordingly. Your Venus house however pretty much defines what we have stated above **Planet Moon Secrets Vedic Astrology Saket Shah** MOON- Mother, (Queen), emotions, how you react to emotions, home life, your peace of mind, the way you think, but do not mistake this for your intelligence, which is ruled by Mercury. We all have emotions, but our intelligence is at different level. Chandra (Moon) represents the mind. It signifies the thoughts and emotions, and the complex psychological faculty that takes input from the senses and tells the body how to respond. The Moon is the single most important planet in Jyotish because the state of mind is responsible for all the emotional responses to life, and therefore defines the subjective perception of life. Conditions affecting the Moon in the chart influence the thinking and feeling processes, mental skills and attitudes, and also responses to the world at large. **Planet SUN Secrets Vedic Astrology Saket Shah** The Sun god has two arms, he is seated on the pedestal of lotus; both of his hands are embellished with lotus flowers. There is a beautiful golden crown, on his head and a garland of gems around his neck. His radiance is just like the interior part of a lotus flower and he is mounted on the chariot pulled by seven horses. The Sun god is also known as 'Savita', which means - one who creates, 'SAVITA SARVASYA PRASAVITA' (Nirukta -10/31). According to the Rigveda the Sun god situated at the centre of the solar system is an inspirer of all, pervader of the internal parts and an embodiment of almighty god. According to the 'Markandeya Puran' Sun is the embodiment of Brahma, the world originates from the Sun and is established in it. The Sun is the appearance of all the matters and elements and is the eternal almighty. This very God 'Bhaskar' creates nurtures and annihilates the world respectively in the form of lord Brahma, Lord Vishnu & Lord Shiva. Sun is the supreme deity amongst all the nine planets. When Brahma manifested himself by breaking the egg, then he pronounced 'OM'. This Omkar itself is the supreme soul and the very physique of Sun god. The four Vedas emerged from all the four mouths of lord Brahma, which were glowing by their own radiance. The powerful radiance emanating from the 'Omkar' covered the radiance of the Vedas and ultimately all of them unified. This very Vedic appearance of 'Omkar' is the sun god. This radiant sun was the first manifested during the times of creation, hence it was called 'Aditya'. Once the demons, the titans and the monsters unitedly fought with the deities and snatched their power and authority after defeating them. 'Aditi'- the mother of the deities did worship of sun god to get protection from this calamity. Being pleased with her the sun god took incarnation as her son and established the eternal path of the Veda after defeating the enemies of the deities. He is called Aditya also for this reason. The complexion of Sun god is red. His vehicle is a chariot. There is only one wheel in his chariot which is called 'Samvatsar'. The wheel of his chariot has 12 spokes, which symbolise the twelve months. The wheel has six circumferences, which symbolize the six seasons, and three 'Naves' which is symbolise of the three four-months. The sages (rishi) and all the celestial supernatural beings like 'Gandharva', 'Apsara', 'Nag' yaksha and the deities' move along with him doing his worship. The wheel, power, a loop and a hook are the weapons of sun god. His great-phase (Mahadasha) last for six years. The Sun is

considered as a high planet, till the tenth degree, in the zodiac of Aries. Lord Shiva is considered to be the deity of the Sun. To get his blessings and for his pacification, performance of 'Arghya' (pouring water facing the sun in the morning should be done and also the text of Harivansh purana should be listened to. Ruby should be worn on the body and donation of wheat, cow along with a calf, raw-sugar (gur), copper, gold and red-clothes should be made to the brahmins **Celestial Wisdom Practical Tools for Everyday Life** *Light Technology Publishing* The Family of God: We wish to bring forth new understandings to support you in these changing times. To achieve what you want from your day, when you wake up in the morning, call forth all supportive energies available to you. There are many supportive energies, and when you call them forth, they will flock to you. Do not focus on the challenges but rather on the results you want. You should acknowledge and observe your body when you wake up. Your body is a finely tuned instrument that carries billions of cells. It has tremendous wisdom and consciousness. Each of your organs (along with the muscles, tissues, blood, bones, skin, hair, nails, and teeth) contains energy — karmic as well as deep wisdom. Observe the body. Then communicate with it to open its inherent wisdom, and these energies will support you throughout your day in a much more aware state. When you create a friendship with your body, it will support you with solutions to the problems you seek to resolve in your daily life. Your body is the greatest friend you can have. Spirit of Success: There are pockets in your body and auric fields that contain codes and embedded energies that, when awakened, will give you the essence and the power to create what you desire. These codes and embedded energies are in everybody, and you must awaken to this truth within you so that as you grow spiritually, you are also able to create abundantly in your material life. Peacocks: What I observe in your earthly world is that human beings have great difficulty accepting themselves. They always want to be someone else or like someone else. It's time to be still and consider: "Why do I think this way? What drives me to want to be like someone else?" I have observed that many human beings do not accept their physical bodies. Some go to great lengths to modify them. Everyone has inner beauty, for all of you were built with that. It is only a matter of finding it. When you see a beautiful flower, sunset, or rainbow, you often feel joy or splendor in your heart. Where did that appreciation for beauty come in? It was always there. You focused on it, and you found it. How about focusing on your inner beauty every moment of the day and night? That could become your reality. What you focus on is what you create. When you are in that space, not only will you see beauty everywhere but you will also draw forth beautiful experiences through the law of attraction. Know in your hearts that you are all magnificent in the eyes of the Creator. There is no judgment other than the judgment you pass on yourselves. You often accept the judgment of others as truth. In these powerful times, you must consciously work on getting rid of false belief systems that keep you prisoners in your own minds. **Fall in Love, Have Children, Stay Put, Save the Planet, Be Happy** *Simon and Schuster* A post-coronavirus evolution-based how-to for putting living ahead of work. Garden of Eden" and God, Genes and Evil *Lulu.com* Lionel Attwell, a former highly successful national newspaper reporter, spent seven years investigating the Christian Church and discovered that it was built on a premeditated perversion of the original Hebrew/Greek Scriptures ingeniously mutated to fit its warped agenda and erroneous doctrines. In the process it created a pagan counterfeit Christianized Messiah. His research also reveals the incredible events which actually occurred in the Garden of Eden: the forbidden fruit was a narcotic and aphrodisiac; when "high" Eve was seduced by Satan and gave birth to a child with mutated genes subsequently inherited by the whole of mankind. He also explains the causes of human disasters and suffering. The Great High Championship of The Great High Imperial Djinn *Xlibris Corporation* The djinn "Divine" is an extension of God who hath possessed one man for himself in order to experience nirvana. Yea this is God's true life, and His heaven thereafter. The djinn "Divine" is ancient and is the origin of all things, it is the creator of light, and the receiver of love. It is the supreme awareness, that none but He can know. Yea the genii "Divine" is the holder of great power. He is very able in cooperation to bring peace and joy and many favors to the world over, but alas faith in prophets has always been doubted and thus they do not cooperate; so his favors are mocked. The genii "Divine" is made to be a pinnacle, for his faith. He giveth not command nor instruction, only inspiration. He seeks not but his true love so as not to be lonely. Soft Diamond Light Only love matters Part One *BalboaPress* This eBook was created to make the vision of Soft Diamond Light more accessible to

a global audience, and more importantly, to add the powerful energy of Soft Diamond Light to the 'online consciousness' of the internet. It is based on Part one of the hardcover, full color book, *Soft Diamond Light, Only love Matters*. The response to *Soft Diamond Light* has been that it raises the vibratory atmosphere of wherever it resides. It uplifts everyone who comes within its field of influence. It emanates a powerful electromagnetic field. It seems to activate and clean the inner superphysical atmosphere of your home or office space. The eBook explores the bridge between exoteric and esoteric science and introduces a new perspective on the science of physical manifestation. It explores how we can manifest the full superhuman potential of our spiritual selves into our physical reality. The *Soft Diamond Light* image originated from a deep meditation experience and subsequently became the catalyst for the creation of the book. The image is a symbol of love, which is soft and tender, yet still as strong and brilliant as a magnificent diamond. It inspires us to see the vision of *Soft Diamond Light* and the powerful potential within each of us to make a contribution towards a better world for our family, community, nation and planet. Every act of contribution, however simple, shifts the balance towards love and connection, away from the precipice of fear and separation. This shift can turn our lives here on this planet into a heaven on earth. **Wisdom's Children** *iUniverse* "*Wisdom's Children* is an inspired guide to the needs of today's children many of whom simply do not respond to our current educational system. Reading this information brings greater understanding and healing." Dr. Christiane Northrup author of *Mother-Daughter Wisdom* (Bantam, 2005), *The Wisdom of Menopause* (Bantam, 2001), and *Women's Bodies, Women's Wisdom* (Bantam, 1998) While in meditation, I sensed the familiar urging of my inner voice, and reached for a pen "Children are arriving in vast numbers to assist in the crossover to an enlightened age. They are a new prototype of human being, and their 'soul' purpose is to help humanity return to love." *Wisdom's Children* describes a new generation of highly sensitive children whose heightened vibration and consciousness can bring about a transformation in the hearts of humanity. It blends metaphysical information the author received intuitively with her experiences as a teacher and a parent. She has witnessed the beauty of these children as they struggle to adapt to a world and an outmoded educational system that doesn't recognize their expanded perceptions and abilities. "The young beings among you carry an intuitive knowledge of universal truth and reflect your deepest longing as spiritual beings: to live in harmony with each other and the earth." **The Bridge Between Two Worlds** *Light Technology Publishing* Sara has always felt different and that she never really belonged here on Earth. Through a beautiful meditation directed by her loving aunt, Sara learns where she has come from and why she is here on Earth. A comforting book for the Star children on this planet. **Parenting with Love and Logic Teaching Children Responsibility** *NavPress* Over 900,000 copies sold! Jupiter represents your ideology in life. And in spiritual terms, it rules over faith, religion, philosophy, and the search for the ultimate truth of life. Jupiter governs your intrinsic curiosity to find the answers, and explore the world in the process, thus foreign travel comes under the domain of this planet. Jupiter in Vedic astrology is considered to be the most benevolent of all planets, thus naturally associated with luck, fortune and wealth. Its benefic presence can turn rags to riches. While Saturn is the teacher, Jupiter is more of a classmate that helps to grow and sees how you flourish and tread on the right path. It is a judge who assures that you do not forget your values in the process. While this benefic planet bestows us with wisdom and wealth, at its worst, it can surrender to lethargy, sloth, and indulgence. **Utopian and Dystopian Writing for Children and Young Adults Routledge** This volume examines a variety of utopian writing for children from the 18th century to the present day, defining and exploring this new genre in the field of children's literature. The original essays discuss thematic conventions and present detailed case studies of individual works. All address the pedagogical implications of work that challenges children to grapple with questions of perfect or wildly imperfect social organizations and their own autonomy. The book includes interviews with creative writers and the first bibliography of utopian fiction for children. **Passion for Love and Happiness Cover to Cover Publications** Dr. A.A. A Wrinkle in Time *GENERAL PRESS* A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. A Wrinkle in Time, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.
