YOU CAN BE A STOCK MARKET GENIUS

UNCOVER THE SECRET HIDING PLACES OF STOCK MARKET PROFITS

Simon and Schuster Discusses the secrets of profitable investment, explaining mergers, restructurings, and other lesser-known money-making opportunities

RULE OF 72

HOW TO COMPOUND YOUR MONEY AND UNCOVER HIDDEN STOCK PROFITS

Sovereign Society This is THE book you have been waiting for: Cut to the chase, clear, anti-industry money and investing thinking for the educated layperson. For your family, friends, and community. Tom Jacobs and John Del Vecchio, authors of the best-selling book What's Behind the Numbers?, have now come out with their next best-seller, The Rule of 72. In an era where it is easy to be skeptical with how companies manage their funds, Beginning with the Rule of 72, an easy in-your-head plain-as-day way to understand compound interest, Tom and John teach that there is a way to find companies that are actually willing to pay investors to own their stocks. These experienced and highly successful investment experts review the principles of the Rule of 72, explain the best ways to evaluate financial risks, and review the six tests for grading stocks. Tom and John explain the trifecta for how to grow financial armor and protect your money from self-interested company management and the financial services industry. The book also includes interesting facts that you may not already know, plus a compounding calendar on the book's companion website. Regardless of your investment experience or financial management knowledge, this is a must-read for everyone.

THE MAGNET METHOD OF INVESTING

FIND, TRADE, AND PROFIT FROM EXCEPTIONAL STOCKS

John Wiley & Sons Praise for The Magnet® Method of Investing "Rather than encouraging the scatter shot approach of broad diversification, Jordan focuses on the rifle-shot Magnet® method of identifying a limited number of quality stocks to improve your chances of beating the market." —Sam Stovall, Chief Investment Strategist, Standard & Poor's Equity Research "Jordan Kimmel is one of the brightest market observers out there, and he is certainly a rising star that will be an important person to follow marketwise for many years." —Michael Burke, Coeditor, Investors Intelligence, Inc. "Jordan Kimmel's The Magnet® Method of Investing is an amazing, detailed, and intuitive book. I especially enjoyed Jordan's insights into diversification, the inefficient market, and identifying stocks that are in their 'sweet spot.' Jordan's writing style is also very straightforward and refreshing. He succeeds in taking complicated subjects and explaining them in an insightful way. This is simply an incredible book that is a must-read for both beginning and serious investors." —Louis G. Navellier, Chairman and founder, Navellier & Associates, Inc. "The Magnet® Method of Investing examines investing from a different perspective than many investors often see, offering a unique alternative to diversification. Jordan Kimmel has analyzed the methods of the best investors through time and introduces his robust stock selection process." —David M. Darst, CFA, Managing Director and Chief Investment Strategist, Morgan Stanley Global Wealth Management Group "We welcome Jordan's book as a valuable perspective on investing. The Wall Street Transcript applauds money managers like Jordan who explain their philosophies clearly, support them with research, and back them up with performance data. This is a great addition to any investing reading list." —Andrew Pickup, Publisher and CEO, The Wall Street Transcript "The Magnet® Method of Investing takes on the important issue of diversification, which has been oversold to Main Street. This is yet another example of the need to 'go against conventional thinking' if you want to achieve superior results." —Stan Weinstein, Editor and Publisher, Global Trend Alert

STOCKS UNDER ROCKS

HOW TO UNCOVER OVERLOOKED, PROFITABLE MARKET OPPORTUNITIES

FT Press Find great stocks "in your own backyard": master do-it-yourself research techniques for uncovering today's best small-cap equity opportunities! Peter Ricchiuti reveals the secrets of Tulane University's Burkenroads Reports program, where he and 200+ business students work together to uncover less-followed, frequently misunderstood, and seemingly un-sexy companies that often produce superior investment returns. Their research on these "orphan stocks" powers The Burkenroad Mutual Fund, which has outperformed 99% of all stock funds over the past eleven years. You've seen them on CNBC, CNN, and the Nightly Business report... read about them in the Wall Street Journal and the New York Times. Now, Ricchiuti shows how they do it - and how some well-informed stock sleuthing can pay off big for you, too. You'll discover why "underfollowed" small-cap equities now offer exceptional investment opportunities, and how to leverage the surprising hidden advantages available to individual investors - including the ability to trade in stocks that don't generate the volume and liquidity institutional investors require. Fact is, there's very little innovative equity research on Wall Street anymore. That gives you a powerful advantage - and Ricchiuti gives you the principles and simple techniques you need to take advantage of it. Stocks Under Rocks will be the next classic for every personal investor who wants to find great investments and have fun doing it!

KIPLINGER'S PERSONAL FINANCE

Whether it's your very first venture into the world of investing, or you're a seasoned investor looking to skyrocket your income, this guide has all you need to avoid deadly mistakes and make scads of cash.

YOUR NEXT GREAT STOCK

HOW TO SCREEN THE MARKET FOR TOMORROW'S TOP PERFORMERS

John Wiley & Sons A comprehensive look at how to profit from the power of stock screening With thousands of stocks to choose from, how can you find the best ones to invest in? Simple: start with a handful of clues that tend to predict outstanding returns, and then search the entire market in seconds for stocks that are producing those clues. That's stock screening, and it's the best way—the only way, really—to consistently beat the market. Written by experienced investment journalist Jack Hough, Your Next Great Stock reveals the most powerful screen strategies ever produced. The strategies are easy to follow. If you have Internet access and can balance a checkbook, you can find winning stocks with this book as your guide. You'll learn how to find young companies poised for explosive growth, mature companies whose true profit potential is temporarily hidden, and more. Stop relying on overrated stock tips. Start using proven screening strategies to find your next great stock.

PENNY STOCK INVESTING: STEP-BY-STEP GUIDE TO GENERATE PROFITS FROM TRADING PENNY STOCKS IN AS LITTLE AS 30 DAYS WITH MINIMAL RISK AND WITHOUT

Discover the secret trading method that Ross Cameron used to turn \$583.15 into over \$97k - it's easier than you think! Do you wonder why so many people frown upon trading penny stocks? Have you already tried investing in penny stocks on your own, only to lose thousands overnight? Do you want to know how to consistently turn a profit on your penny stock investments, without feeling like you're secretly being played? You might've heard that you shouldn't trade penny stocks. Hundreds of experienced day traders and so-called "experts" will laugh in your face the moment you ask them why investing in penny stocks is a horrible idea. According to the US Securities and Exchange Commission, in total, investors lose over \$18 billion per year in penny stocks. And yet a select few individuals are still able to turn stocks worth less than \$1 into 6-figure profits. Like Roland Wolf, who was living paycheck-to-paycheck before he passed \$1 million in trading profits on penny stocks. And Ross Cameron, founder of Warrior Trading, who lost \$15k in penny stocks before converting \$583.15 into upwards of \$130,000 in profits. And Tim Grittani, who transformed his life savings of \$1,500 into over \$12 million in returns. You might think it's impossible to recreate these results. After all, most people who trade penny stocks end up losing money. But that doesn't have to be you. Because if you use the right trading methodology for your penny stock investment strategy, you can stand to make steady short-term gains that'll bring you incredible earnings in the long run. And all you need to do is follow the simple, step-by-step advice laid out right here. In Penny Stock Investing, you'll discover: ● 5+ unique reasons why you're still not making money on stocks ● The #1 mistake beginner traders make - why most people fail at trading penny stocks before they've even started ● The 4 different tiers of penny stocks, and which ones you should avoid at all costs ● The most important thing you should do before trading real money that only very few investors take advantage of ● How to get started trading penny stocks with no money and minimal risk ● Why you should pick these particular stocks in the beginning to set you up for success later on ● 6+ tips for avoiding stock scams - look out for these red flags ● How to find the best penny stock winners before they spike ... and much more! Figuring out how to turn pocket change into huge gains doesn't have to be complicated. With this guide, you'll find straightforward techniques and all the fundamental knowledge you need to start trading with confidence... and without drowning in technical jargon. Even if you've never read about investing in stocks before, you'll immediately understand the key to success with trading penny stocks. You can keep losing money on low-priced shares and not understanding why... or you can master the mindset behind winning with penny stocks. If you're ready to start making six-figure profits without getting scammed, then scroll up and click the "Add to Cart" button right now.

PENNY STOCKS FOR DUMMIES

John Wiley & Sons Want big returns? Look at small stocks! Penny stocks are low-cost equities that often make large price moves, potentially leading to big gains—or losses—for investors. Penny Stocks For Dummies will help you determine whether this wild ride is right for you. With this hands-on guide, you can grasp the basics, find smart investments, avoid scams, and look for big success, even if you only have pocket change to start out with. This latest edition takes you right into today's unique penny stock market. You'll learn how to read penny stock charts, evaluate the strength of small companies, recognize price manipulations, and use smart trading strategies to maximize your returns. Buying and selling penny stocks can be extremely lucrative—if you know exactly what you're doing. This book will make a penny trader out of you, so you can start making money for the future. (Heads up: you're going to need a bigger piggy bank!) HOW TO MAKE CONSISTENT PROFITS IN THE STOCK MARKET

EASY WAY TO MAKE MONEY AS A SELF-DIRECTED STOCK TRADER

As a brand new investor and trader with zero knowledge of the business you are at a loss as to what information you actually do and do not need and you tend to make the same mistakes as everyone else trying to do this business. Newbie stock traders tend to do what everyone else is doing and study what everyone else is studying thus they have the same results and failures as everyone else, don't be that trader! The market is not a big secret and all of the information you need to make a trading decision is right out in the open. If you know where to find the information and know what to look for you can and will make some money every day in the market provided you are looking at the right information and utilizing the best trading techniques. How to make Consistent Profits in the Stock Market can help you keep it simple and filter the huge amount of information out there down to only what you need to know right away and then can work towards adding more information and studies as you go. My philosophy is to start small and build on success have limited exposure while you hone your skills, then progress as you become more competent and build up your account. All traders who have made it and make money consistently in the market are making it from the beginner traders who have visions of grandeur and dollar signs rolling around in their eyes like some old cartoon. If you want to make it in this business, I would listen to the advice in How to make Consistent Profits in the Stock Market very carefully, I am going to share with you information that professional real money traders don't want you to know about.

BUILDING WEALTH IN THE STOCK MARKET

A PROVEN INVESTMENT PLAN FOR FINDING THE BEST STOCKS AND MANAGING RISK

John Wiley & Sons Building Wealth in the Stock Market provides a complete model for investing successfully and safely in bull and bear markets. Experienced investor and teacher Colin Nicholson shares with readers his very own investment plan -- one that has been honed over 40 years and that has seen him consistently beat the market and his target rate of return. Everything in Nicholson's investing method is fully disclosed simply and with a minimum of market jargon. The central idea is how to manage risk in order to grow capital and secure a stream of dividends. The various risks to be managed are explained, along with strategies for managing them. Aspects also covered include: how to improve your decision-making skills, modelled on the way the best investors think what is needed to succeed and why having an investment plan is crucial for success how to select stocks, using charting and fundamental ratios in combination to achieve a margin of safety how to manage your portfolio -- when to buy, how to build a position, when to cut losses and when to take profits. The methods are brought to life through case studies based on real investments and the sharing of insights gained from years of experience and research. This book will change the way you think about the stock market forever.

PROFIT OPPORTUNITIES THAT LIE HIDDEN IN YOUR STOCK CHARTS: A RISK MANAGEMENT APPROACH TO TECHNICAL ANALYSIS FOR GENERATING CONSISTENT PROFITS IN THE S

Outskirts Press This book is not just another technical analysis textbook. It'll lead the readers into a new dimension of technical analysis that you would not find in other books. The author, William Chan, discusses his charting style involving pivotal technical studies/indicators to build a comprehensive analysis that can readily be used for trading. Unlike others, Bill's technical analysis approach serves to uncover two fundamental precepts. First, the charting style engages dynamic channels to cope with today's algorithmic trading impacts. Second, the charting style, when mastered and abided by, can bring forth a systematic list cataloging all potential hidden risks visually. Whereby, investors can steer away from them in their investment decision making. The book illustrates how risk mitigation is the identification of support/resistance. The charting scheme employs key technical studies/indicators working side by side to expose all the hidden risks. Readers will be amazed by the amount of risks that this methodology reveals in a single stock chart. One may feel this work is unnecessary. The fact remains that traders are subjected to ALL legitimate risks whether they are clearly identified on a stock chart or not. As we can't possibly keep track of all those potential risks, it still makes sense to characterize them - minimizing any shock to the investors' bottom line unexpectedly. Moreover, it is not uncommon even for seasoned traders to make wrong investment decisions simply because they fail to identify those hidden supports/resistances either due to ignorance or otherwise. A price chart inherently bears full of traps that investors can fall into. This book expounds on what those risks are and how to deal with them through analysis. Many investors feel program trading is based on some mysterious programming logic. Can anyone explain why statistics finds its way into technical analysis tools? This book substantiates evidence of two statistical charting studies - standard deviation channel and linear regression channel - with continuous computation, embedded in every stock chart. They, therefore, form the basis of our underlined technical analysis. The author vindicates why some traditional technical analysis techniques are not effective in a digital market and how private investors must act and adopt in order to be profitable. This book demonstrates the effectiveness of the unpopular intraday charts on how they can be utilized to improve a trader's precise timing in trade execution. Having covered the various essential charting techniques and features, the author delineates how the finished product can enable one to identify profit opportunities on stock charts, provided that he/she can locate the active trend accurately and conduct the analysis adhering to the guidelines cited in the book.

THE ART OF TREND TRADING

ANIMAL SPIRITS AND YOUR PATH TO PROFITS

John Wiley & Sons Trader, CEO and bestselling author Michael Parness has found over the years that the best traders—the ones who make consistent money—are the ones that use instinct and intuition as well as strategy. In this book, Parness will discuss his own journey, from homelessness to making millions in both Bull and Bear markets. He'll explore different animal spirits as a metaphor and tool to help readers understand their own strengths and weaknesses in order to make profits as traders.

THE OPTIONS EDGE

AN INTUITIVE APPROACH TO GENERATING CONSISTENT PROFITS FOR THE NOVICE TO THE EXPERIENCED PRACTITIONER

John Wiley & Sons Capture the fortune you're losing with every trade by learning to exploit options The Options Edge + Free Trial shows you how to capture the fortune you lose out on every day. Buying and selling traditional investments often entails instruments with optionality. Sometimes this optionality is explicit, while other times it is hidden. If you're not leveraging these embedded options to their fullest advantage, you're losing money. Most retail investors don't truly understand the nuances involved in successful options trading and instead rely on more comfortable instruments with fewer complex mechanics. If you're interested in optimizing your portfolio, it's time to step out of your comfort zone and learn what you've been missing. This book gives you the background you need to take full advantage of options in this booming market. The companion website features easy to use analytical tools that help investors find the best opportunities so you can start applying these methods right away. Whether or not you ultimately decide to start actively trading options, the concepts discussed will make you a better all-around trader with greater security in your financial affairs. Most investors buy and sell options every day without ever knowing it. This book relates stories of those who have leveraged options to make fortunes and those who have lost by not understanding the optionality of their financial endeavors. You must know the fundamentals of options, and then learn to recognize hidden options, in order to improve success in all of your investment activities. After taking these steps, you can go on to: Create hidden options at little or no cost Structure your finances to reduce risk and increase wealth Utilize a practical pricing model for smarter investing The listed options are currently the only growing exchange traded financial product in the developed markets, with a current average volume of 20 million contracts—equivalent to 2 billion shares—per day. Now is the perfect opportunity to fortify your finances, and The Options Edge + Free Trial gives you the understanding and practical tools

you need to optimize your portfolio today.

SECRETS TO GREAT WEALTH

SECRETS THE RICH WOULD WISH YOU NEVER KNEW

AuthorHouse The Secrets of Great Wealth: Secrets the Rich Would Wish You Never Knew is an interesting story of financial information that can change your life and rewrite your financial story forever. Cast against the background of ordinary-day examples, you will discover the easy possibility that you can achieve financial freedom in your life-time. In fact, right about now, as you heed the instructions it contains, your life can begin to attract the financial fortunes you may only have seen in your dreams. With insight given on how you can play the stock and real estate markets, two reputable and popular investment channels for wealth creation, you may have to sack your brokers in both markets, and still be able to play these markets profitably yourself, creating wealth for your financial freedom in the process. This book covers insightful information on the following areas: It identifies the greatest secret to wealth;It will teach you secret strategies on Real Estate investment in Nigeria with or without capital;It will enlighten you on how to complete a three-bedroom flat with less than three million naira;You will be taught how to become an expert trading on the Nigerian Stock Market without having to rely on your stock broker;It will reveal to you the secret of Marital Harmony;It will help you develop and achieve the goal of financial freedom; You will be helped to discover your purpose and fulfil your destiny;You will learn how to set achievable goals, make good plans and budget your way into wealth;You will discover the greatest business that can give you residual income without you working;You will be inspired to discover and pursue your passions;You will learn how many incomes there are and how to use them to multiply your wealth; You will be exposed on what to do before retirement to live the kind of life you desire in retirement;You will learn how the super rich make their budget; You will also learn how to tithe your way out of poverty into wealth and how to buy land in Nigeria successfully; including how banks trap unsuspecting Nigerians into mortgage debt and the way out of it. This book essentially teaches that you can rewrite your financial story by yourself!

HOW TO PICK QUALITY SHARES

A THREE-STEP PROCESS FOR SELECTING PROFITABLE STOCKS

Harriman House Limited How To Pick Quality Shares provides a three-step process for analysing company financial information to find good investments. The three steps boil down to finding quality companies, avoiding dangerous or risky companies, and not paying too much for companies' shares. Applying the in-depth techniques described here will give investors a better understanding of companies, and an edge over other investors, including professional investors and analysts. Phil Oakley, an experienced investment analyst and private investor, guides the reader step-by-step through these three stages: 1. For the first step, he shows how to identify the kind of high-quality companies that are capable of being profitable investments over the long term. Important themes are how much a company earns on the money it invests, reliable measures of profit and the importance of cash flow. 2. Next, he shows how to spot the dangers and risks that could lead to a company being a bad investment. Here the focus is on how to analyse debt, in particular hidden debt and pension fund deficits. 3. Lastly, he shows how to value a company's shares and determine what is a reasonable price to pay to invest in that company. Phil shows why some common shortcuts to valuing shares are not very useful and how to use cash profits to value shares more reliably. At each stage, Phil explains where the investor needs to look in company financial statements to get the information they need and how to analyse this information. Illustrative examples of analysis of real company financial statements are used throughout. If you have a company's latest annual report and its current share price you have all the information you need to be a successful investor. How To Pick Quality Shares shows you how.

STOCK MARKET PROFITS

Cosimo, Inc. The term "insider" may be logically applied to those successful operators who do make the market their business. But anyone who takes enough time to study the market and align his operations with successful trends may just as logically remove himself from the "public" class of lambs and enter this indefinite but successful class of "insiders." "If it were not so" this book, and many others, would not have been written.-from "How to Join the Successful Group"Richard Schabacker is considered the grandfather of technical analysis, and his theories and acumen are a continuing influence on investment philosophy today. This classic in the field and still of tremendous value to long-term, short-term, and beginning investors alike, covers, in clear, non-technical language, all the basics of making sure your money serves you well in the market: .the proper attitude-and the wrong approach-to investing.how to take advantage of cycles of business and securities.when to buy and sell.fundamental and technical factors to watch.the proper use of stock charts.market psychology and why it matters.how to diversify risk.whose advice to follow-and whose you should ignore.and much more.American author RICHARD WALLACE SCHABACKER (1899-1935) was financial editor of Forbes magazine. He also wrote Stock Market Theory and Practice (1930) and Technical Analysis (1932).

STOCK MARKET INVESTING FOR BEGINNERS

4 BOOKS IN 1: OPTIONS TRADING, SWING TRADING, FOREX TRADING, SWING TRADING WITH OPTIONS

Independently Published Professional traders have always lied to you! Trading is not just a game for millionaires. Even without a lot of capital, and with just a small risk, you can start trading and make huge amounts of money. No, this is not a dream: it's a promise.

Don't you believe me? Then keep reading. Chances are you've heard about investing in the Stock Market and you see endless advertisement online promising wealth and riches. Is it really true? The fact is that you can build significant wealth trading in the Stock Market. It's also something you can use to quit your "day-job" and lead a life of financial independence, answer to no one but yourself. But trading also carries significant risk as well. Traders who go in blind often end up losing everything. Those online ads won't show you those folks - but you need to know it's possible. How can you avoid that fate? The answer is simple. You need to know exactly what Stock Market Trading is, how it works and the proven strategies winning traders rely on to make money consistently. Your lucky day has arrived: this book does every one of those things! Inside these pages, we are going to explain to the beginner everything they need to understand to profit from the Stock Market. By the end of this book, you will be informed and savvy when it comes to trading. We're going to reveal all the secret techniques that winning traders use to keep money flowing into their accounts! Some of the things we'll cover in this 4 books in 1 bundle: Options trading: What an option is and how to buy and sell it. The differences between call and put options. Ways to earn income by selling options. The best strategies used by professional traders to make profits. Find out how you can use options in combination with ETFs. Determine if options are the right choice to include in your overall investment strategy. Swing Trading: Learn what swing trading is, and how it differs from day trading and standard "buy and hold" investing. Learn the psychology of professional traders: change your mindset and learn how to think big. Find out the right way to read stock charts and spot trends before anyone else does. Get a quick and dirty education on candlesticks. Find out how to swing trade exchange-traded funds for even more profits. Discover the top mistakes that new swing traders make and how to avoid them. Forex Trading: What Forex trading is and where it came from. The role of the broker-dealer and intrabank trading. Step-by-step explanations of how to understand currency pairs. Clear explanations that help you determine how much a trade will cost, how much you can make and potential losses. The safeguards you need to put in place in order to win at trading without heavy losses when you have bad trades. The top indicators used by Forex traders. Swing Trading with Options: Types of trading assets, PROS and CONS. 7 key strategies for getting the most out of your trading. How to determine when to enter and exit a trade Risk Management: 5 techniques to minimize risk and avoid losing your shirt! How to swing trade with call options: where to place your stop-loss and why. How to make a trading plan: analyze the situation, set your goals, reach them! Trading in the Stock Market is fun and exciting. Simply put, it's a great way to make money and build wealth. What are you waiting for? STOCK MARKET INVESTING PLAYBOOK

INTERMEDIATE GUIDE TO THE BEST TRADING STRATEGIES AND SETUPS FOR PROFITING IN SINGLE SHARES. BUILD UP YOUR CASH FLOW IN A MATTER OF WEEKS!

Are you willing to gain in a month what a long-term investor usually earns within a year? Or you simply need a few pointers to help you boost your confidence in the choices you make when investing and learn to diversify your investment strategies? If you really are an aspiring person longing for change in your financial sector, then here's the book that will help you discover the hidden secrets of investing in the stock market. This is an intermate guidebook, part of a complete series of books, which was put together with the idea of creating a crash course that could enable an intermediary or standard trader to maintain a strategic distance from basic missteps, avoiding common mistakes and getting the foot on the market without falling. It's obvious that the best investors apply different methods to the individuals found struggling. The focus of the book is to spread the correct information and to give a genuine outline of what works and what does not work when investing in the stock market. It is incredible how much wealth can be accumulated investing in the stock market. However, it is even more fascinating to see that the average investors lose money in a year cycle. Why? Because the stock market is profitable only if you know the right strategies. It may be quite demanding too, when it comes to deciding a strategy or tactic as various skills are necessary such as time management or even particular personality qualities. During the course of this book, you will further learn and discover in more details and approaches What the stock market is and why it is a gold mine for those who know what to do; the difference between investing and saving and when to implement them management of money, various financial instruments and risks involved The difference between Fundamental Analysis and Technical Analysis and whether they can co-exist Common mistakes made by beginners and how to avoid them If you're still in doubt whether profits through stock markets are attainable especially if you don't have a degree in the field, you are completely missing out as it doesn't require any particular education. By studying the material provided and applying it diligently, anyone can easily start in a matter of weeks. So, stop fiddling about and wasting time, act now SCROLL UP AND CLICK THE BUY BUTTON

MAKING HARD CASH IN A SOFT REAL ESTATE MARKET

FIND THE NEXT HIGH-GROWTH EMERGING MARKETS, BUY NEW CONSTRUCTION--AT BIG DISCOUNTS, UNCOVER HIDDEN PROPERTIES, RAISE PRIVATE FUNDS WHEN BANK LENDING IS TIGHT

John Wiley & Sons "Filled with creative strategies that work in today's market. A must-read for the real estate investor!" -Albert Lowry, PhD, New York Times bestselling author of How You Can Become Financially Independent by Investing in Real Estate A few years ago, even reckless real estate investors could still make money because the market was booming. But many markets have softened, and making a profit isn't as simple as it used to be. However-with the right strategy and long-term thinking-there is still plenty of money to be made in real estate. If you're willing to look outside your local market, you'll discover emerging markets that are booming. And there are also smart investing strategies that work especially well in slowing markets. You can do it! You just need the new rules and wise tactics you'll find in this practical, profitable guide: * Invest in up-and-coming, high-growth emerging markets * Learn the powerful strategy of market-timing * Use lease options to get more for your money * Learn creative strategies to engineer hands-off investments * Find foreclosures and other hidden bargains * Invest in bargain-rate new construction projects There are great deals hiding in every real estate market, and this book makes finding those values easy. Whether you want to locate the next up-and-coming growth markets, or find creative ways to finance your investments, Making Hard Cash in a Soft Real Estate Market is a savvy guide to investing for anyone who wants to play it safe and profitably.
