Since 1989, Christopher O'Brien has documented thousands of high-strange accounts that report UFOs, ghosts, crypto-creatures, cattle mutilations, skinwalkers and sorcerers, along with portal areas, secret underground bases and covert military activity. This mysterious region at the top of North America has a higher incidence of UFO reports than any other area of the continent and is the publicized birthplace of the "cattle mutilation" mystery. Hundreds of animals have been found strangely slain during waves of anomalous aerial craft sightings. Is the government directly involved? Are there underground bases here? Does the military fly exotic aerial craft in this valley that are radar-invisible below 18,000 feet? These and many other questions are addressed in this all-new work by one of America's top paranormal investigators. In the last two years, more than 100 incubators have popped up there, and the number of angel investors has skyrocketed. Today, 40 percent of all venture capital investments in the United States come from Silicon Valley firms, compared to 10 percent from New York. In **Secrets of Silicon Valley**, entrepreneur and media commentator Deborah Perry Piscione takes us inside this vibrant ecosystem where meritocracy rules the day. She explores Silicon Valley's exceptionally risk-tolerant culture, and why it thrives despite the many laws that make California one of the worst states in the union for business. Drawing on interviews with investors, entrepreneurs, and community leaders, as well as a host of case studies from Google to Paypal, Piscione argues that Silicon Valley's unique culture is the best hope for the future of American prosperity and the global business community and offers lessons from the Valley to inspire reform in other communities and industries, from Washington, DC to Wall Street. **The Secrets of Twin Valley** *Austin Macauley* Alf Montgomery lived on a dairy farm in the village of Appleton, one of the three villages in Pine Valley. Militants. Military. What are they fighting for? Discover Kashmir, a place of immense beauty and great tragedy. In this heartbreaking book, American storyteller Farhana Qazi takes you inside Kashmir, the world's most militarized zone and "Paradise on earth" to tell the true, emotional stories of women (and men) trapped by decades of conflict. In this incredible journey, Qazi examines conflict from both sides of the contested border, moving across mountains in India and Pakistan to bring you the secrets of an unforgettable people. This book sheds light on the "forever" conflict with descriptive prose and stories of women (and men) struggling to survive the brutalities of war. Qazi interviews the visible women of Kashmir: political activists, peacemakers, protestors, and ex-prisoners. These women all have one thing in common: they demand change to the Indian occupation of eight million people. Women deserve basic civil liberties and the right to human security. Like their men, women are calling for an end to torture, communication blackouts, curfews, and lockdown. These women are not the silent sufferers of war but the brave activists determined to bring peace to the valley. The inspiring examples of women, who choose non-violent resistance, are a testimony of their strength and solidarity. This collection traces the lives, passions, and roles of women as they fight for self-determination. **PRAISE FOR THE BOOK** "A brilliant read." - Ambassador Prudence Bushnell "This powerful book provides emotional insight into this divided region." -- Ross Kaufman, Academy Award-winning Filmmaker "Qazi brings the colors, smells, people and politics of Kashmir to life. The only thing more enlightening would be to travel there yourself." — Porter Fox, Editor Of The Award-Winning Nowhere Magazine "Farhana Qazi, a Texan of Pakistani descent, has written a shimmering book about her encounters with the women of Kashmir, starting with her own mother, who joined the Pakistani Army to fight for Kashmir. Qazi travelled to this land of haunting beauty to interview activists and advisors, protestors and politicians, mothers and martyrs, educators and entertainers, and more. The result is a moving journey through what has been called "the most beautiful prison in the world." — Deborah Scroggins, Award-Winning Journalist "An American woman sets out on a journey to understand one of Asia's longest running wars and the role of women within it. Farhana's bravery, open-mindedness, intelligence and tenacity take her into danger, real lives, raw emotions and ultimately discovery. This is a book that must be read by those who wish to deeply understand the motivations, lives and thoughts behind women in Kashmir." --Robert Young Pelton, Author & Documentary Filmmaker "Farhana Qazi's brilliant book combines her unique personal experience with her deep knowledge of the region, its people and its culture to tell us a story far more informative about today's events than any intelligence brief. And it is beautifully written--a joy to read." --Brian Michael Jenkins, Counter-Terrorism Expert "Secrets of the Valley is an important book that unveils the quintessential role of women in one of the most contested areas of the world. It is a deeply touching and personal story that pulls us closer to the women and men in Kashmir." --Seth G. Jones, Director, Transnational Threats Project, The Center For Strategic & International Studies "Farhana gives us an extraordinarily different perspective with a focus on women. For anyone who wishes to understand this land of poets and mystics, this is essential reading." --Akbar Ahmed, Author, Playwright & Former Diplomat **Valley of Secrets** *Oliver-Heber books* Anna Wilks went straight from her parents' house to her husband's. When Anna was little, she wanted to be just like her aunt, but then she grew up and forgot what it was like to be adventurous and fearless. Having no idea who she is now that she can't be a wife and mother, Anna shocks her family by setting out on a desperate search to find herself. She follows her aunt's journal to Mystic Valley, Vermont. Something about the place calls to her soul, except she doesn't have a clue how to make it on her own. Desperate to get back in the game, she helps him with a past that has haunted him for years. Yet Sully can't get Anna off his mind, refusing to coddle her and pushing her beyond her comfort zone until she surprises herself by discovering all she's capable of and just how strong she really is. Sully isn't anything like what she thought she wanted yet he's exactly what she needs, and he needs her even though he doesn't know it yet. Like Mystic Valley, he calls to her soul. Surveillance Valley The Secret Military History of the Internet *Icon Books* Featured as a Guardian Long Read in December 2018 EVERYTHING WE HAVE BEEN TOLD ABOUT THE DEMOCRATIC NATURE OF THE INTERNET IS A MARKETING PLOY. As the Cambridge Analytica scandal has shown, private corporations consider it their right to use our data (and by extension, us) which ever way they see fit. Tempted by their appealing organisational and diagnostic tools, we have allowed private internet corporations access to the most intimate corners of our lives. But the internet was developed, from the outset, as a weapon. Looking at the hidden origins of many internet corporations and platforms, Levine shows that this is a function, not a bug of the online experience. Conceived as a surveillance tool by ARPA to control insurgents in the Vietnam War, the internet is now essential to our lives. This book investigates the troubling and unavoidable truth of its history and the unfathomable power of the corporations who now more or less own it. Without this book, your picture of contemporary society will be missing an essential piece of the puzzle.
