**Fairy Tales, Myth, and Psychoanalytic Theory Feminism and Retelling the Tale** *Ashgate Publishing, Ltd.* Testing the relationship between feminist psychoanalytic theory and feminist retellings of fairy tales and myths in the 1970s and 1990s, Schanoes shows that these contemporaneous developments in theory and art advance complementary interpretations of the same themes. Her book posits a new model that emphasizes the interdependence of theory and art and challenges the notion that literary revision involves a masculinist struggle with the writer's artistic forbearers. **The Origin of Consciousness in the Breakdown of the Bicameral Mind** *Houghton Mifflin Harcourt* National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—*American Journal of Psychiatry* **Cyberfeminism and Artificial Life** *Routledge* Examining the construction, manipulation and re-definition of life in contemporary technoscientific culture, this book aims to re-focus concern on the ethics rather than on the 'nature' of artificial life. **A Woman's Weapon Spirit Possession in The Tale of Genji** *University of Hawaii Press* This text presents an examination of Murasaki Shikibu's 11th-century classic *The Tale of Genji*. The author explores the role of possessing spirits from a female viewpoint, and considers how the male protagonist is central to determining the role of these spirits. **Cybersexualities A Reader on Feminist Theory, Cyborgs and Cyberspace** *Cyberspace, the cyborg and cyberpunk have given feminists new imaginative possibilities for thinking about embodiment and identity in relation to technology. This is the first anthology of the key essays on these potent metaphors. Divided into three sections (Technology, Embodiment and Cyberspace; Cybersubjects: Cyborgs and Cyberpunks; Cyborg Futures), the book addresses different aspects of the human-technology interface. The extensive introduction surveys the ways cyborg and cyberspace metaphors have been used in relation to current critical theory and indicates the context for the specific essays. This is an invaluable guide for students studying any aspects of contemporary theory and culture.\* Brings together in a unique collection the work of key authors in feminist and cyber theory\* Demonstrates the wide range of contemporary critical work\* Challenges constructions of gender, race and class\* An extensive introduction surveys the ways cyborg and cyberspace metaphors have been used in relation to current critical theory\* Brief section introductions indicate the context for the specific essays* **The Sublime Object of Psychiatry Schizophrenia in Clinical and Cultural Theory** *Oxford University Press* Schizophrenia has been one of psychiatry's most contested diagnostic categories. The Sublime object of Psychiatry studies representations of schizophrenia across a wide range of disciplines and discourses: biological and phenomenological psychiatry, psychoanalysis, critical psychology, antipsychiatry, and postmodern philosophy. **Against White Feminism** *Penguin UK* Personal, provocative and powerfully persuasive - an essential guide to what white feminism is, why it matters, and how we can put an end to it 'Thoughtful and provocative... It is a must-read' Roxane Gay 'A book to make you stop and think' Mishal Husain 'This book is going to light fires everywhere, so if you are prone to combust, get right the hell out of the way' Lit Hub Most of us believe that feminism is a force for good. In the past 200 years, it has paved the way for women to advance economically, increasing their safety and their power in society, and advocating for their needs and experiences. But not for all women. If you are poor, if you are an immigrant to the West or (even worse) don't live here at all, and above all if your skin is not white, the door to mainstream feminism has been shut against you from day one. This is not oversight or an accident. It is an active and sustained strategy to advance white women at the expense of everyone else. And what makes this strategy especially dangerous - and especially effective - is that most white people have no idea they are participating in it. Attorney and activist Rafia Zakaria shines a spotlight on this urgent issue, revealing the fingerprints of white supremacy all over the feminist movement: from early suffragette campaigns right up to the divided and profoundly unequal world we inherit today. And she issues a powerful call to every reader to join her in building a new kind of feminism, lighting the path to emancipation for all. **The Silent Patient The record-breaking, multimillion copy Sunday**

**Times bestselling thriller and Richard & Judy book club pick** *Hachette UK* WITH OVER THREE MILLION COPIES SOLD, read the Sunday Times and No.1 New York Times bestselling, record-breaking thriller that everyone is talking about - soon to be a major film. 'The perfect thriller' AJ FINN 'Terrific' - THE TIMES Crime Book of the Month 'Smart, sophisticated suspense' - LEE CHILD 'Compelling' - OBSERVER 'Absolutely brilliant' - STEPHEN FRY 'A totally original psychological mystery' - DAVID BALDACCI 'One of the best thrillers I've read this year' - CARA HUNTER 'The pace and finesse of a master' - BBC CULTURE Alicia Berenson lived a seemingly perfect life until one day six years ago. When she shot her husband in the head five times. Since then she hasn't spoken a single word. It's time to find out why. THE SILENT PATIENT is the gripping must-read thriller of the year - perfect for fans of THE FAMILY UPSTAIRS by Lisa Jewell, BLOOD ORANGE by Harriet Tyce and PLAYING NICE by JP Delaney.

**Contemporary Feminist Theories** Contemporary Feminist Theories was inspired by a dissatisfaction with existing introductions, which often fail to fully track change and capture diversity within feminist thought. The volume draws on the expertise of a range of Western feminists in order to reflect the breadth of feminist theory as well as shifts within it. Each chapter maps the development of feminist thought in a particular area over time, and suggests future directions. **Killing Commendatore** *Random House* We all live our lives carrying secrets we cannot disclose. 'Beguiling... Murakami is brilliant at folding the humdrum alongside the supernatural; finding the magic that's nested in life's quotidian details' Guardian When a thirty-something portrait painter is abandoned by his wife, he holes up in the mountain home of a famous artist. The days drift by, spent painting, listening to music and drinking whiskey in the evenings. But then he discovers a strange painting in the attic and unintentionally begins a strange journey of self-discovery that involves a mysterious ringing bell, a precocious thirteen-year-old girl, a Nazi assassination attempt and a haunted underworld. A stunning work of imagination, *Killing Commendatore* is a surreal tale of love and loneliness, war and art. **Critical Theory and Practice: A Coursebook** *Routledge* Critical Theory and Practice answers lots of questions, but also stimulates new ones. Its tailor-made combination of survey, reader and workbook is ideal for the beginning - perhaps even bewildered - student of literary theory. The work is divided into seven chapters, each of which contains guiding commentary, examples from literary and critical works, and a variety of exercises to provoke and engage you. Each chapter includes a glossary and annotated selection of suggested further reading. There is also a full bibliography. The authors cover the key issues and debates of literary theory, including: \* Language, Linguistics and Literature \* Structures of Literature \* Literature and History \* Subjectivity, Psychoanalysis and Criticism \* Reading, Writing and Reception \* Women, Literature and Criticism \* Literature, Criticism and Cultural Identity *Critical Theory and Practice* is an refreshingly clear, up-to-date and eminently readable introduction to the subject. It not only guides you through the terminology and gives you a selection of the key passages to read, it also helps you engage with the theory and apply it in practice. **Engendered Lives A New Psychology Of Women's Experience** Uses examples from film, television, literature, and everyday life to survey all aspects of both women's physical and social experience, and argues that gender bias is embedded in all current social systems **The Acoustic Mirror The Female Voice in Psychoanalysis and Cinema** *Indiana University Press* "... a vitally new understanding that takes us from the terms of the representation of sexual difference to an anatomy of female subjectivity which will be widely influential." -- Stephen Heath "An original work likely to have significant impact on all those with an interest in the vibrant intersection of feminism, film theory, and psychoanalysis..." -- Naomi Schor "... powerfully argued study... impressive..." -- Choice "... important because of its innovative work on Hollywood's ideologically-charged construction of subjectivity.... what is exciting about *The Acoustic Mirror* is that it inspires one to reevaluate a number of now classical theoretical texts, and to see films with an eye to how authorship is constructed and subjectivity is generated." -- *Literature and Psychology* "As evocative as it is shrewdly systematic, the pioneering theory of female subjectivity formulated in the final three chapters will have wide impact as a major contribution to feminist theory." -- *SubStance* *The Acoustic Mirror* attempts to do for the sound-track what feminist film theory of the past decade has done for the image-track -- to locate the points at which it is productive of sexual difference. The specific focus is the female voice understood not merely as spoken dialogue, narration, and commentary, but as a fantasmatic projection, and as a metaphor for authorship. **The Palgrave International Handbook of Women and Outdoor Learning** *Springer* This Handbook serves as a starting point for critical analysis and discourse about the status of women in outdoor learning environments (OLEs). Women choose to participate actively in outdoors careers, many believing the profession is a level playing field and that it offers alternatives to traditional sporting activities. They enter outdoor learning primarily on the strength of their enthusiasm for leading and teaching in natural environments and assume the field is inclusive, rewarding excellence regardless of age, gender, socioeconomic status, disability, or ethnicity. However, both research and collective experiences in OLEs suggest that many women feel invisible, relegated, marginalized, and undervalued. In response to this marginalization, this Handbook celebrates the richness of knowledge and practices of women practitioners in OLEs. Women scholars and practitioners from numerous fields, such as experiential outdoor education, adventure education, adventure therapy, and gender studies, explore the implications of their research and practice using poignant examples within their own disciplines. These insights emerge from similar life experiences as women and outdoor leaders in the 1970s to the present. Social inequalities still abound in OLEs, and the Handbook ensures that the contributions of women are highlighted as well as the work that needs to be done to make these spaces inclusive. Global in perspective and capacious in content, this one-stop volume is an indispensable reference resource for a diverse range of academics, including students and researchers in the fields of education, psychology, sociology, gender studies, geography, and environment studies, as well as the many outdoors fields. **Evolution's Rainbow Diversity, Gender, and Sexuality in Nature and People** *Univ of California Press* In this innovative celebration of diversity and affirmation of individuality in animals and humans, Joan Roughgarden challenges accepted wisdom about gender identity and sexual orientation. A distinguished evolutionary biologist, Roughgarden takes on the medical establishment, the Bible, social science—and even Darwin himself. She leads the reader through a fascinating discussion of diversity in gender and sexuality among fish, reptiles, amphibians, birds, and mammals, including primates. *Evolution's Rainbow* explains how this diversity develops from the action of genes and hormones and how people come to differ from each other in all aspects of body and behavior. Roughgarden reconstructs primary science in light of feminist, gay, and transgender criticism and redefines our understanding of sex, gender, and sexuality. Witty, playful, and daring, this book will revolutionize our understanding of sexuality. Roughgarden argues that principal elements of Darwinian sexual selection theory are false and suggests a new theory that emphasizes social inclusion and control of access to

resources and mating opportunity. She disputes a range of scientific and medical concepts, including Wilson's genetic determinism of behavior, evolutionary psychology, the existence of a gay gene, the role of parenting in determining gender identity, and Dawkins's "selfish gene" as the driver of natural selection. She dares social science to respect the agency and rationality of diverse people; shows that many cultures across the world and throughout history accommodate people we label today as lesbian, gay, and transgendered; and calls on the Christian religion to acknowledge the Bible's many passages endorsing diversity in gender and sexuality. Evolution's Rainbow concludes with bold recommendations for improving education in biology, psychology, and medicine; for democratizing genetic engineering and medical practice; and for building a public monument to affirm diversity as one of our nation's defining principles. **Exploring Cultural Identities in Jean Rhys' Fiction** *Walter de Gruyter GmbH & Co KG* Using a theoretical approach and a critical summary, combining the perspectives in the postcolonial theory, psychoanalysis and narratology with the tools of hermeneutics and deconstruction, this book argues that Jean Rhys's work can be subsumed under a poetics of cultural identity and hybridity. It also demonstrates the validity of the concept of hybridization as the expression of identity formation; the cultural boundaries variability; the opposition self-otherness, authenticity-fiction, trans-textuality; and the relevance of an integrated approach to multiple cultural identities as an encountering and negotiation space between writer, reader and work. The complexity of ontological and epistemological representation involves an interdisciplinary approach that blends a literary interpretive approach to social, anthropological, cultural and historical perspectives. The book concludes that in the author's fictional universe, cultural identity is represented as a general human experience that transcends the specific conditionalities of geographical contexts, history and culture. The construction of identity by Jean Rhys is represented by the dichotomy of marginal identity and the identification with a human ideal designed either by the hegemonic discourse or metropolitan culture or by the dominant ideology. The identification with a pattern of cultural authenticity, of racial, ethnic, or national purism is presented as a purely destructive cultural projection, leading to the creation of a static universe in opposition to the diversity of human feelings and aspirations. Jean Rhys's fictional discourse lies between "the anxiety of authorship" and "the anxiety of influence" and shows the postcolonial era of uprooting and migration in which the national ownership diluted the image of a "home" ambiguous located at the boundary between a myth of origins and a myth of becoming. The relationship between the individual and socio-cultural space is thus shaped in a dual hybrid position. **Sisterhood is Powerful An Anthology of Writings from the Women's Liberation Movement** *Vintage* Poems, essays, personal testimonies, and historical documents are contributed by fifty individuals concerned with the liberation of women **Cyberfeminism Connectivity, Critique and Creativity** *Spinifex Press* An international anthology by feminists working in the field of electronic publishing, electronic activism, electronic data delivery, multimedia production, virtual reality creation, developing programs or products electronically, as well as those developing critiques of electronic culture. This collection explores what the possibilities are for feminists and for feminism. It also grapples with the pitfalls of the medium. The book, however, does not assume that the technology in itself is negative, but rather how it is used is open to critique. This leaves open the possibility of feminists having an impact on the way the technologies develop. The book includes connecting HTML with poetry, developing resources for Women's Studies and libraries, on-line, CD-ROM and VRML developments. The book has markets across trade and educational sectors and could be used at secondary and tertiary levels. **The True Story of Hansel and Gretel** *Penguin* A poignant and suspenseful retelling of a classic fairy tale set in a war-torn world, for readers of *The Tattooist of Auschwitz*, *We Were the Lucky Ones*, and *Lilac Girls* In the last months of the Nazi occupation of Poland, two children are left by their father and stepmother to find safety in a dense forest. Because their real names will reveal their Jewishness, they are renamed "Hansel" and "Gretel." They wander in the woods until they are taken in by Magda, an eccentric and stubborn old woman called a "witch" by the nearby villagers. Magda is determined to save them, even as a German officer arrives in the village with his own plans for the children. Louise Murphy's haunting novel of journey and survival, of redemption and memory, powerfully depicts how war is experienced by families and especially by children. **Post-feminist Impasses in Popular Heroine Television The Persephone Complex** *Springer* Alison Horbury investigates the reprisal of the myth of Persephone - a mother-daughter plot of separation and initiation - in post-feminist television cultures where, she argues, it functions as a symptom expressing a complex around the question of sexual difference - what Lacan calls 'sexuation', where this question has been otherwise foreclosed. **The Meat Tree** *Seren* A retelling of the Mabinogion fourth branch, including the story of Blodeuwedd, a woman made of flowers. A dangerous tale of desire, DNA, incest and flowers plays out within the wreckage of an ancient spaceship in *The Meat Tree*; an absorbing retelling of one of the best know Welsh myths from prize-winning writer and poet, Gwyneth Lewis. An elderly investigator and his female apprentice hope to extract the fate of the ship's crew from its antiquated virtual reality game system, but their empirical approach falters as the story tangles with their own imagination. **My Mother Said I Never Should** *Bloomsbury Publishing* I don't know if you'll ever love me as much as I love you, but one day you'll understand why I've done this to you. Doris, born illegitimate in 1900, exchanges her budding teaching career for marriage and motherhood. When the war is over, her daughter Margaret marries an American and has Jackie, who becomes an archetypal 60s rebel. When Jackie can't face being a single mother, it is decided that baby Rosie will be brought up as Margaret's own. That's the plan anyway . . . Charlotte Keatley's award-winning play is a moving exploration of the relationships between mothers and daughters, and the consequences of breaking the most sacred taboo of motherhood. *My Mother Said I Never Should* is about the choices we make which determine the course of our lives and how it is never too late to change. This edition was published to coincide with the revival of the play at the St James Theatre, London, in 2016, starring Maureen Lipman and Katie Brayben. **Men and Women Freud in Cambridge** *Cambridge University Press* The authors explore the influence of Freud's thinking on twentieth-century intellectual and scientific life within Cambridge and beyond. **The Palgrave Handbook of Queer and Trans Feminisms in Contemporary Performance** *Springer Nature* The purpose of this Handbook is to provide students with an overview of key developments in queer and trans feminist theories and their significance to the field of contemporary performance studies. It presents new insights highlighting the ways in which rigid or punishing notions of gender, sexuality and race continue to flourish in systems of knowledge, faith and power which are relevant to a new generation of queer and trans feminist performers today. The guiding question for the Handbook is: How do queer and trans feminist theories enhance our understanding of developments in feminist performance today, and will this discussion give rise to new ways of theorizing contemporary performance? As such, the volume will survey a new generation of

performers and theorists, as well as senior scholars, who engage and redefine the limits of performance. The chapters will demonstrate how intersectional, queer and trans feminist theoretical tools support new analyses of performance with a global focus. The primary audience will be students of theatre/ performance studies as well as queer /gender studies. The volume's contents suggest close links between the formation of queer feminist identities alongside recent key political developments with transnational resonances. Furthermore, the emergence of new queer and trans feminist epistemologies prompts a reorientation regarding performance and identities in a 21st-century context. **Posthuman Bodies** *Indiana University Press* "... will draw a wide readership from the ranks of literary critics, film scholars, science studies scholars and the growing legion of 'literature and science' researchers. It should be among the essentials in a posthumanist toolbox." -- Richard Doyle Automatic teller machines, castrati, lesbians, The Terminator: all participate in the profound technological, representation, sexual, and theoretical changes in which bodies are implicated. **Posthuman Bodies** addresses new interfaces between humans and technology that are radically altering the experience of our own and others' bodies. **Abstracts of the Annual Meeting -- American Anthropological Association** **Our House in the Last World A Novel** The Santini family immigrates to New York City from Cuba and struggles to adjust to a new way of life **Yellow Woman and a Beauty of the Spirit** *Simon and Schuster* Defiant essays on the culture of Native Americans and their position in society consider such topics as the earth, the weather, and the injustice of the Anglo-American legal system. **Through the Woods** *Simon and Schuster* Discover a terrifying world in the woods in this collection of five hauntingly beautiful graphic stories that includes the online webcomic sensation "His Face All Red," in print for the first time. Journey through the woods in this sinister, compellingly spooky collection that features four brand-new stories and one phenomenally popular tale in print for the first time. These are fairy tales gone seriously wrong, where you can travel to "Our Neighbor's House"—though coming back might be a problem. Or find yourself a young bride in a house that holds a terrible secret in "A Lady's Hands Are Cold." You might try to figure out what is haunting "My Friend Janna," or discover that your brother's fiancée may not be what she seems in "The Nesting Place." And of course you must revisit the horror of "His Face All Red," the breakout webcomic hit that has been gorgeously translated to the printed page. Already revered for her work online, award-winning comic creator Emily Carroll's stunning visual style and impeccable pacing is on grand display in this entrancing anthology, her print debut. **The Joy Luck Club** *Random House* 'The Joy Luck Club is an ambitious saga that's impossible to read without wanting to call your Mum' Stylist Discover Amy Tan's moving and poignant tale of immigrant Chinese mothers and their American-born daughters. In 1949 four Chinese women, recent immigrants to San Francisco, meet weekly to play mahjong and tell stories of what they left behind in China. United in loss and new hope for their daughters' futures, they call themselves the Joy Luck Club. Their daughters, who have never heard these stories, think their mothers' advice is irrelevant to their modern American lives - until their own inner crises reveal how much they've unknowingly inherited of their mothers' pasts. **New Statesman Society Norwegian Wood** *Random House* 'A masterly novel' *New York Times* 'Such is the exquisite, gossamer construction of Murakami's writing that everything he chooses to describe trembles with symbolic possibility' *Guardian* Read the haunting love story that turned Murakami into a literary superstar. When he hears her favourite Beatles song, Toru Watanabe recalls his first love Naoko, the girlfriend of his best friend Kizuki. Immediately he is transported back almost twenty years to his student days in Tokyo, adrift in a world of uneasy friendships, casual sex, passion, loss and desire - to a time when an impetuous young woman called Midori marches into his life and he has to choose between the future and the past. 'Evocative, entertaining, sexy and funny; but then Murakami is one of the best writers around' *Time Out* 'Poignant, romantic and hopeless, it beautifully encapsulates the heartbreak and loss of faith' *Sunday Times* 'This book is undeniably hip, full of student uprisings, free love, booze and 1960s pop, it's also genuinely emotionally engaging, and describes the highs of adolescence as well as the lows' *Independent on Sunday* **The Last Gift By the winner of the 2021 Nobel Prize in Literature** *A&C Black* By the winner of the 2021 Nobel Prize in Literature Abbas has never told anyone about his past; about what happened before he was a sailor on the high seas, before he met his wife Maryam outside a Boots in Exeter, before they settled into a quiet life in Norwich with their children, Jamal and Hanna. Now, at the age of sixty-three, he suffers a collapse that renders him bedbound and unable to speak about things he thought he would one day have to. Jamal and Hanna have grown up and gone out into the world. They were both born in England but cannot shake a sense of apartness. Hanna calls herself Anna now, and has just moved to a new city to be near her boyfriend. She feels the relationship is headed somewhere serious, but the words have not yet been spoken out loud. Jamal, the listener of the family, moves into a student house and is captivated by a young woman with dark-blue eyes and her own, complex story to tell. Abbas's illness forces both children home, to the dark silences of their father and the fretful capability of their mother Maryam, who began life as a foundling and has never thought to find herself, until now. \_\_\_\_\_ 'Gurnah is a master storyteller' *FINANCIAL TIMES* 'Gurnah writes with wonderful insight about family relationships and he folds in the layers of history with elegance and warmth' *THE TIMES* **Freud and Beyond A History of Modern Psychoanalytic Thought** *Basic Books* The classic, in-depth history of psychoanalysis, presenting over a hundred years of thought and theories Sigmund Freud's concepts have become a part of our psychological vocabulary: unconscious thoughts and feelings, conflict, the meaning of dreams, the sensuality of childhood. But psychoanalytic thinking has undergone an enormous expansion and transformation since Freud's death in 1939. With *Freud and Beyond*, Stephen A. Mitchell and Margaret J. Black make the full scope of twentieth century psychoanalytic thinking—from Harry Stack Sullivan to Jacques Lacan; D.W. Winnicott to Melanie Klein—available for the first time. Richly illustrated with case examples, this lively, jargon-free introduction makes modern psychoanalytic thought accessible at last. **Science Fiction and Speculative Fiction Challenging Genres** *Springer Science & Business Media* Why did Kurt Vonnegut shun being labeled a writer of science fiction (SF)? How did Margaret Atwood and Ursula K. Le Guin find themselves in a public argument about the nature of SF? This volume explores the broad category of SF as a genre, as one that challenges readers, viewers, teachers, and scholars, and then as one that is often itself challenged (as the authors in the collection do). SF, this volume acknowledges, is an enduring argument. The collected chapters include work from teachers, scholars, artists, and a wide range of SF fans, offering a powerful and unique blend of voices to scholarship about SF as well as examinations of the place for SF in the classroom. Among the chapters, discussions focus on SF within debates for and against SF, the history of SF, the tensions related to SF and other genres, the relationship between SF and science, SF novels, SF short fiction, SF film and visual forms (including TV), SF young adult fiction, SF comic books and graphic novels, and the place of SF in contemporary public discourse. The unifying thread running through the volume, as

with the series, is the role of critical literacy and pedagogy, and how SF informs both as essential elements of liberatory and democratic education. **Cyborgs in Latin America** Springer A PDF version of this book is available for free in open access via the OAPEN Library platform, [www.oapen.org](http://www.oapen.org). **Cyborgs in Latin America** explores the ways cultural expression in Latin America has grappled with the changing relationships between technology and human identity. **Woman and Her Mind The Story of Daily Life Theory/Theatre An Introduction** Routledge This is a new and enlarged edition of Mark Fortier's very successful and widely used essential text for students. **Theory/Theatre** provides a unique and engaging introduction to literary theory as it relates to theatre and performance. Fortier lucidly examines current theoretical approaches, from semiotics, poststructuralism, through cultural materialism, postcolonial studies and feminist theory. This new edition includes: \* More detailed explanation of key ideas \* New 'Putting it into practice' sections at the end of each chapter so you can approach performances from specific theoretical perspectives \* Annotated further reading section and glossary. **Theory/Theatre** is still the only study of its kind and is invaluable reading for beginning students and scholars of performance studies. **Where the Wild Things are** Max sails to the land of the wild things, where he becomes their king.
