## There's a Customer Born Every Minute

### P.T. Barnum's Amazing 10 "Rings of Power" for Creating Fame, Fortune, and a Business Empire Today -- Guaranteed!

**John Wiley & Sons Praise for THERE'S A CUSTOMER BORN EVERY MINUTE**  
 "Joe Vitale has created an entertaining, educational, and motivational manual-with the help of P.T. Barnum-that belongs in every hotel room alongside the Bible. Then, guests might read his inspirational book first, and give thanks to God for this worthy discovery." —Alan Abel, media hoaxer, author, consultant and lecturer on "Using Your Wits to Win" "If you're going to excel in business, learning about a showman like Barnum and applying some of the lessons he taught can give you valuable insights. Joe Vitale has captured ten of these lessons (he calls them 'rings of power') and shows how you can apply them in a way that will open your eyes and stretch your imagination. There's a lot of money-making and fun wisdom here." —Joseph Sugarman, Chairman, BluBlocker Corporation "Finally someone does it!!! Joe Vitale reveals the REAL P.T. Barnum! Vitale highlights the outrageously astute marketing of Barnum. Barnum's driving belief certainly was that there IS a customer 'born' every minute. You will glean a number of useful 'new' marketing ideas that you can instantly use in your business. And you will learn about one of the savviest marketers of a time gone by. Fun, exciting, insightful, and packed with ideas! Genius!" —Kevin Hogan, author of *The Science of Influence* and *The Psychology of Persuasion* "I love this book. If you'd like to know the real story about one of the most fascinating characters in American history, told by a master storyteller (and the person who probably knows more about him than anyone else), read this book. Barnum is not the guy portrayed by the legend attached to his name. He is much, much more, and Vitale tells his story with the can't-put-it-down passion and excitement he's become so

well known for." —Bill Harris, President, Centerpointe Research Institute

## A Vulgar Art

## A New Approach to Stand-Up Comedy

Univ. Press of Mississippi In *A Vulgar Art* Ian Brodie uses a folkloristic approach to stand-up comedy, engaging the discipline's central method of studying interpersonal, artistic communication and performance. Because stand-up comedy is a rather broad category, people who study it often begin by relating it to something they recognize—"literature" or "theatre"; "editorial" or "morality"—and analyze it accordingly. *A Vulgar Art* begins with a more fundamental observation: someone is standing in front of a group of people, talking to them directly, and trying to make them laugh. So this book takes the moment of performance as its focus, that stand-up comedy is a collaborative act between the comedian and the audience. Although the form of talk on the stage resembles talk among friends and intimates in social settings, stand-up comedy remains a profession. As such, it requires performance outside of the comedian's own community to gain larger and larger audiences. How do comedians recreate that atmosphere of intimacy in a roomful of strangers? This book regards everything from microphones to clothing and LPs to Twitter as strategies for bridging the spatial, temporal, and socio-cultural distances between the performer and the audience.
