---

**THE POLITICS OF HOUSING**

---

**POWER, CONSUMERS AND URBAN CULTURE**

---

**Manchester University Press** Exploring the politics of housing during 1890-1990, The Politics of Housing examines the interaction of national and local politics and key issues such as civic culture, key local players, local discourse, and geographical and demographic problems. It argues that tenants acted as consumers of a public service and questions the way in which notions of consumerism shaped responses to the housing debate. An analysis of the impact of legislation on housing policy in different cities is provided, as well as a more detailed account of the politics of housing in Manchester, including: the Victorian legacy, the emergence of government intervention, post-war overspill estates, new system-built flats and their rapid deterioration, rising tenant anger, and the beginning of a new approach based on consultation and partnerships.

## THE POWER OF THE POWERLESS

---

**Random House** Václav Havel's remarkable and rousing essay on the tyranny of apathy, with a new introduction by Timothy Snyder Cowed by life under Communist Party rule, a greengrocer hangs a placard in their shop window: Workers of the world, unite! Is it a sign of the grocer's unerring ideology? Or a symbol of the lies we perform to protect ourselves? Written in 1978, Václav Havel's meditation on political dissent - the rituals of its suppression, and the sparks that re-ignite it - would prove the guiding manifesto for uniting Solidarity movements across the Soviet Union. A portrait of activism in the face of falsehood and intimidation, The Power of the Powerless remains a rousing call against the allure of apathy. 'Havel's diagnosis of political pathologies has a special resonance in the age of Trump' Pankaj Mishra

### POWER AND CITIZENSHIP IN AMERICAN POLITICS, THE ESSENTIALS

---

**CQ Press** "I consistently recommend the book to [colleagues] who are teaching American government for the first time. It is easy to use, and it provides all of the basics that any student would ever need to know. It is easy for students to read, and it challenges their preconceived notions about the world..." —James W. Stoutenborough, Idaho State University Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Ninth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power - the ability to create and share their own narratives - while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, Keeping the Republic, Ninth Edition is a much-needed resource to help students make sense of politics in America today. Keeping the Republic, The Essentials is identical to the full version of the text, minus the three policy chapters. A Complete Teaching & Learning Package SAGE Vantage Digital Option Engage, Learn, Soar with SAGE Vantage, an intuitive digital platform that delivers Keeping the Republic, Ninth Essentials Edition textbook content in a learning

experience carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers easy course set-up and enables students to better prepare for class. ## **GETTING FROM HERE TO THERE? POWER, POLITICS AND URBAN SUSTAINABILITY IN NORTH AMERICA**

---

**Universal-Publishers** *Getting from Here to There?* seeks to take the study of sustainable cities into a realm of analysis and critique that has not been seriously investigated in any explicit and systematic manner: the sphere of power and politics. Using detailed case studies of selected urban sustainability programs—some stillborn or short-lived, others celebrated, still others most promising—it focuses on the political agencies shaping them and the structural elements either impeding or facilitating efforts to build sustainable cities. To accomplish this task, the authors utilize three theories or models of urban power—growth coalition, urban regime, and neo-Gramscian hegemonic—to explore the dynamics of power and politics to better understand these cases and to derive important lessons about getting from here to there. These models offer valuable lessons for ongoing or future sustainable city programs, community or business groups, key policy makers, grassroots organizations, mayors, and urban planners involved in or contemplating moving urban sustainability projects forward, as well as students of urban politics and environmental and sustainability researchers.

**Bonnier Zaffre** 'The politics book to be seen with in these febrile times' - The i Newspaper 'How facts, rumour and mischief-making become the news we all obsess over' - Tim Shipman 'A cracking read! Treat yourself...' - John Crace NOW WITH A BONUS CHAPTER INCLUDED! Ever wondered why the indiscretions of some MPs make the front page while others don't? How close journalists really are to politicians? Or how on earth the country is run when the British political system is in such a mess? In Haven't You Heard?, Marie Le Conte looks at the role gossip, whispers and tittle-tattle play in all areas of politics - for the MPs and their advisers, the press who cover them and the civil servants in the middle of it all. From policy rows which aren't about policy at all and boozy nights with dramatic consequences, to people spinning their way to the top and dark secrets never seeing the light of day, Marie explores in great and entertaining detail the human side of the people running the country against a backdrop of political mayhem.

---

**Univ of California Press** "Illuminating. . . . The entire field of modern Middle Eastern Studies still has remarkably little closely researched social history of this sort. Beinín's study adds to the work recently published by revisionist Israeli historians, debunking the dominant view of the origin and early history of the Palestine conflict and extending the revision into the 1950s and early 1960s. His explanation of the different political paths that were taken, turned back from, and lost sight of is an important—indeed vital—contribution to contemporary scholarly and political understanding."—Timothy Mitchell, New York University

---

## **POLITICAL MYTHOLOGY AND POPULAR FICTION**

---

**Praeger** A fascinating contribution to the scholarship of both political science and literature, this book explores eight major genres of contemporary popular fiction generally assumed to be essentially devoid of political content--children's novels, Westerns, middle-class fiction, historical novels, small-town Americana, sports novels, American war fiction, and science fiction. By uncovering the often covert mythical themes and cultural symbols hidden in the plot formulas of these works--many of them bestsellers--the essays illustrate the debt of mass-market authors to cultural and political traditions that reach back to the origins of the American Republic.
