A HISTORY OF THE MODERN WORLD

McGraw-Hill Europe **History of the Modern World** is a careful, well-written narrative of major events from the late Middle Ages to the political and religious conflicts at the beginning of the twenty-first century. It offers a wide-ranging survey that helps readers understand both the complexities of great events (e.g., the French Revolution, the First World War, or the collapse of great imperial systems) and the importance of historical analysis. It also provides a careful summary of the modern political changes that have affected the social and cultural development of all modern cultures. (View table of contents to see extent of Part 2) Throughout the book's lifetime, **A History of the Modern World** has been hailed as an elegantly written historical narrative, filled with analysis and balanced historical insights as well as its traditional attention to the processes of historical change, conflict, and political transformations. The tenth edition has been updated to include the clear maps, the survey of global economic connections, the chronologies, the illustrations, and the up-to-date bibliographies that today's students need and expect.

A HISTORY OF THE MODERN WORLD

A HISTORY OF THE MODERN WORLD

McGraw-Hill College **The tenth edition of A History of the Modern World** remains one of the most highly praised history texts ever published. The new edition reflects the authors' continuing search for historical perspectives on complex events of our age, guided by the assumption that the events, cultures, and conflicts of the contemporary world are always rooted in long-evolving processes of historical change. Book jacket.

A HISTORY OF EUROPE IN THE MODERN WORLD

McGraw-Hill Companies **"Dramatic events in the contemporary world--wars, revolutions, political upheavals, terrorist attacks, catastrophic natural disasters, economic crises, and the endless stream of daily news--often obscure the long-developing historical processes that have created the societies in which we live and the current problems with which we have to cope. The mass media pay little attention to the broader historical patterns and contexts that shape the deeper meaning of swiftly moving public events and private lives. This new edition of A History of Europe in the Modern World therefore brings new information, documents, and interpretations to the ongoing search for historical perspectives on the complex, often bewildering, events of our own era. Although this book (as in past editions) focuses specifically on the history of Europe, it also emphasizes that modern European history has always evolved through interactions and exchanges with the wider world"**--

THE AGE OF THE DEMOCRATIC REVOLUTION

A POLITICAL HISTORY OF EUROPE AND AMERICA, 1760-1800 - UPDATED EDITION

Princeton University Press **For the Western world, the period from 1760 to 1800 was the great revolutionary era in which the outlines of the modern democratic state came into being. Here for the first time in one volume is R. R. Palmer's magisterial account of this incendiary age. Palmer argues that the American, French, and Polish revolutions--and the movements for political change in Britain, Ireland, Holland, and elsewhere--were manifestations of similar political ideas, needs, and conflicts. Palmer traces the clash between an older form of society, marked by legalized social rank and hereditary or self-perpetuating elites, and a new form of society that placed a greater value on social mobility and legal equality. Featuring a new foreword by David Armitage, this Princeton Classics edition of The Age of the Democratic Revolution introduces a new generation of readers to this enduring work of political history.**

LANGUAGE AND CONQUEST IN EARLY MODERN IRELAND

ENGLISH RENAISSANCE LITERATURE AND ELIZABETHAN IMPERIAL EXPANSION

Cambridge University Press The Elizabethan conquest of Ireland sparked off two linguistic events of enduring importance: it initiated the language shift from Irish to English, which constitutes the great drama of Irish cultural history, and it marked the beginnings of English linguistic expansion. The Elizabethan colonisers in Ireland included some of the leading poets and translators of the day. In *Language and Conquest in Early Modern Ireland*, Patricia Palmer uses their writings, as well as material from the State Papers, to explore the part that language played in shaping colonial ideology and English national identity. Palmer shows how manoeuvres of linguistic expansion rehearsed in Ireland shaped Englishmen's encounters with the languages of the New World, and frames that analysis within a comparison between English linguistic colonisation and Spanish practice in the New World. This is an ambitious, comparative study, which will interest literary and political historians.

A HISTORY OF THE MODERN WORLD

THE RELIGIOUS QUESTION IN MODERN CHINA

University of Chicago Press Recent events—from strife in Tibet and the rapid growth of Christianity in China to the spectacular expansion of Chinese Buddhist organizations around the globe—vividly demonstrate that one cannot understand the modern Chinese world without attending closely to the question of religion. *The Religious Question in Modern China* highlights parallels and contrasts between historical events, political regimes, and cultural movements to explore how religion has challenged and responded to secular Chinese modernity, from 1898 to the present. Vincent Goossaert and David A. Palmer piece together the puzzle of religion in China not by looking separately at different religions in different contexts, but by writing a unified story of how religion has shaped, and in turn been shaped by, modern Chinese society. From Chinese medicine and the martial arts to communal temple cults and revivalist redemptive societies, the authors demonstrate that from the nineteenth century onward, as the Chinese state shifted, the religious landscape consistently resurfaced in a bewildering variety of old and new forms. *The Religious Question in Modern China* integrates historical, anthropological, and sociological perspectives in a comprehensive overview of China's religious history that is certain to become an indispensable reference for specialists and students alike.

DREAM TRIPPERS

GLOBAL DAOISM AND THE PREDICAMENT OF MODERN SPIRITUALITY

University of Chicago Press Anthropologists David A. Palmer and Elijah Siegler explore the globalization of Daoism: the interactions between international spiritual tourists, traditional Chinese monks, and American scholar-practitioners at the sacred Daoist mountain of Huashan, China. Palmer and Siegler show how the spiritual and religious histories of China and the West intersect, collide, and interpenetrate, revealing the paradoxes and dilemmas of the search for spiritual authenticity in a globalized world.--Provided by publisher.

A HISTORY OF THE MODERN WORLD

THE NEW PIRATES

MODERN GLOBAL PIRACY FROM SOMALIA TO THE SOUTH CHINA SEA

Bloomsbury Publishing Piracy is a significant global threat to international sea-borne trade - the life-blood of modern industrial economies and vital for world economic survival. The pirates of today are constantly in the world's news media, preying on private and merchant shipping from small, high-speed vessels. Andrew Palmer here provides the historical background to the new piracy, its impact on the shipping and insurance industries and also considers the role of international bodies like the UN and the International Maritime Bureau, international law and the development of advanced naval and military measures. He shows how this 'new' piracy is rooted in the geopolitics and socio-economic conditions of the late-20th century where populations live on the margins and where weak or 'failed states' can encourage criminal activity and even international terrorism. Somalia is considered to be the nest of piracy, but hotspots include not only the Red Sea region, but also the whole Indian Ocean, West Africa, Latin America, Southeast Asia and the South China Seas.

A CHEESEMONGER'S HISTORY OF THE BRITISH ISLES

Profile Books THE TOP 10 SUNDAY TIMES BESTSELLER Shortlisted for the André Simon Food and Drink Book Awards for 2019 'A beautifully textured tour around the cheeseboard' Simon Garfield 'Full of flavour' Sunday Times 'A delightful and informative romp' Bee Wilson, Guardian 'His encounters with modern-day practitioners fizz with infectious delight' John Walsh, Sunday Times Every cheese tells a story. Whether it's a fresh young goat's cheese or a big, beefy eighteen-month-old Cheddar, each variety holds the history of the people who first made it, from the builders of Stonehenge to medieval monks, from the Stilton-makers of the eighteenth-century to the factory cheesemakers of the Second World War. Cheesemonger Ned Palmer takes us on a delicious journey across Britain and Ireland and through time to uncover the histories of beloved old favourites like Cheddar and Wensleydale and fresh innovations like the Irish Cashel Blue or the rambunctious Renegade Monk. Along the way we learn the craft and culture of cheesemaking from the eccentric and engaging characters who have revived and reinvented farmhouse and artisan traditions. And we get to know the major cheese styles - the blues, washed rinds, semi-softs and, unique to the British Isles, the territorials - and discover how best to enjoy them, on a cheeseboard with a glass of Riesling, or as a Welsh rarebit alongside a pint of Pale Ale. This is a cheesemonger's odyssey, a celebration of history, innovation and taste - and the book all cheese and history lovers will want to devour this Christmas.

ENGAGEMENT WITH THE PAST

THE LIVES AND WORKS OF THE WORLD WAR II GENERATION OF HISTORIANS

University Press of Kentucky Arthur M. Schlesinger, Jr., John Hope Franklin, Daniel Boorstin, C. Vann Woodward, Edmund S. Morgan, Barbara Tuckman, Eric Hobsbawm, Hugh Trevor Roper, Lawrence Stone—aside from carrying the distinction as some of the most successful and well-respected historians of the twentieth century, these scholars found their lives and careers evolving amid some of the world's pivotal historical moments. Dubbed the World War II Generation, the twenty-two English and American historians chronicled by William Palmer grew up in the aftermath of World War I, went to college in the 1930s as the threats of the Great Depression, Hitler, and Communism loomed over them, saw their careers interrupted by World War II, and faced the prospect of nuclear annihilation. They gained from their experiences the perspective and insight necessary to write definitive histories on topics ranging from slavery to revolution. *Engagement with the Past* offers biographies of these individuals in the context of their generation's intellectual achievement. Based upon extensive personal interviews and careful reading of their work, *Engagement with the Past* is a fascinating behind-the-scenes look at a generation of historians and how they helped record and shape modern history.

TOXIC CHILDHOOD

HOW THE MODERN WORLD IS DAMAGING OUR CHILDREN AND WHAT WE CAN DO ABOUT IT

Hachette UK One in six children in the developed world is diagnosed as having 'developmental or behavioural problems' - this book explains why and shows what can be done about it. Children throughout the developed world are suffering: instances of obesity, dyslexia, ADHD, bad behaviour and so on are all on the rise. And it's not simply that our willingness to diagnose has increased; there are very real and growing problems. Sue Palmer, a former head teacher and literacy expert, has researched a whole range of problem areas, from poor diet, lack of exercise and sleep deprivation to a range of modern difficulties that are having a major effect: television, computer games, mobile phones. This combination of factors, added to the increasingly busy and stressed life of parents, means that we are developing a toxic new generation. TOXIC CHILDHOOD illustrates the latest research from around the world and provides answers for worried parents as to how they can protect their families from the problems of the modern world and help ensure that their children emerge as healthy, intelligent and pleasant adults.

READING LUCRETIUS IN THE RENAISSANCE

Harvard University Press Ada Palmer explores how Renaissance poets and philologists, not scientists, rescued Lucretius and his atomism theory. This heterodoxy circulated in the premodern world, not on the conspicuous stage of heresy trials and public debates but in the classrooms, libraries, studies, and bookshops where quiet scholars met transformative ideas.

THE MAKING OF THE ENGLISH WORKING CLASS

Penguin UK A book that revolutionised our understanding of English social history. E. P. Thompson shows how the English working class emerged through the degradations of the industrial revolution to create a culture and political consciousness of enormous vitality.
